

**Nancy Love**, registrar, was born in Galveston and graduated from O'Connell High School. She went to Sam Houston State University for her undergraduate degree in English and a minor in business. She later returned to Sam Houston for a master's degree in education to become a school counselor. Ms. Love served as a counselor for 14 years because she loves helping young people, and is now looking forward to doing more of the same as the registrar and testing coordinator for HSPVA.

Ms. Love has three children, Darcy, Sydney, and Clint, who are all in their twenties now. Darcy lives in Round Rock with her two children. Sydney just graduated from Sam Houston with a degree in criminal justice, and Clint has enlisted with the United States Marine Corps and is currently stationed in San Diego. Ms. Love also has two grandchildren: Rosabel, born in 2010, and Mark, born in 2012. She also has a cat named Snowball.

In her spare time Ms. Love enjoys puzzles, especially sudoku and crossword puzzles, and reading almost anything. Although she does not enjoy exercise or yard work, she walks almost every day and does yard work in order to have flowers.
