Freshman Robotics

Grade 1-5 **Day** Fri **Time** 4:35-5:35 **Min/Max** 7/15

Course Description

You have gotten a little crazy and possibly even finished our apprenticeship. Are you ready to stair-step your way to the top? If so, this is the first class for you to consider. Now you can collaborate with your teammates to prepare an infrared Wireless robot for a variety of activity-based challenges. Students will explore the use of motors, gears, pulleys and IR technology while building Lego Robot inventions. Each build will be followed by a thrilling challenge that illustrates the need for "simplicity" and the pitfalls of "complexity".

Teacher Description

American Robotics Academy's mission is to excite, inspire, and motivate young people about the fun, importance and impact of robotics technology in today's world. Our classes teach students to understand "how things work" through hands-on activities that demonstrate the principles of simple and motorized machines. They gain experience with design and problem solving through the use of gears, motors, wheels and axles, pulleys, and remote control devices. Working in teams, students learn a variety of ways to design a robot to do the things they want it to do. They decide and build, as a team, the best design of their robot for the competition to be held at the end of each class session.

Course Description

This class will incorporate acting, dancing and singing, culminating with a final performance at the end of the semester.

Teacher Description

HITS has been a theatre in the Heights for over 25 years. HITS has been helping students achieve life skills through stage skills, addressing the need for a quality performing arts education while providing a nurturing and affirming environment for young people to learn and grow as performers and individuals. HITS Theatre is a nonprofit organization with two major goals for children in the arts: education and performance. However, a HITS education involves much more than learning to sing, dance and act. It helps transform students into disciplined team players, creative thinkers, and confident communicators. While many of our alumni have gone on to careers in the performing arts, many more have used the life skills and confidence they developed at HITS to become successful in other careers, including medicine, law and business.

Grade K-5 Day Thur Time 4:40-5:10 Min/Max 1/1

Course Description

Students will learn how to play guitar to the best of their ability. They will have a customized lesson plan and play pieces personally selected for or by them in some of the following genres: rock and roll; children's songs; jazz, rags and blues; holiday and other popular music. More importantly, students will be engaged in learning a love and appreciation for music that could last a lifetime. The teaching of chord progressions and other elements of music theory will be included in the lesson. Practice and an instrument at home is required. There will be a recital at the completion of each semester. Students must bring their own guitar to class.

Teacher Description

Linda Singer's piano studio is lead by Linda Singer, classically-trained pianist who has studied piano for twenty-five years. She performed for former President George H.W. Bush and former Secretary of State James Baker III, as a pianist at the Houston Club. This summer she will be a pianist at the Interharmony International Music Festival in Tuscany, Italy. She also sang in Carnegie Hall in New York City as a member of the Christ United Methodist Church of Sugar Land Festival Choir. She has also performed internationally with them at the Sing Mit Festival in St. Stephen's Cathedral in Vienna, Austria and in Budapest and Prague. She currently studies piano with Juilliard graduate Dr. Ilgin Aka and has previously studied with professors at the Shepherd School of Music and the Moores School of Music in Houston, Texas. All studio instructors are accomplished musicians and have extensive training and experience in teaching.

Private Voice @ 3:30

Grade K-5 Day Mon Time 3:30-4:00 Min/Max 1/1

Course Description

Private voice lessons are centered around allowing your child to freely express their creativity, while learning the structure of song. telling the story of each song is the most important aspect of the lesson, as the technical vocal aspects of warm ups, ear training, tone, and vocal health & awareness are interwoven into each lesson. Through these technical and creative aspects of voice, your child connects with their favorite style of music while expanding their musical repertoire, learning how to practice on their own and freely express themselves.

Teacher Description

Julia was born in Manhattan and studied at St. John's School until midway through her sophomore year, graduating from Houston's High School for the Performing and Visual Arts in the Vocal Department. In 2013, she graduated from the University of Houston College of Liberal Arts and Social Sciences with a Bachelor of Arts in Liberal Studies, with a triple minor in English Literature, Human Food Studies and Nutrition, and Interdisciplinary Art, emphasis in Theatre and Dance. Growing up in a musical family, with both parents as musicians and Juilliard graduates, and older sister, an actress, singer, dancer, Julia has been performing since her younger years. She is pursuing a career in the arts and is involved in big band performances, jazz gigs, stage plays, and musicals. She is also a Yoga teacher with plans to counsel in the fields of nutrition and holistic health & medicine. Teaching in her areas of expertise is one of her passions and aligns with the creative work she pursues in her daily life.

Course Description

This Arcade course is a program using Gamemaker software a different program than in 2014-15! The game that is created has action for each level all on one screen similar to Centipede, Asteroids, or Pac Man. The main character (which the children create) can be anything. Other characters (enemies) pursue the main character from off the screen or move about the screen. The character dodges the attacks of the enemies while scoring points for picking up objects and destroying the enemy objects. Options are endless and children create level after level for a full week of fun.

This class will incorporate acting, dancing and singing, culminating with a final performance at the end of the semester.

Teacher Description

HITS has been a theatre in the Heights for over 25 years. HITS has been helping students achieve life skills through stage skills, addressing the need for a quality performing arts education while providing a nurturing and affirming environment for young people to learn and grow as performers and individuals. HITS Theatre is a nonprofit organization with two major goals for children in the arts: education and performance. However, a HITS education involves much more than learning to sing, dance and act. It helps transform students into disciplined team players, creative thinkers, and confident communicators. While many of our alumni have gone on to careers in the performing arts, many more have used the life skills and confidence they developed at HITS to become successful in other careers, including medicine, law and business.
