South Early College HS

Advanced Technology Institute

Prepare Yourself For The In-Demand Careers In Computer Science, Engineering & Construction

We will get you started on a specialized career pathway that will best match your academic strengths and interests.

Our Students

Students are part of a close knit community. They are actively involved in and take responsibility for their learning. Critical thinking, communication and problem solving are developed by immersing learners in hands-on, project-based activities. We utilize cutting edge technologies to connect to each student's interests and passions. Innovative programs enhance the ability of students to strengthen interpersonal skills and establish a solid academic foundation.
