Dear HISD students and families,

As a district, we are committed to supporting our students and their families through meaningful College, Career, and Military Readiness (CCMR) learning opportunities. One way we plan to support you is through Naviance Student- an educational platform where families can support their students as they discover personal interests and strengths, research careers, colleges, and scholarship opportunities, learn from over 950 leaders from across the country and how they made their career decisions, and connect their learning to academic goal setting and planning. Throughout your HISD journey, you will be assigned grade level specific tasks and activities that will build upon one another, ultimately preparing you for whichever post-secondary option suits your specific wants and needs upon high school graduation.

Your first task as a family will be to practice logging into Naviance to ensure you are both able to access your accounts. Please follow the instructions below to complete your first task as a family:

Student Goal: Successfully login to your Naviance Student account

1. Watch this video on how to login to your Naviance account: Student Naviance Login Overview
2. Practice logging into your Naviance account following the steps from the video (if you are unable to login, contact _____)
   a. Go to the HUB http://houstonisd.org/hub
   b. Click 'Hub Sign In'
   c. Click the Digital Resources Icon
   d. Search for Naviance
   e. Click the Naviance Icon
3. Click around to gain a basic understanding of how Naviance is set up.
4. Invite your parent to click around in your Naviance account with you.
5. Answer the reflection questions on the next page before your class session.

 Reflection Questions (complete with parent)

1. What is your understanding of Naviance and how you can use it to support your college and career exploration?

2. What are you most interested in using in Naviance?

3. What is your parent most interested in using in Naviance?
