

3 Steps for Accessing MyOn and Other Digital Resources at Home

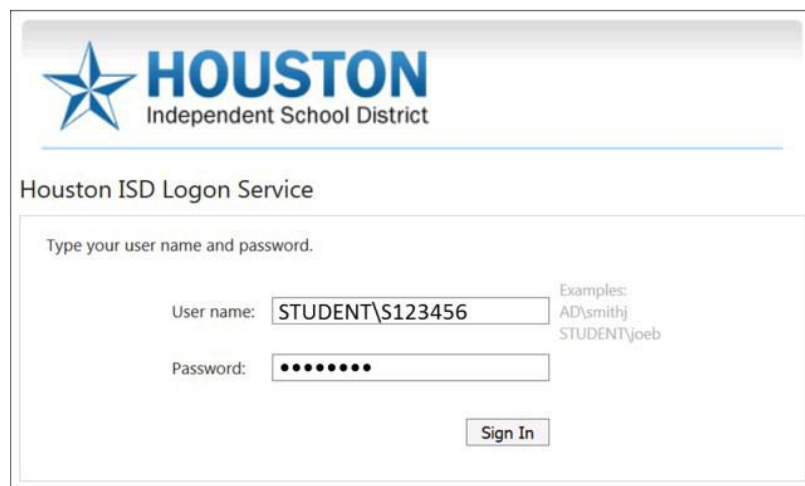

Step 1: Open a web browser (preferably Google Chrome) and go to:
houstonisd.org/digitalresources

Step 2: Next click Log in with Active Directory and when prompted with the Houston ISD Login Service screen, enter:

Username: Student\S##### (“#” is the student’s ID number)

Password: XXXXXXXX

(“X” is the student’s 8-digits birthday. For example, August 10, 2008 is 08102008)

The screenshot shows the Houston ISD Logon Service interface. At the top is the Houston Independent School District logo. Below it, the text "Houston ISD Logon Service" is displayed. A prompt says "Type your user name and password." There are two input fields: "User name:" with the example "STUDENT\S123456" and "Password:" with a masked field of eight dots. To the right of the user name field, there are examples: "AD\smithj" and "STUDENT\joeb". A "Sign In" button is located at the bottom right of the form.

Step 3: Click on MyOn or the Digital Resource you desire.
