Benchmark 5: Student Supports

5.2 Advising

Students who are not progressing in any class will receive an Early Alert from their Professor.

Once an Early Alert is received from the P-16 office, the ECHS Counselor holds an individual session with the student. Depending on the number of weeks the student has been in class determines if parental contact should be made.

If continued low progress is made, the student and parent will be contacted to determine if the student needs to WITHDRAW from the course or work a little harder.

If the student fails the course or their GPA falls below a 2.0 and is placed on Academic Probation or Academic Suspension, then HCC requires the student to attend a SLIP session with a College Advisor.

To continue taking courses, the SLIP session and the requirements that go along with it must be completed before the next semester begins or the student will not be able to enroll in any classes.

HISD provided a dual credit only SLIP session with an HCC Advisor on January 10, 2024.

HCC also provides advising upon request.
