

# Taking Care of your Device

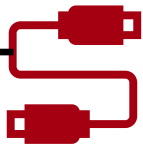

Keep food and drinks away from your device.

Be careful around the classroom.

Ensure that the keyboard is clear before closing the display monitor on top of it.

Hold it by the base with both hands and not by the display/monitor. Also, make sure your device is on a flat surface, so it doesn't fall.

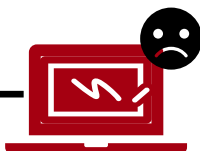

Insert and remove any cables gently, so the ports don't get damaged. This applies to headphones as

Ensure that any cable is inserted into its correct port. Charge it overnight.

Never leave it around extreme heat or cold.

Always sign in and out of your device. Your privacy is important.

Devices must remain free of any writing, drawing, stickers, labels, or any other physical alterations.
