# GREAT NEWS!

**Burbank is a Verizon Innovative Learning  
School!**

# What does that mean for you?

Each student at Burbank will receive a Chromebook equipped with internet access for the 2022-2023 school year.

# What is Verizon Innovative Learning ?

Burbank Middle School is proud to be a part of Verizon Innovative Learning Schools! Right now, millions of students here in the U.S. are lacking the technology, internet connectivity and skills required for success in today's digital economy. Since 2012, Verizon has been working to help solve this problem through a transformative program called Verizon Innovative Learning

Verizon Innovative Learning, in partnership with Digital Promise, provides free technology, internet access and innovative learning programs that transform the learning experience, enabling students to develop the skills, knowledge and capabilities for future success

# What is Verizon Innovative Learning ?

Verizon Innovative Learning is a key part of Citizen Verizon, the company's responsible business plan to help move the world forward for all. As part of the plan, Verizon has an ambitious goal of providing 10 million youth with digital skills training by 2030.

Verizon Innovative Learning has reached over 1.5 million students and has committed \$1 billion in market value to support digital equity and inclusion, helping under-resourced communities bridge the digital divide.

# What is Verizon Innovative Learning ?

In collaboration with national nonprofit partner Digital Promise, Verizon Innovative Learning is expanding to 561 schools, equipping students and teachers at select middle and high schools across America with devices, including tablets, laptops and hotspots, and up to four years of data to provide access for learning in the classroom or at home.

In addition to free technology and internet access, Verizon Innovative Learning provides schools with extensive teacher training, support and the opportunity to engage in powerful teaching and learning that leverages technology, across all subjects

# Our impact: Verizon Innovative Learning is driving academic improvements.

## Teachers reported:

- ❑ 88% said the program helped them explore new ways of teaching
- ❑ 88% said the program allowed for more individualized instruction
  
- ❑ 78% said the program enhanced their ability to differentiate instruction
- ❑ 81% said the program enhanced student engagement
- ❑ 79% said the program helped them reach goals they already set for their classroom and teaching
- ❑ 72% believe the program enhanced positive interactions with students

# Chromebook Care

Your Chromebook is now  
a part of your school's  
uniform. You must bring  
it to school each day,  
**FULLY CHARGED.**

**Chargers are to be left AT  
HOME**

## STUDENT DEVICE LOAN AGREEMENT

### HOUSTON INDEPENDENT SCHOOL DISTRICT STUDENT DEVICE LOAN AGREEMENT

A student device will be loaned to the student named below under the following conditions:

- This student device loan agreement, which is signed by the parent/guardian and student, will be kept on file at the school.
- Use of the equipment for any purpose other than educational use may result in loss of privileges.
- The district does not permit unethical use of the Internet, email, or any other media. Violation of this policy may result in the loss of device loan privileges and disciplinary action by the school.
- The configuration of the hardware equipment and all accompanying software may not be altered, nor can software be copied to or from the device, or installed on the device under any circumstances.
- Parents/guardians are required to pay a non-refundable fee of \$25 yearly. The payment must be made prior to the student receiving the device.
- Parents/guardians accept financial responsibility for cost related to replacement of a lost or stolen device or accessories, or for damage due to purposeful action or gross negligence. The district will proceed with legal action, should financial obligation be ignored.
- A lost or stolen device should be reported to the campus technologist or school administrator within one school day.
- The district will provide a device bag or protective case, which fits inside any backpack. The device must be carried in the bag or remain in the protective case at all times.
- The device, which is the property of Houston ISD, must be returned prior to the end of the school year, or in the event of school change or early withdrawal.
- The district has provided students with a Digital Citizenship Course and information for parents, via Open House events and handouts, including information about how to care for the device and how to make responsible use of technology.
- The student reads the "Houston Use Policy for Electronic Services for Students" handout.

We, the undersigned student and parent/guardian, agree to assume full responsibility for the proper care and educational use of the device, described in this document.
