WHY CAN'T ALL STUDENTS ATTEND HISD PREKINDERGARTEN? MY CHILD DOES NOT MEET THE CRITERIA AND I CAN'T AFFORD PRIVATE PREKINDERGARTEN.

The Texas Legislature determines eligibility requirements for free, public Prekindergarten in Texas. When the Texas legislature established the Prekindergarten program the intent was, and still is, to provide early learning experiences to students who are most at-risk for school failure. The eligibility is therefore limited. The legislature believes that a high quality Prekindergarten program could mitigate the impact of the at-risk characteristics, thereby assisting these students to become school ready when they enter kindergarten.

WHAT PREKINDERGARTEN PROGRAMS ARE AVAILABLE IN HISD?

Upon registration, Parents/Guardians will fill out a Home Language Survey to determine which type of program their student will be placed. Prekindergarten students can be enrolled into the following programs:

- **English Program:** The English program is provided to students whose primary language is English. All instruction in academic subjects and non-academic subjects is delivered in English.
- **English as a Second Language Program:** The ESL program is offered to students with a home language other than English or Spanish. Instruction is provided in English. Teachers in an ESL classroom have specific state certification and training to work with students learning English.
- **Transitional Bilingual Program:** This program provides instruction in Spanish to students whose primary language is Spanish based on a Spanish language assessment. Students will be instructed in English oral and academic language development and non-academic subjects such as art, music, and physical education.
- **Dual Language Program:** The dual language

program provides instruction in English and Spanish. A combination of native Spanish speakers and native English speakers are taught together in an effort to develop full bilingualism and biliteracy for both groups of students.

- **Montessori Program:** The Montessori program emphasizes highly personalized learning for each child to develop his/her own interests and full potential. Every classroom is equipped with special materials designed to work with the whole child to develop social skills, emotional growth, physical coordination, and cognition. Applications for the Montessori program must be submitted through the HISD Magnet office.

WHAT IS TUITION-BASED PREKINDERGARTEN?

The state of Texas allows school districts to offer on a tuition basis or use other funds to provide full-day Prekindergarten classes to children not eligible for classes under Section 29.153. Districts must ensure that serving students who are not eligible for the program does not interfere with serving students who are eligible for the program. Tuition-based students can only be enrolled into an HISD Prekindergarten program once all eligible students have been enrolled. There is no guarantee a tuition-based program will be available.
