Hello Madison Marlin parents and students,

Thank you for allowing me the opportunity to work with you and your child this year. My name is Mrs. Lori Bolinsky and I will have the pleasure of working with you and your son/daughter in my Special Education SLL class. This year we will have some fun and challenging tasks to help us reach our goals. We are going to work, play, and have fun in the process. Through our daily interaction, we will learn and prove there is no "I" in "TEAM." Our class goal will be to work together towards a fantastic and successful school year! I have high expectations for all students, and I am committed to assisting them with the expectations required of all the courses.

My primary goal is to keep students engaged and interested in all courses and develop further knowledge in each subject. I will teach my student's specific skills and have students continue working on lessons individually in the Unique Learning Program to develop mastery. These lessons will be initially completed online until in person classes are available. I will contact you weekly during this time period to assist you with any questions.

In closing, I would like to express that one of the most important goals this year is to keep the lines of communication open between the parent(s) and teachers. Positive and productive communication is paramount to your child's success! You are essentially my eyes and ears at home and if you notice your child struggling, encourage them to ask me questions either during or after class. Homework is intended to be challenging yet doable, not impossible nor impractical.

This year I look forward to collaborating with your son/daughter to ensure a positive and successful academic outcome for your child.

If you have any questions or concerns during the year please don't hesitate to contact me at [lbolinsk@houstonisd.org](mailto:lbolinsk@houstonisd.org).

Sincerely,

L. Bolinsky
