Art After School: Multimedia

Grade Level **1-5** Day **Thur** Time **3:30-4:30** Min/Max **5/15**

Course Description

Investigate the visual arts through hands-on art making, while learning about various artists, art movements, and art techniques. Time-tested lessons are structures to achieve a creative goal in a fun educational environment. The course content and inspirational images change each semester, allowing students to explore art on a continual basis without repetition. Students will work with a range of materials and techniques including drawing, painting, printmaking, and sculpture.

Teacher Description

City ArtWorks engages trained art instructors to teach their curriculum-based Art After School program. City ArtWorks is a nonprofit arts education organization based in Houston since 1982. Their programs serve approximately 50 elementary and middle schools in five school districts in the greater Houston area.

Artfully Taught by Hanh Gallery 2-5

Grade Level **2-5** Day **Thur** Time **3:30-4:30** Min/Max **7/10**

Course Description

Hanh Gallery has developed an art program that allows students to create art outside of the traditional confines or rules of art. Lessons allow students to freely explore their imagination and use colors beyond the canvas. Each lesson will allow a student to imagine and create a piece of art on a 11x14 canvas which they will take home.

As part of their creative process students will be taught how to paint with oil on canvas, water color and acrylics. They will learn how to use and handle each of these different mediums. They will learn how to blend colors, shadow, and paint a thick texture technique.

Teacher Description

Hanh Gallery is owned and operated by Hanh Tran, an artist from Houston.

Houstonian Hanh Tran's work with oil on canvas is based on self-study of the human form, nature, culture and emotion. Heavy, sweeping, broad strokes of thick oil paint create a three-dimensional effect that is the trademark of Hanh's collections and commissioned works. It is through her connection with nature and people that Hanh finds comfort through artistic expression. "Art provides respite and renewal for most people," says Hanh. "Painting, creating and sharing provide quiet comfort and establish a meaningful sense of community." Hanh and her team are passionate about sharing the gift of art with children in schools through art programs. She looks forward to expanding her art program to schools throughout the community.

ArtSmart-Early Childhood Art

Grade Level **PK-K** Day **Wed** Time **3:30-4:30** Min/Max **5/15**

Course Description

ArtSmart is an early learning program that introduces young children to art by letting their natural creative abilities unfold in a fun environment. While students explore color, texture, shapes, and different types of art materials, they learn to freely express their feeling and ideas through art projects.

ArtSmart is designed to help children develop fine motor skills, perceptual thinking, and creative problem solving while building an appreciation of art. Students will work with a range of art materials and techniques tailored to their specific developmental level.

Teacher Description

City ArtWorks engages trained art instructors to teach their ArtSmart program. The lesson plans are age-appropriate, theme-based, and change periodically from semester to semester. City ArtWorks is a nonprofit arts education organization based in Houston since 1982. Their programs serve approximately 50 elementary and middle schools in five school districts in the greater Houston area.

Creative Writing & Story Book Illustration

Grade Level **K-5** Day **Fri** Time **3:30-4:30** Min/Max **8/20**

Course Description

This class was generated because our students' parents recognized that while our students were able to draw things they saw around them or saw an image of, they were unable to illustrate their own stories or different elements of their imagination. Teachers work to introduce students to a variety of styles of writing. Students create their own stories and learn to illustrate to support them. This is a very interactive class where students are free to express themselves.

Teacher Description

The Monart school of art has been serving Houston for over 8 years. We pride ourselves in teaching free hand drawing with a progressive and unique step-by-step drawing curriculum. Monart teachers have been trained in the "Monart" methodology, which was founded by Ms. Mona Brooks, the author of teaching children how to draw; our core strength is that children learn how to break down any image into simple elements and draw them independently. Along with excellent art skills, they have a passion to teach. They are patient and work well with all students to help them overcome their difficulties.

Course Description

Join the adventure as we give young students with big ideas the tools to unleash their imagination and build moving machines, crazy contraptions and rookie robots. Wild possibilities will be explored, and creative builds will be designed using gears, pulleys, wheels and sometime motors. Don't miss out on the fun and activities of this new Lego adventure.

Teacher Description

American Robotics Academy's mission is to excite, inspire, and motivate young people about the fun, importance and impact of robotics technology in today's world. We hope to stimulate their imagination and creativity by encouraging them to explore, experience, and express themselves through our hands-on interactive robotics program. Our classes teach students to understand "how things work" through hands-on activities that demonstrate the principles of simple and motorized machines. They gain experience with design and problem solving through the use of gears, motors, wheels and axles, pulleys and remote control devices. Working in age appropriate teams of three, students learn a variety of ways to design a robot to do the things they want it to do. They decide and build, as a team, the best design of their robot for the competition to be held at the end of each class session.

Robotics Engine-uity

Grade Level 1-5 Day Tues Time 3:30-4:30 Min/Max 7/15

Course Description

Here's your chance to be creative and a little wacky too. Make some very crazy and bizarre contraptions that will truly amaze you. Your imagination can go wild with ideas on how to create even more complicated mechanical wonders. With motors, gears, pulleys, wheels of various sizes, and tons of other cool LEGO pieces at your disposal, this class will show you what craziness is all about!

Teacher Description

American Robotics Academy's mission is to excite, inspire, and motivate young people about the fun, importance and impact of robotics technology in today's world. We hope to stimulate their imagination and creativity by encouraging them to explore, experience, and express themselves through our hands-on interactive robotics program. Our classes teach students to understand "how things work" through hands-on activities that demonstrate the principles of simple and motorized machines. They gain experience with design and problem solving through the use of gears, motors, wheels and axles, pulleys and remote control devices. Working in age appropriate teams of three, students learn a variety of ways to design a robot to do the things they want it to do. They decide and build, as a team, the best design of their robot for the competition to be held at the end of each class session.

Wizard Training!

Grade Level **1-5** Day **Tues** Time **3:30-4:30** Min/Max **9/15**

Course Description

The Superhero Children Project's Enrichment Class, Wizard Training, is a two-semester philosophy, science, meditation and art based class that teaches students to connect to their hearts for: developing a healthy self-esteem; learning tools to respond to bullying in a healthy and positive way; taking responsibility for their own behavior and how they create their world; discovering the beauty in the things that make them unique to learn to celebrate them rather than hide them; using breathing techniques to become more centered in the moment to make healthy heart-centered choices.

Teacher Description

Alexis Anne Moore has been teaching children and creating unique curricula for over 8 years. With 3 years of training and 10 years of practice in guided meditation and breathing techniques coupled with her child development and education studies that earned her Bachelors of Science degree from the school of Humanities and Social Sciences at UofH, Alexis is very happy to share her life's work to bring peaceful self-awareness and an excitement for life to the children of HISD.

Yoga for Kids

Grade Level **K-5** Day **Thur** Time **3:30-4:30** Min/Max **8/15**

Course Description

Yoga for children is full of very fun lessons integrating a mix of yoga poses (Asanas), games and improvisation where the goals are:

- to have a positive effect on the academic achievement, general health, personal attributes, and relationships of students.
- that each class is accompanied by other elements such as music and games.
- to learn techniques for self-health, relaxation, and inner fulfillment. Yoga at an early age encourages self-esteem and body awareness.
- to enhance flexibility, strength and coordination. In addition, their concentration and sense of calmness and breath awareness improves.
- to use improvisation, animal adaptations, story telling and visualizations for a more fun and dynamic lesson.
- to think of our self as a facilitator rather than a teacher.
- to have fun, feel good and remember to enjoy the moment.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.
