

MANDATORY PROCEDURES

If Your Child Has Symptoms

WHEN IN DOUBT, STAY AT HOME.

First and foremost, please **do not send your child to school sick or feeling run down**. During this unprecedented time, please be respectful of this request. The safety of our students and staff is of upmost importance, and to help prevent intermittent school closures, we ask that you please **keep your student home if he or she is not well, until they are symptom free for 24 hours without medication**.

- If your student undergoes COVID-19 testing and you are waiting for the results, you must keep your student at home and quarantine until you receive the results.
- If the results are positive, the student must quarantine for 14 days. Parents should notify Nurse Jackson.
- If the results are negative, the student may return to campus when they have been cleared by Nurse Jackson.

The student may return to campus when he or she has been cleared by Nurse Jackson.

MASKS ARE MANDATORY

A mask must be worn at all times.
