**Home of the
Valiant Spartans!**

Dear Parents/Guardians/Students,

Welcome to Sharpstown International School where excellence in education meets global perspective! We are thrilled to have you join our diverse and vibrant international school community.

At Sharpstown International School, we take pride in being an international magnet school, offering a world-class education that celebrates cultural diversity, fosters creativity, and promotes academic excellence. Our international school environment provides a unique opportunity for you to learn alongside peers from different backgrounds, cultures, and perspectives, enriching your educational experience and preparing you to thrive in a globalized world.

Our Magnet Program focus is International Studies; students learn about varied cultures, learn to speak different languages, and learn to use technologies important in our global society. We are also proud to offer the renowned International Baccalaureate (IB) program, which is designed to develop inquiring, knowledgeable, and caring young people who are motivated to succeed. Our IB program integrates a holistic approach to education, focusing not only on academic achievement but also on developing key skills such as critical thinking, communication, and global awareness.

We are also excited to announce that Sharpstown International School is in the process of becoming an Early College High School, offering a unique opportunity for our students to earn both their high school diploma and an associate degree.

As you explore our school community, you will discover a rich diverse array of cultures, ideas, and experiences that reflect our commitment to global citizenship. Our dedicated faculty and staff are passionate about providing a rigorous academic program that prepares students to thrive in a rapidly changing world.

Once again, welcome to Sharpstown International School where learning knows no boundaries and opportunities abound! Wishing you a wonderful start to the school year!

Best Wishes,
Dr. Landa, SIS Principal
