

CFS Maintenance exemplifies service excellence

Hollingsworth Science Education Center Director and Laboratory Team Leader Denise Johnson shares this note of thanks

"On behalf of the Hollingsworth Science Center staff and the Secondary Science Curriculum Department, we want to thank **CFS Area 3 Facility Maintenance Team Leader David Broussard** for

assisting us in acquiring outdoor security lighting for our facility. The assignment was completed before the Easter Holiday, and we are very pleased with the quality and appearance of the work. The installation of the security lighting has actually provided a face-lift to the exterior of the campus. All debris associated

with the job was cleared away. We greatly appreciate the fact that Mr. Broussard and CFS Area 3 Manager Clifton Rapier took a hands-on approach by being present to ensure the proper installation of the lighting. The Area 3 efforts, which ensured that "safety is number one," was exemplified here. Thank you, thank you, and thank you!"

CFS Area 1 HVAC Technician recognizes Area 3 Plumber

HVAC Tech Jerry Swank says **CFS Area 3 Plumber Larry Mazyn** embodies a Team Spirit: "Mr. Mazyn is a leader. He works under Maintenance Team Leader Jerry Agnew. On many occasions, Mr. Mazyn has voluntarily jumped in and assisted when there was an opportunity to help. Most recently, while working at Anderson

Anderson Elementary School

Elementary School, Mr. Mazyn noticed that I was in need of assistance. Just as on previous occasions, he jumped right in to help without being asked. Mr. Agnew should be very proud to have an employee such as Mr. Mazyn, who is willing to do more than what is required. My hat is off to Mr. Mazyn."

Get into shape before summer starts with free Zumba Classes at the CFS Operations Building

Stephanie Willis at CFS Operations, is inviting all HISD employees to join in a group exercise class—Zumba. This is a free class.

For those of you who are not familiar with this exercise, Zumba is a dance fitness program created by Colombian dancer and choreographer Alberto "Beto" Perez back in the 1990s. Zumba involves dance and aerobic movements to make exercising fun. The dance moves include elements of hip-hop, samba, salsa, merengue, mambo, belly dance, and martial arts moves. Bring your own towel and water to these classes.

Classes have already begun and will continue through May 16, 2013. Join in each Tuesday and Thursday, from 5:30 p.m. until 6:30 p.m. at the CFS-Operations building Cafeteria Area, 1417 Houston Ave, 77007. This is a free class. We hope to see you there!
