April 12, 2016 College Entrance Exam during the School Day for Juniors.

May Testing:

AP, EOC, STAAR, Finals, and more.

Stay Academically Focused.

We celebrate the Global Citizen, College Bound mission that offers our students an advantage which other students in the general community may not share; educational standards for being successful in the developing, dynamic world around us. The philosophy of being a Global Citizen is that we are people of the world. One people enriched by individual and cultural diversity working together for a more peaceful and sustainable future. We are united by the common bond of humanity. Sharpstown International School embraces our Global philoso-

Our school community has a tradition of celebrating together.

phy in numerous ways : Sharpstown International Festival (IFEST) celebrations, Capstone projects, Project Based Learning, Model United Nations, Odyssey of the Mind, C-STEM, Fine Arts and Global/College Based Readiness Standards for all of our students (Performance Outcomes).

We live in a Global Village with modern communications having world wide economic, environmental, social, and political impacts as it transcends race, culture, religion, ideas, and beliefs. Our need and requirement for service stems from our Global Village view of the world. We require 100 hours of community service from our students before they graduate from SIS. The students themselves develop plans of community action as part of their senior year capstone project.

Our International Magnet program has won recognition from America Achieves Organization which administers the OECD, PISA National testing, TEA, and US News and World Report of Best High Schools.

We are proud of our students!

Spartans focus on Scholarships

Keep checking the scholarship opportunities provided through Naviance.

The Naviance icon is on the school web page.

Students log in with their student ID (user name) and their birth date for their

password.

Ask Ms. Brown-Robinson about College Readiness Scholarship Information.

Seniors must submit letters of College Acceptance, Scholarships, and FAFSA/TASA to Ms. Brown-Robinson.

Test Anxiety?

Ways to reduce test anxiety.

- Maintain a positive attitude as you study.
- Go into the test rested.
- Stay calm during the test.
- Do not worry about other students finishing before you. Do your best.
