## **Course Selection FAQ**

### **When will I fill out the Course Selection sheet?**

BHS counselors will come to several middle schools to work with zoned students. We have special registration nights for students in private schools and for incoming magnet students.

### **What is the difference between the course levels?**

Academic – This level fulfills the requirements set out by the State of Texas.

College Prep – This level is more rigorous than Academic, but it is still a 4 pt. class

Dual Credit- This level is offered in 2-3 content areas in 11<sup>th</sup> and 12<sup>th</sup> grade. Students could simultaneously receive college credit while earning their high school credit.

Pre AP, AP, IB- These levels are the most rigorous and are 5 pt. classes.

**IB** – International Baccalaureate is a rigorous two year program in 11<sup>th</sup> and 12<sup>th</sup> grade. Students must take classes and exams in 6 prescribed subjects. There is some choice within each subject.

**AP** – Advanced Placement is a program designed and regulated by the College Board. Students take college level classes and corresponding exams. Universities often award credit for high scores on AP exams.

### **How do I know which level of class I should take?**

Students should consider their work ethic, ability, and previous experience. Students who score above 85% on the Stanford or have been successful in Vanguard/GT classes in middle school should consider the Pre-AP level.

### **If College Prep and Academic are both 4 point classes, why would I take College Prep?**

College Prep provides additional rigor and is often the right fit for a student who wants to move up to a PreAP, AP or IB class.

### **Why do I need to choose 2 electives?**

Because of graduation requirements, freshmen are required to have 7 class periods. Elective credits are part of those requirements.

### **How do I try out for athletics?**

Each sport has different requirements. Please directly contact the coach of the sport you are interested in. A list of coaches is on the Bellaire High School website.

### **What if I want a class that is not on the Course Selection Sheet?**

There are many classes offered at Bellaire that are not included on the 9<sup>th</sup> grade course selection sheet, most of which freshman have not yet met the pre-requisites for. Please schedule an appointment with your counselor if you have further questions.

### **Is there block scheduling at Bellaire?**

No, Bellaire is on a traditional schedule with seven class periods a day.

### **How did House Bill 5 change graduation requirements?**

Students will enter 9<sup>th</sup> grade under the new 26-credit Foundation High School Program with an endorsement – and take Algebra II at the appropriate time – which will allow them to earn a Distinguished Level of Achievement and become eligible for automatic admission into state universities if they graduate in the top 10% of their class.
