

SchoolLinks

**QUICK START GUIDE
for
Guardians**

A Journey of Growth

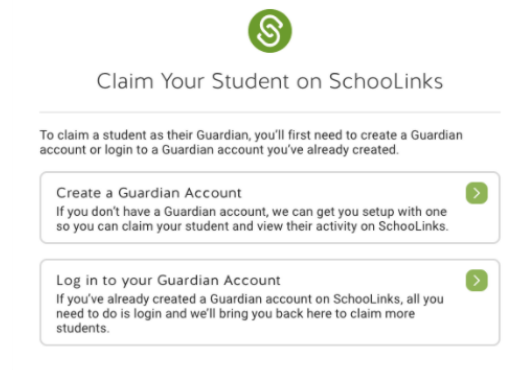

#1 What is SchoolLinks?

SchoolLinks is a modern College and Career Readiness platform that your student's district partnered with to help prepare your student for life after high school.

The platform offers more than 80 experiences, such as career interest inventory assessments, college and career search, internship matching, portfolio and more.

#2 How to Log in

First, claim your student by using the unique access code given to your student

The screenshot shows the 'Claim Your Student on SchoolLinks' page. At the top is the SchoolLinks logo (a green circle with a white 'S'). Below the title, a message states: 'To claim a student as their Guardian, you'll first need to create a Guardian account or login to a Guardian account you've already created.' There are two main options presented in rounded rectangular boxes. The first box is titled 'Create a Guardian Account' and includes the text: 'If you don't have a Guardian account, we can get you setup with one so you can claim your student and view their activity on SchoolLinks.' The second box is titled 'Log in to your Guardian Account' and includes the text: 'If you've already created a Guardian account on SchoolLinks, all you need to do is login and we'll bring you back here to claim more students.' Both boxes have a green arrow icon on the right side.

After claiming your student and setting up your account you can log in through the link below

#3 Exploring SchoolLinks

To Do List

Check to do's your district has assigned to you on your dashboard

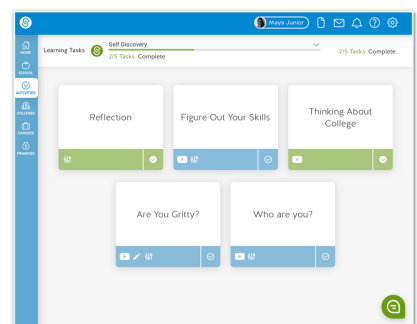

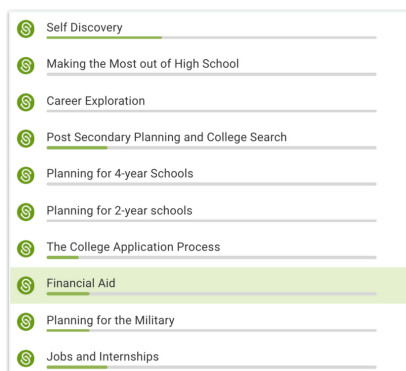

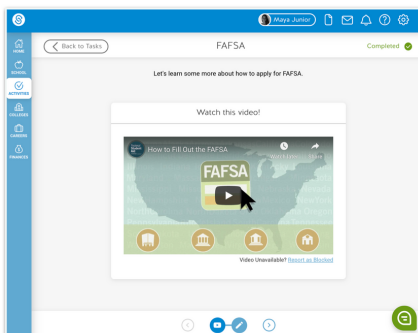

Where to find: Dashboard > To Do List

Learn about college and career planning

Evaluate student progress and go through learning chapters yourself

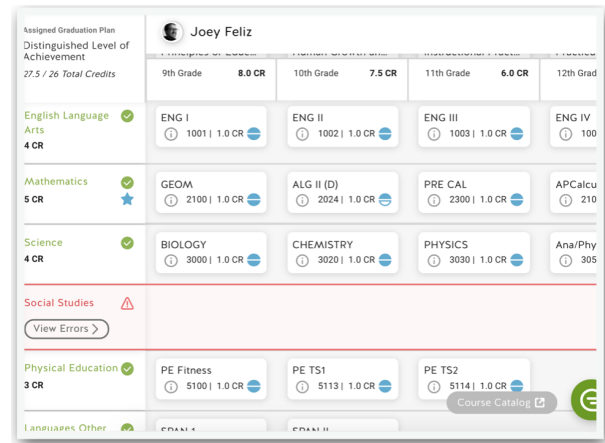

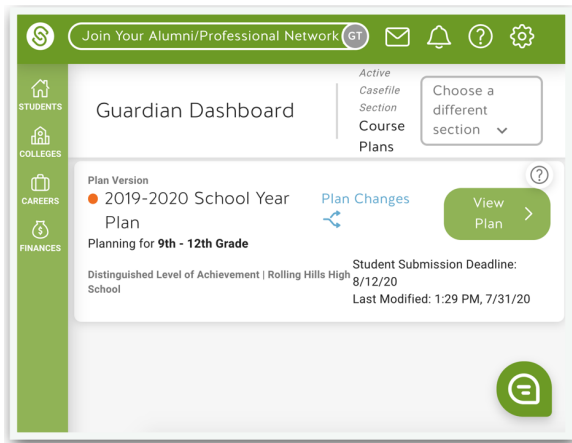

Where to find: Student Activities > Learning Chapters

View your student's course planner

Stay up to date with what courses your student plans on taking

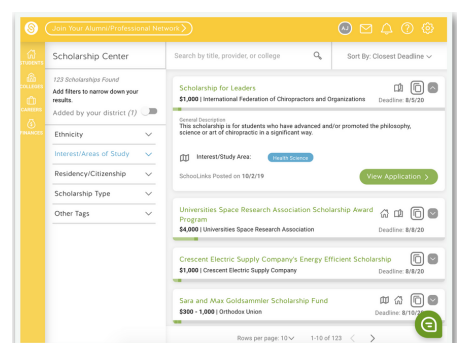

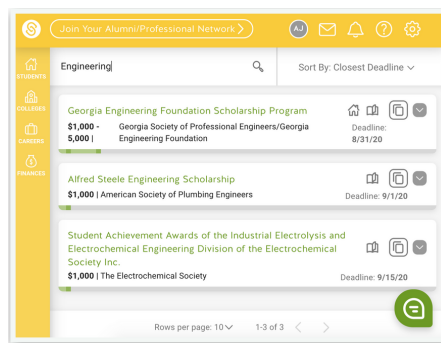

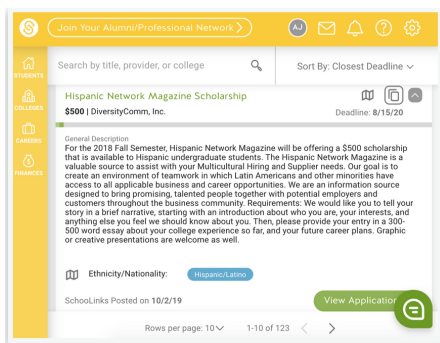

Where to find: Choose a different section> Course Plan

Search the Scholarship Center

Research scholarships your student can apply for

Where to find: Finances> Scholarships

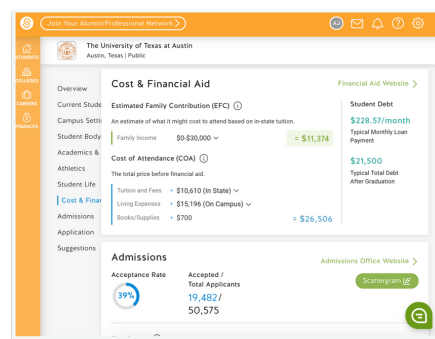

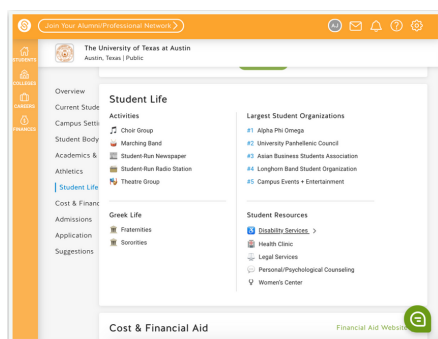

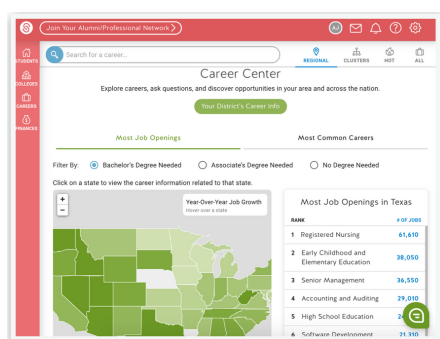

Career and College Exploration

Explore schools your student could attend and careers they might pursue

Where to find: Colleges

Where to find: Careers > Career Center

Use SchoolLinks to...

Evaluate student usage, engagement, and progress (through seeing college lists, favored careers, completed learning chapters, and more)

Check your own dashboard for upcoming events as well as important reminders and to do's

Do your own research on colleges, careers, and more, and have informed conversations with your student

Compare college costs and become familiar with the expected financial aid, scholarships and out of pocket expenses for your student

#4 Have a question?

- **Check out the Help Center:** You can find the [Help Center](#) by clicking the  in the upper right corner of your account (login required).
- **Chat in your question:** Live Chat Support will put you in touch with a person who can address your question immediately.

#5 FAQ

What if I have multiple students?

Each student gets a unique claim code. You can connect to multiple students, either when you are first creating your account or at a later time.

How can I help my student?

Using the resources in SchoolLinks to see what your student is learning, what goals they have set for themselves and what courses they are in can help you engage in meaningful conversation about their college and career goals.

Can I edit my student's course plan?

No, guardians are only able to view, not edit, a student's course plan. Only students and counselors have access to editing course plans.

How do I get in contact with a counselor through SchoolLinks?

You can use the messaging center (accessed by clicking on the envelope in the top right corner of your dashboard) to send a message to a counselor. If you have multiple students, you will need to indicate which student you wish to send a message on behalf of.
