Debate Team Preparing for 2018-2019

Westside Speech and Debate had an outstanding year this school year and they are gearing up to hit the ground running for 2018-2019. Students with an interest in politics, economics, or philosophy, or who wish to developing academic skills, such as research and presentation, are encouraged to join the team. Enrollment in the Debate class is strongly encouraged, and attending scheduled practices is mandatory.

The team competes in a wide variety of events throughout the year, including the University Interscholastic League (UIL), the Texas Forensic Association, the Houston Urban Debate League (HUDL), and many others. Debaters at Westside have had opportunities to compete at the local, state, and national levels. In addition to Houston area tournaments, Westside debaters traveled to Austin, Dallas, Washington D.C., and Fort Lauderdale, Florida during the 2017-2018 season. Last month, we had two teams compete at the UIL CX State Tournament; Andrew Moore & Kenneth Pinzon-Rojas, and Sherrod Session & Aymen Labidi.

There are a wide variety of speech and debate events to choose from and stu-

dents from all levels of experience are welcome to get involved. Speech events focus on the presentation of information in an informative or persuasive fashion. These are always done individually. Students are judged based on the content and presentation of their speech. Debate events follow various formats, but each debater has one speech during which they may state their position on a predetermined resolution without being interrupted by their opponent(s), one opportunity to question their opponent(s), and at least one speech to rebut their opponent's arguments while defending their own.

Plans are underway for the **Westside Debate Pre-Season Prep Camp 2018**, which will be offered August 22 through August 25th from 8:00 AM-4:00 PM daily. Interested students should sign up through this google form:

If you have questions about the Speech and Debate Team or summer prep camp, send an email to our Debate teacher:

On Saturday, March 24th, Westside student, Madeleine Ferrand, presented at TEDx Youth in the Woodlands. Her topic, "Gene Regulation: A Cure for Cancer," explored the ways genetic researchers are looking at inactivating the genes responsible for cancer proliferation. The research may lead to developing cancer treatments that do not require chemotherapy, radiation and surgery. She discussed theories for a cure for cancer through the use of gene regulating therapy. Maddie aspires to a future career conducting genomic cancer research.

Maddie, along with other high school students from around the state of Texas, presented "Ideas Worth Sharing".

“Alumni & Friends” Raise Scholarship Funds

Every year, *Alumni & Friends of Westside*, a group comprised mostly of former Westside parents, raises funds to support some time-honored Wolf traditions. The primary mission of the group is to give former Westside families a means to stay connected after graduation. They host a fundraiser social every year and raise money for two scholarships, which are awarded to graduating seniors. The group also funds and hosts the annual Alumni Breakfast, a rite of passage for many newly-minted Westside alums.

To support the efforts of the Alumni & Friends of Westside, please consider shopping a special Online Spring Market Fundraiser. Now through April 6, the following vendors will donate a portion of proceeds back to the group:
