2013 - 2014 Lunch Menu Carbohydrate & Allergen Chart

- An "X" indicates that the food product contains that particular allergen in the ingredient statement from the manufacturer.
- An "\" indicates that the allergen is not present in the ingredient statement from the manufacturer, but the allergen is present in the facility or on the production line where this food product is produced.
- Many of the products served contain "soy" as indicated on the chart. In many cases, the soy present is in the form of soybean oil or soy flour.
- This should only be used as a guide. Product substitution may occur or the manufacturer may change a product without notice.
