REGIONAL OFFICES/ALTERNATIVE AND CHARTER SCHOOLS OFFICE

Most HISD schools are assigned to one of five Regions (Central, East, North South, and West) with offices located in communities to give students and parents personalized service and immediate assistance. The five geographic regions encompass “feeder patterns,” or team of schools, in which the majority of students in a given community move from elementary school, to middle school, and to the high school located in their neighborhood. Alternative and external charter schools throughout HISD are assigned to the Alternative and Charter Schools office. Each regional office is managed by a regional superintendent who coordinates a team of executive principals to ensure the quality of instruction throughout the region’s feeder patterns. Regional managers serve to strengthen the district’s outreach to parents by handling parental concerns and working to improve parent, volunteer, and business-partner programs.
