The Advanced Placement curriculum consists of college-level classes taught at the high school by high school teachers with additional training and/or certification. AP exams are administered nationwide in May. Many, but not all, colleges award credit or allow a student to be exempt from certain college courses if the student scores a 3, 4, or 5 on the AP exam. Students should check the AP admission policy for their college of choice PRIOR to registering for an AP course at Waltrip High School.

### SUGGESTIONS FOR DAILY AP CLASS PREPARATION

- Understand the out of class time commitment.
- Employ good note-taking and organizational skills. Waltrip encourages the use of Cornell Notes.
- Be attentive in class, noting the real-world connections that are covered.
- Read the current chapter in advance; re-read the chapter and course materials to reinforce the content.
- Speak to the teacher before or after class and ask SPECIFIC questions.
- Work with other students in a lab or study group. Peer interaction is a helpful study tool for students in AP.
