Texas Assessment of Knowledge and Skills (TAKS)
Performance, Spring 2011

Introduction

The Student Assessment Division of the Texas Education Agency has provided an overview of testing in the State of Texas. The following information is extensively quoted from their guide "Interpreting Assessment Reports, Spring 2003." For over twenty years, as required by state statute, Texas assessed minimum basic skills in reading, mathematics, and writing, first with the Texas Assessment of Basic Skills (TABS) tests (1980–1984) and then with the Texas Educational Assessment of Minimum Skills (TEAMS) examinations (1985–1989). Changes in state law required a new expanded criterion-referenced program, the Texas Assessment of Academic Skills (TAAS), be administered from the fall of 1990 to the spring of 2002, and a high school course-specific assessment system, the Texas end-of-course exams, be administered from the spring of 1994 to the spring of 2002. Recent changes in state law required a new expanded criterion-referenced program, the Texas Assessment of Knowledge and Skills (TAKS) beginning in the spring of 2003.

TAKS is a completely reconceived testing program. It includes more of the state curriculum, the Texas Essential Knowledge and Skills (TEKS), than TAAS did and asks questions in more authentic ways. The connection between the state curriculum, the TEKS, and the TAKS program has been strengthened so that students, schools, parents, and the general public receive meaningful information about what Texas students know and are able to do.

Administration of the TAKS Examination to HISD Students

The TAKS Examination schedule (**Table 1**) lists the various subtests administered districtwide during the spring of 2011.

Analysis of TAKS Examination Results

Results for grades 3–11 from the English TAKS for reading and mathematics; writing grades 4 and 7; science grades 5, 8, 10, and 11; and social studies grades 8, 10 and 11 were examined in this report. Similarly, results for grades 3–5 from the Spanish TAKS for reading and

mathematics, grade 4 for writing, and grade 5 for science are provided. All students are required to take the TAKS test except those who are exempt from it and are tested on an alternate instrument as dictated by their Individual Education Plan (IEP). Grades five and eight reading tests had three separate test administrations in 2011 due to the state's Student Success Initiative: April 5, May 18 (students not previously passing), and June 29 (students not previously passing). Grades 5 and 8 mathematics also had three administrations: April 4, May 17, and June 28. The TAKS reading and math results for grades five and eight reported in this report reflect the first administration. Districtwide results were compared to statewide performance for all students on both the English and Spanish versions of the TAKS. For comparison purposes, two years of data were reported.

In November of 2002, the Texas State Board of Education approved the passing standards for the TAKS test in grades 3–11 recommended by a panel of experts. As such, the State Board adopted a three-year transitional phase-in process. As of 2008, the passing standards for all subjects and grade levels were at the panel recommended level. For Exit-level retesters, the passing standard is set at the state passing standard when the students were in tenth grade.

The TEA Code, Section 39.03, required the development of a vertical scale to assess student performance on the Texas Assessment of Knowledge and Skills (TAKS) in reading and mathematics in grades 3–8. Starting in 2010, vertical scales will be the only scale provided for grades 3–8 in the subjects of reading and mathematics. These scale scores range from 0-1000 and allow users to chart progress from grade to grade. Vertical scale scores from different subjects and language versions can not be compared. All other grades and subjects will continue using the same horizontal scale that has been used in the past. Those results are reported as percent "met standard," which corresponds to a scale score of 2100 and the percent "commended," which is a scale score of 2400. As in 2010, the 2011 results from Special Education students who took the TAKS (Accommodated) [TAKS-A] are included in the overall results.

A section of tables and figures comparing the met standard and commended performance data for HISD and the state is included in this report. Information at the district level was also categorized by student groups for race/ethnicity, gender, economically disadvantaged status, LEP status, and special education. Results for the interaction of race/ethnicity and gender are also included. Furthermore, the campus-level section of this report provides data for all students tested in English, all students tested in Spanish, and a summary section for all students who took the TAKS regardless of language version.

Starting in the spring of 2008, the Texas Education Agency unveiled its complete testing program centered around the philosophy of ensuring that all students are tested on an appropriate measure. The test version options include: the Texas Assessment of Knowledge and Skills (TAKS), TAKS-Accommodated (TAKS-A), TAKS-Modified (TAKS-M), TAKS-Alternate (TAKS-ALT), and TAKS-LAT (Linguistically Accommodated Testing). Included in this report are the total number of students tested in Reading/ELA and Mathematics and the numbers and percents of students tested on each of the available test versions. The information presented combines students who tested in English and Spanish and is derived from the information provided on each answer document submitted by the individual campuses.

State and HISD Comparison Results

English TAKS Results for All Students

The state TAKS exam results for students who took the English version were compared to HISD districtwide results for grades 3–11. This process also included a comparison of state and HISD results in all of the TAKS content areas. The data analyzed in this section include results from both non-Special Education and Special Education students tested on the TAKS and TAKS-A exams. The information regarding the HISD and state comparisons for reading, mathematics, writing, science, social studies, and all tests taken is presented in **Tables 2–6**. The percent meeting the TAKS passing standard and the percent earning the commended status are included in the analysis. The 2010 and 2011 results for grades five and eight reading and math are from the first administration.

Reading

State and HISD reading (grades 3–9) and English Language Arts (grades 10 and 11) results on the English version of the TAKS from 2010 and 2011 were examined. The results from a comparative analysis of these data are presented in **Table 2**.

- On the 2011 TAKS reading/English Language Arts tests, the state outperformed HISD in all grades at all levels of comparison, except for the percent commended in grade 10, which equaled the state's percent commended at 15.

- A gap analysis of the percent passing the 2011 TAKS reading test results between the state and HISD revealed that the district closed the gap with the state in 2011 at grades three through eight and overall.

Mathematics

State and HISD mathematics results on the English version of the TAKS for 2010 and 2011 were examined. The results from a comparative analysis of these data are presented in **Table 3**.

- On the 2011 TAKS mathematics test, HISD equaled the state in the percent passing in grades four through six, and in the percent commended in grades five, six, and eight. HISD's grade six average scale score equaled the state's at 723, and HISD fifth graders outperformed the state on the average scale score.

- A gap analysis of the percent passing the 2011 TAKS mathematics test results between the state and HISD revealed that the district closed or eliminated the gap with the state in all grades except for eleven.

Writing

State and HISD writing results on the English version of the TAKS for 2010 and 2011 were examined. The results from a comparative analysis of these data are presented in **Table 4**.

- For the spring 2011 TAKS writing test, the state outperformed HISD on all measures for the seventh grade; however, district fourth graders equaled the state in the percent passing and outperformed the state on the average scale score on the 2011 writing TAKS.

- From 2010 to 2011, performance gaps on the TAKS writing test remained the same or decreased between HISD fourth and seventh graders and state fourth and seventh graders on all measures except for grade seven commended performance.

Science and Social Studies

State and HISD results on the English version of the TAKS for science and social studies for 2010 and 2011 were examined. The results from a comparative analysis of these data are presented in **Table 5**.

- For the spring 2011 TAKS science test, the state outperformed the HISD at all grade levels and for all measures of comparison although district students showed progress in closing the gaps in percent passing at grades eight and ten and overall.

- For the spring 2011 TAKS social studies test, the state outperformed HISD on all levels of comparison, except for the eighth grade, where district students equaled state students in the percent passing. The district also equaled the state for the percent passing for all grades combined. The district closed the performance gap with the state on the percent passing at all three grade levels from 2010 to 2011.

All Tests Taken

State and HISD results on the English version of the TAKS for all tests taken at each grade and for all grades totaled for 2010 and 2011 were examined. The results from a comparative analysis of these data are presented in **Table 6**. All tests taken cannot be calculated for grades with multiple administrations.

Note: Results for grades five and eight not available.

- For the spring 2011 TAKS on All Tests Taken, the state outperformed HISD at all grade levels in the percent passing and the percent commended, except in grade ten where HISD students equaled the commended performance of state students. The district continued to close the gap with the state at grades 3 through 10 for the percent passing and at grades 3 through 9 and 11 for the percent commended.

Spanish TAKS Results for All Students

The TAKS exam results for students who took the Spanish version statewide were compared to HISD districtwide results for grades three through five. The data analyzed in this section include results for all students for the percent passing, the percent commended, and the average scale score. The information regarding the HISD and state comparisons for reading, mathematics, writing, and science is presented in the next few sections. The number of students tested in Spanish in grade 5 decreased from 27 in 2010 to 12 in 2011. Results should be compared with caution.

Reading and Mathematics

State and HISD reading and mathematics results on the Spanish version of the TAKS for 2010 and 2011 were examined. The results from a comparative analysis of these data are presented in **Table 7**.

- In 2011 on the Spanish TAKS reading test, HISD students in grades three and four outperformed their state counterparts as measured at the state passing standard and at the percent commended. HISD third graders reported 91 percent meeting the TAKS state passing standard in reading compared to 86 percent for the state, and HISD fourth graders reported 90 percent passing compared to 83 percent for the state.

- In grades three and four, HISD students outperformed their state counterparts on the Spanish TAKS mathematics test for the percent passing, the percent commended, and the average scale score.

- For all grades combined on both the Spanish reading and mathematics tests, HISD outperformed the state in 2010 and 2011 in the percent passing and the percent commended.

Writing and Science

State and HISD writing results on the Spanish version of the TAKS for 2010 and 2011 were examined for the fourth grade writing and fifth grade science tests. The results from a comparative analysis of these data are presented in **Table 8**.

Table 8: State and HISD Spanish TAKS Results in Writing (Grade 4) and Science (Grade 5) for All Students: Spring 2010 and 2011

- In 2011 on the Spanish TAKS writing test, HISD students outperformed their state counterparts with fourth graders reporting 95 percent meeting the state passing standard compared to 93 percent for the state and 40 percent of HISD fourth graders reaching commended status, compared to 28 percent for the state.

- In 2011, the state outperformed HISD on all measures on the fifth grade Spanish science TAKS. Although it should be noted that only 12 HISD students were tested.

All Tests Taken

State and HISD results for All Tests Taken on the Spanish version of the TAKS for 2010 and 2011 were examined. The results from a comparative analysis of these data are presented in **Table 9**. All tests taken cannot be calculated for grades with multiple administrations of any subject.

- In 2011 on the Spanish TAKS test, HISD students outperformed their state counterparts on the percent passing and the percent commended on All Tests Taken for both grades for which All Tests Taken is reported and for both grades combined.

Five-Year Performance

Figure 1 shows the percent passing at the state standard for 2007 through 2011, for English and Spanish test versions combined. Results from 2010 and 2011 include TAKS and TAKS-A, while previous years include TAKS results only.

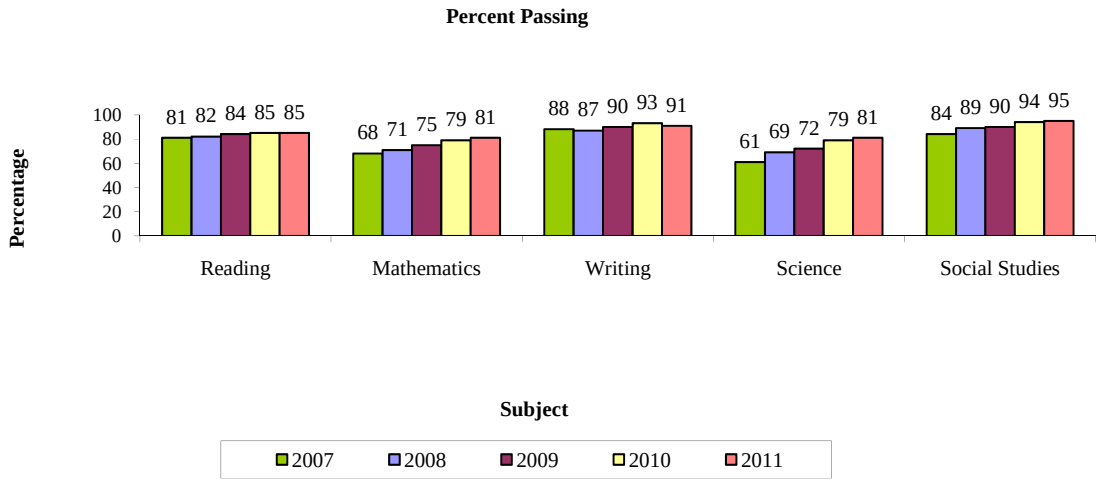

Figure 2 shows the percent commended for 2007 through 2011, for English and Spanish test version combined. Results from 2010 and 2011 include TAKS and TAKS-A, while previous years include TAKS results only.

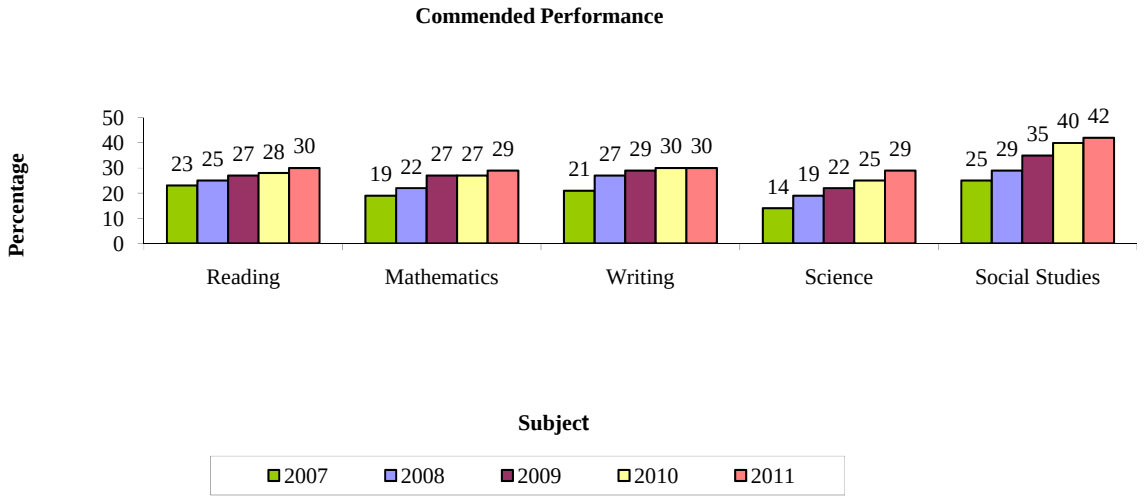

Test Version Taken at the District-Level

The state has developed and administers different versions of the TAKS test based upon students' instructional setting, including the TAKS (Accommodated), TAKS-Alternate (TAKS-Alt), TAKS-Modified (TAKS-M), and the TAKS-LAT. The TAKS (Accommodated) form includes some format accommodations such as larger font and fewer test items per page. The TAKS-Alt is an assessment based on alternate academic achievement standards and is designed for students with significant cognitive disabilities who meet the participation requirements. The TAKS-M is an alternate assessment based on modified academic achievement standards for students receiving special education services who meet eligibility criteria. The TAKS-LAT (Linguistically Accommodated Testing) is a special administration of TAKS for LEP-exempt recent immigrants. LAT administrations are provided in designated grades and subjects.

A count and a descriptive analysis of the number of HISD students tested on the different versions of the TAKS, including TAKS, TAKS-Accommodated, TAKS Modified, TAKS-LAT, and TAKS-Alternate, were summarized for the 2011 TAKS examination for grades 3–11. The districtwide results for reading/English language arts for 2011 are presented in **Table 10** and the 2010 results are presented in **Table 11**.

- The number of HISD students tested on state reading/English language arts TAKS assessments in 2011 was 118,478; 107,230 of whom were tested on TAKS. The percent of students tested on the TAKS ranged from a low of 88.9 in grade 7 to a high of 92.3 in grade 3. In 2011, 3,547 students took the TAKS-Accommodated, 5,558 took the TAKS-Modified, 802 took the TAKS-LAT, and 1,341 took the TAKS-Alternate.

- In 2011, the district reduced the total number of students tested on the reading/ELA TAKS-M from 5,908 in 2010 to 5,558 in 2011.

Table 12 presents a count and a descriptive analysis of the number of HISD students tested on the different versions of the TAKS, including TAKS, TAKS-Accommodated, TAKS Modified, TAKS-LAT, and TAKS-Alternate, for the 2011 TAKS mathematics examination for grades 3–11. **Table 13** presents the test version taken results for 2010.

- In 2011, the number of HISD students tested on state TAKS mathematics assessments was 118,610; 107,080 of whom were tested on TAKS. The percent of students tested on the TAKS ranged from a low of 88.4 in grade 7 to a high of 91.9 in grade 3. In 2011, 3,611

students took the TAKS-Accommodated, 5,405 took the TAKS-Modified, 1,173 took the TAKS-LAT, and 1,341 took the TAKS-Alternate.

- In 2011, the district reduced the total number of students tested on the mathematics TAKS-M from 5,765 in 2010 to 5,405 in 2011.

HISD Subgroup TAKS Results

All Students in Grades 3–11

In **Appendices A and B**, the results from the spring 2010 and 2011 administrations of the English and Spanish TAKS examination are reported for all HISD students by grade (3–11) and by student group for all tested subjects. In addition, the interactions between student groups and gender are presented. Results from Special Education students who took the TAKS-Accommodated are included in the TAKS results. English results are presented in Appendix A and Spanish results are presented in Appendix B.
