

*Hello, My Name is*

M e l a n i e

Hines

Hello! My name is Melanie Hines and I am very excited to be the K-2nd grade administrator. I have been an educator for 20 years and have served in the roles of teacher, specialist, and instructional coach. I am a native Houstonian and truly believe that the best food is found right here in Houston! When I am not teaching, I enjoy traveling with my fiancé, spending time with my massive family, listening to music( I love all types), and of course trying all the yummy restaurants around Houston. I am also a really big reader and am never without my Kindle! I am ecstatic to be in a place where we EMPOWER kiddos to be the best version of themselves; academically, and socially! I enjoy collaboration and building relationships. Please feel free to connect with me! I am really looking forward to getting to know all of you!
