

FREE Wind Energy Workshop for Teachers: Houston, TX

Engage young minds for a responsible energy future! Dig deeper into wind energy technology and introduce your students to the science behind the fastest growing energy resource in the world. Plus, it's a great way to find other teachers in your area who are doing the same!

When: Saturday, December 7th 2013, 9 AM - 3 PM

Where: T-STEM E4 Academy at Attucks
4330 Bellfort Street Houston, TX 77051

The KidWind Teacher Training Workshops...

- Are open to all K-12 educators in the region
- Require no previous knowledge of wind energy
- Are a fun and interactive learning opportunity
- Provide you with over \$100 of materials, such as science kits and standards-based curriculum
- Professional Development units are available

Space is limited to
the first 20 teachers
who sign up.

Register today!
