Summer Adventures and Preparations

As summer continues to blaze, we hope our scholars, staff, and families have found time to relax, recharge, and enjoy some well-deserved downtime. Our dedicated staff have been preparing enthusiastically, ensuring that our ship is ready for another successful voyage. This year promises to be filled with engaging learning experiences and opportunities for personal and academic growth.

Navigating the New Education System (NES)

For the 2024-2025 school year, we will continue our voyage as part of the ****New Education System (NES)****. This means we will adhere to a high-quality, well-defined instructional model that includes specific procedures and practices designed to support our students' success. To learn more about the NES and what it entails, please visit our school's website and explore the HISD Defined Autonomy Booklet.
