

CROCKETT ELEMENTARY SCHOOL PRESENTS

APOLLO

2017-2018

AFTER SCHOOL PROGRAM

**MUST REGISTER BY
AUGUST 15TH**

The Apollo After School Program at **Crockett School** provides an affordable, safe and reliable option to parents who are unable to pick up their children right after school.

REGISTER ONLINE

www.ApolloAfterSchool.com

Our experienced educators have a formidable track record of managing after-school programs.

We offer a variety of fun and educational activities that integrate the physical, emotional, intellectual and social needs of your child. Our programs are designed to enhance self-esteem and promote creative expression.

OUR APPROACH

Enrolled children participate in enrichment classes, structured play time and supervised homework sessions. They also get to enjoy an outdoor playground, a variety of engaging indoor activities and extended learning experiences. We encourage them to verbally engage their peers with respect. This practice builds their confidence and develops their ability to communicate with others.

IMPORTANT INFORMATION

PROGRAM DATES: August 28 - June 1

HOURS*: **Monday - Friday**
3:00pm - 6:00pm

ELECTIVE CLUBS BEGIN: September 5th

****Priority is given to families that enroll in Apollo full time**

FALL APOLLO DAILY CLUBS

(included in the tuition rate)

MONDAYS Starts September 11th

ARTS & CRAFTS

Grades: PK-2

In Arts & Crafts Club, young Apollo students will learn many techniques to turn their ideas into reality under the guidance of our Apollo staff. Club members will use their creativity and imagination to make many objects for gifts and decoration.

CHESS CLUB

Grades: 3-5

Chess Club will provide fun, informative and challenging chess lessons to students. Chess teaches children many important life concepts, such as learning the ability to win graciously and accept defeat with dignity and sportsmanship. Students will be divided into groups according to their chess experience.

TUESDAYS Starts September 5th

YOUNG EXPLORERS

Grades: PK-2

Students will learn about mysterious rainforests, towering mountains, sweltering volcanoes, exotic cultures, and many other wonders this amazing planet has to offer along with fun travel tips and the great explorers whose daring gave us the maps and charts we take for granted today.

APOLLO CHEFS

Grades: 3-5

Preparing and cooking food is one of the most important and rewarding life skills a child can learn! Students will also gain experience with kitchen and equipment safety, safe food handling, and food presentation, while making a nice snack for themselves after school.

WEDNESDAYS Starts September 6th

MATH CLUB

Grades: PK-2

Math is fun – we're not just saying that, let us show you! Our math enrichment club uses a variety of games and hands-on activities to help improve our students understanding of this critically important subject. Our curriculum emphasizes how math relates to creativity and everyday life, whether it is the geometry of creating their personal starship or in saving money for a trip to the theme park.

APOLLO BRICKS

Grades: 3-5

Everybody likes to build! Creating new objects has always been at the core of human existence, and is one of the most rewarding and fulfilling activities for the old as well as the young. In our club, your child will learn many basic building techniques and will be encouraged to put their imaginations and hands to work in making their ideas turn into reality.

THURSDAYS Starts September 7th

STORYTELLING CLUB

Grades: PK-2

While it may seem like everywhere your child turns there is a touch-screen calling to them, there is still nothing that opens up the world of imagination and possibility like a good book. By reading both quietly and out loud, Book Club students will greatly improve their ability to determine meaning from the written word along with public speaking skills and listening skills. Watch your child discover more about their world through a book – great readers often become great thinkers!

ENTREPRENEURSHIP

Grades: 3-5

Whether it is a cold class of lemonade, a shoveled driveway, or an iPhone, creating value for others is vital to any entrepreneur. In Apollo Enterprises, our students will learn how to think constructively about their own cool ideas for creating value, practice some of the steps for making them a reality, and learn about what it takes to keep their young businesses running.

FRIDAYS Starts September 8th

BOARD GAMES CLUB

Grades: PK-2

Whether in games of chance or games of skill, board games are an incredible source of fun, social interaction, and mental activity. Students in this club will play many of their favorite board games, and even learn some new ones to teach their parents.

SCIENCE CLUB

Grades: 3-5

Parachutes, spaceships, lasers, hadron colliders – we all know that science is a subject that's just for the cool kids (like you, of course!). The good news is that science is easy and incredibly fun to start practicing! Students in Apollo Science will learn how to ask the questions that are the beginning of all scientific discoveries, how to make hypotheses, and of course the fun part – testing them to see how they work. Through a hands-on and exciting curriculum, this club will help your child become more curious and have a deeper understanding about how the world works.

- Prompt payment is the responsibility of the parent. Notices will be emailed and distributed by staff.
- Program fees shall not be refunded or prorated if a child is absent from Apollo ASP, regardless of cause.
- We accept Visa, Mastercard, check and money order. Partial or incomplete payments will not be accepted. Returned checks will be charged at the rate of \$35.00 per check.
- Please keep in mind that the program ends at 6:00 pm. Even though there is a charge for arriving after 6:00 pm, it is fully expected that all students are picked up by 6:00 pm. Repeat offenders of this policy will be subject to dismissal from the Apollo After School Program.
- Apollo reserves the right to cancel activities if registration falls below our required minimum.
- **Fees are not prorated. No Refunds.**
