Welcome to our English class!

This year will be one of the most challenging, and hopefully one of the most rewarding, years of your school-life so far. You are learning new things. New routines. New faces, new names, new places. New challenges. You are learning what it means to be you.

Amidst this sea of change, you are also being asked to engage with some of the most challenging material you have probably seen in school so far, at a pace that is faster than you are used to. You have more homework and more responsibilities. But you also have a greater desire to take control of your own life—to be who you want and do what you want, rather than what someone tells you to be or do.

The themes for this year in English I encompass your experience in relation to transformation in the world around us: Change. Challenge. Power.

In Pre-AP English I, we will explore what it means to be educated, who holds power or deserves to hold power, and what it means to challenge yourself, your world, and the people around you. We will do that through in depth reading of complex texts, including books, plays, film, poetry, and non-fiction. We will apply what we learn from our reading to ourselves and our world. We will learn to communicate what we think effectively and clearly in writing. Throughout this year, you, as a student, should strive to embody the following ideas:

"Responsibility to yourself means refusing to let others do your thinking, talking, and naming for you; it means learning to respect and use your own brains and instincts; hence, grappling with hard work."

-- Adrienne Rich, poet

“The playing adult steps sideward into another reality; the playing child advances forward to new stages of mastery.”

– Erik H. Erikson, developmental psychologist

To embrace these ideas is to embrace your own role in your education. Seek. Strive. Grow. Welcome to Carnegie Vanguard—I’m so excited that you’re here!
THINGS TO KNOW

1. Time management and organization will be CRITICAL to your success.
   - Time management and organization is key to your success at CVHS!
   - DO—use your planner (or an app or calendar) and WRITE YOUR ASSIGNMENTS DOWN. The worst thing you can do is try to remember everything—it will not go well for you.
   - DO—get your assignments done as soon as you can and schedule breaks for yourself to keep going.
     - Try using the Pomodoro Method. This one is great: https://pomodoro-tracker.com/
   - DO—reach out to your teacher as soon as you start feeling overwhelmed or like you’re falling behind. We will work with you! But, it’s better to set up a plan before things get too dire.

2. PowerSchool (checking your grades) is a TOOL to help you—do not fear it, use it to your advantage!
   - Grades are DATA & FEEDBACK from me to you to understand how you’re doing with the skills and tasks.
   - Check PowerSchool daily to see what assignments are due or upcoming or missing.
   - Thinking of your grades as DATA and Power School as a TOOL for success is CRUCIAL.
   - You are here to LEARN and not to already know everything.
   - Grades let you know how your learning is going, and if you need to improve on anything or if you’re right where you should be!

3. Late Work
   - Write down due dates in your planner (check my board and Canvas).
   - In order to help you develop the important skill of turning in work on time, there will be a grade JUST FOR this—a “Timely Work” grade.
   - For example: A writing assignment can have two grades for it—a “Writing Grade” that is based on the quality of your writing AND a “Timely Work” grade that is based on you turning the work in on time.
   - IF you do not turn in your work on time (for whatever reason), you will receive a “0” for the “Timely Work” grade, BUT you could do an amazing job on your writing and still get a “100” for the “Writing Grade.”
   - “Timely Work” points are a lot less than the “Writing Grade” points, BUT it can still affect your overall grade if you are consistently turning in your work late.
   - You have three class days to make up any late work or it will be a “0”

4. Absences
   If you know you are going to be absent, it is your responsibility to check Canvas for class lessons and assignments, to speak to your classmates or to me, so that you understand the work, remain on schedule, and make up missed quizzes or assignments. Be resourceful and proactive.

5. Re-takes/ Tutorials
   Please find the Carnegie re-take policy for in-class quizzes and tests in the student handbook. This class will have a separate policy for re-writing major writing assignments. A face-to-face conference and reflection will be required before completing the re-write. Writing under an 85 may be re-written for up to an 85. Major writing assignments receiving 75 or under will require a re-write. Tutorials are available during office hours or SSEP.

6. Plagiarism/Cheating
   Per CVHS policy, plagiarism and academic dishonesty will NOT be tolerated in any form. Your work should always be your own. Absence of source citation is also an infraction. Working with a partner on a non-partner assignment is considered an infraction in some cases. Get clarification on a specific assignment about what is allowed. Plagiarism will receive a 0 and be referred for discipline.
To be perfectly clear, cheating includes the following:

- Using AI resources to complete assignments and projects without teacher permission.
- Submitting assignments that have been copied from other students.
  - If two or more students submit a copied assignment, all students involved have consequences.
- Using online resources to complete assignments without properly citing sources.
- Using online resources to write essays/short answer responses/projects without properly citing sources.
- Using online resources to write essays/short answer responses/projects when told by the teacher that you are NOT allowed to use online resources.
- Posting images on assignments without properly citing sources.
- Sharing assessment and classwork answers via email/phone/video/social media etc.
- Anything Ms. Burley told you NOT to do.

Consequences include:

- A grade of zero (0) on the assignment in question, without the opportunity to make it up.
- Meeting with the teacher to discuss the assignment in question.
- Parent contact.
- Discipline referral.
