Principal's Message

Dr. Darryl Henson

North Forest Parents,

I hope you had a great spring break and are getting back into the school groove this month. The first round of testing for the STAAR End of Course Exams is scheduled for the week of April 9. Students will take the English I and English II assessments. Please make sure students get plenty of rest in preparation for the exam, I know they are ready and will do great things!

Additionally, please make sure that your student has not surrendered to spring fever or senioritis and is still bringing their school supplies to school daily – we still have a lot to do in the next few weeks!

As the weather gets warmer, the boundaries of dress code get stretched. Please be sure that your student's attire matches school expectations. Let's continue pushing forward and have a great end to the school year.

Sincerely,
Darryl Henson

Reading...

By Jasmin Jalloh & Kriscia Rivera

Reading plays a significant role in our everyday life.

It is essential to us in everything we do.

Without reading life would not be the same,

Put it this way:

As we read we expand our imaginations;
we travel to different planets, places,
and centuries.

Without reading our minds would be dull,
and our lives would be vague.

Reading allows us to escape our reality,
giving us time and patience to deal with
the obstacles life throws our way.

Reading gives us the opportunity to
educate ourselves and those around us;
empowering and sharing wisdom
throughout the world.
