Positioning Statement

Here at Lawson, our commitments is to love, serve, and care for our learning community. We will do this by loving the heart work to get through the hard work. We will focus on serving and promoting high expectations. We will show we care by supporting the academic, social and emotional needs of all stakeholders. These pillars will define our greatness: daily we will make a difference.

Fine Arts Vision Statement

The LMS Elective department is dedicated to creating relevant learning opportunities inside and outside the classroom that help our scholars develop the knowledge, critical thinking skills, and character necessary to succeed. We are committed to create meaningful opportunities for our scholars through real-world challenges, project based learning (PBL), industry filed exposure, and community-engaged learning experiences.

LAWSON MIDDLE SCHOOL

Visual and Performing Arts Magnet Program

Band

The band program will prepare scholars to learn, play, perform, and read music. They become well-versed in many aspects of music. Scholars will learn various musical instruments and exposure to arts from all around the world. Band scholars get many opportunities to perform at a variety of school and community events.

Theater Arts

Theater Arts scholars work in a variety of disciplines, including individual monologues, group scenes, UIL One Act Play, and writing screenplays.

Visual Arts

In Visual Arts, scholars are able to develop an understanding and an appreciation for the Arts as a whole, while exploring the creative process through thinking about, looking at, and creating works of visual arts.

Dance

The dance program exposes scholars to various types of dance, from ballet to hip hop. Using our newly renovated dance studio as a classroom space, dance scholars

expand their cultural literacy along with their knowledge of technique. Instruction is provided by our own faculty with guest instructors. LMS dancers have opportunities to perform both on and off campus throughout the year.
