

What do Colleges Consider?

The college requirements/application process is unique per school and program. The only way to know specifically what a school is looking for is to hear directly from the college or university.

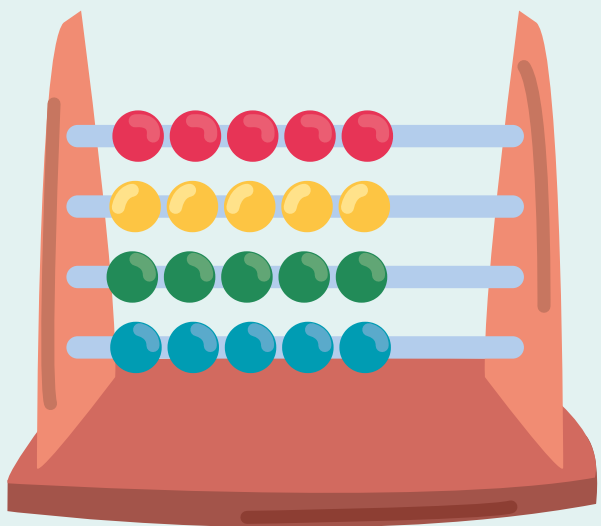

It's important to remember that no one person is constantly perfect in all areas. We all have strengths, stories, and experiences which have impacted us. How we handle these experiences and grow from them make us who we are.

GPA

Each semester grade is listed on the transcript and averaged.

HSPVA is on a weighted 4.0 scale.

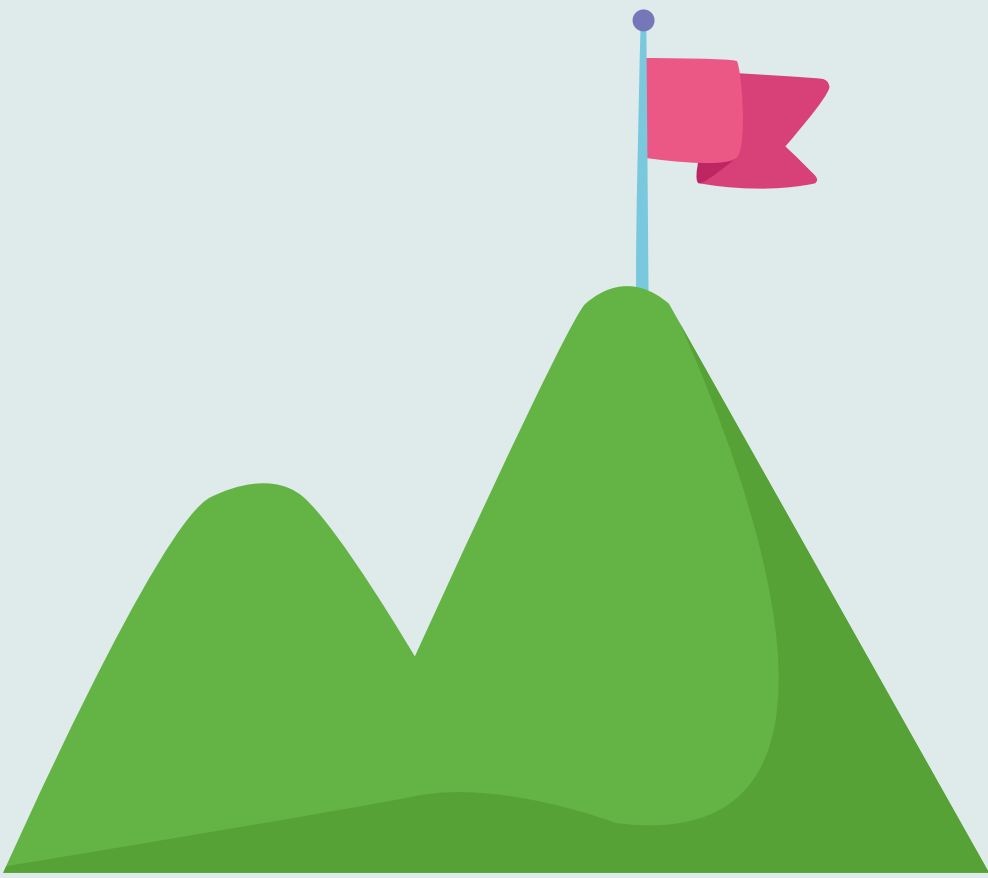

Numerical Grade	Academic Courses	Honors/AP Courses
100 - 90	A=4.0	A= 5.0
89 - 80	B=3.0	B=4.0
79 -75	C=2.0	C=3.0
74 - 70	D=1.0	D=2.0
69 and below	F=0	F=0

CHALLENGE

Find your strengths and push yourself to excel in that area.

This can include taking higher level classes or finding other ways to push yourself.

GRADES

Shows focus and responsibility as well as your readiness to move forward and be successful

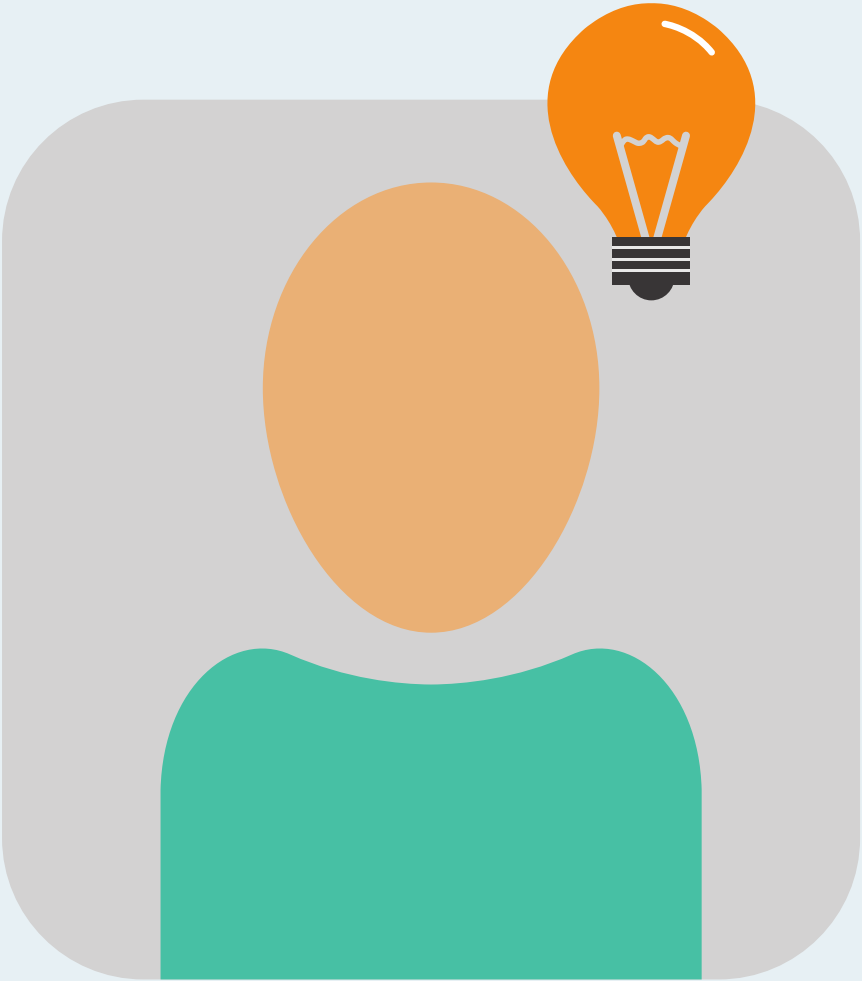

INVOLVEMENT

How do you utilize your time?

Try heavy involvement in 1-2 areas rather than a little involvement in multiple areas.

This can include:

- Family responsibilities
- Job
- Volunteering
- Mentoring
- Leadership

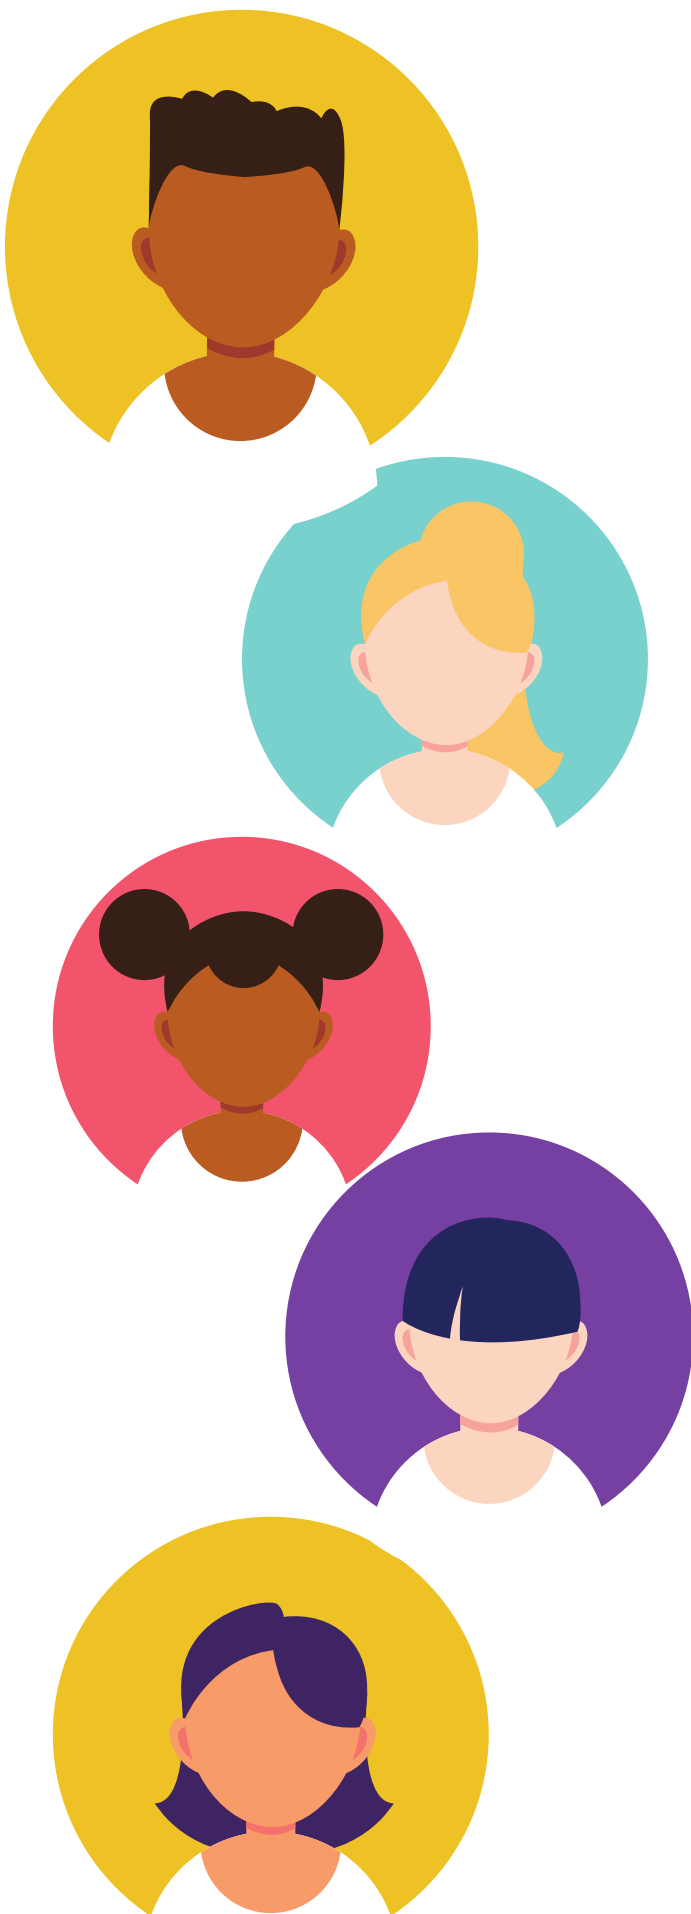

WHAT TO THINK ABOUT NOW IN 12th GRADE?

- Start applying to colleges.
- Understand financial constraints/ budget for college.
- Apply for scholarships and financial aid.

Keep your options open and an open mind.

How do you want to remember your senior year?
Are there any goals you have left you would like to accomplish?

Don't forget how far you have come, value yourself and the journey you have been on.

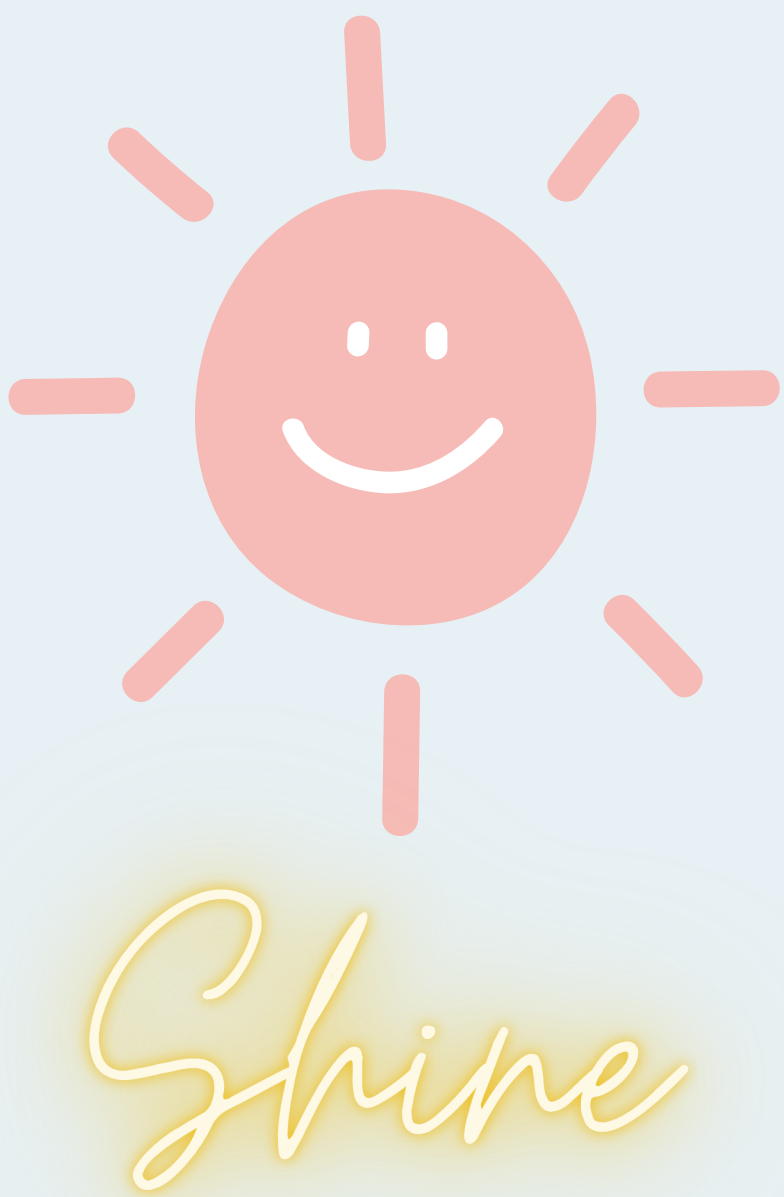

LETTERS OF RECOMMENDATION FROM TEACHERS AND COUNSELORS

Take time to build relationships with your teachers and counselors. This helps them share lovely stories about what kind of student and person you are.

ESSAYS

Take time for self-awareness and build your personal narrative. This is your chance to shine and become a complete person rather than just a number.
Tell your story, reflect on your growth, share who you are.
