Vol. TWENTY-SEVEN, 1961 ROSCOE BAYLESS, PRINCIPAL

Science is the link to the future, a tomorrow of wonderful things. Gadgets today would surely amaze The ancient wise men and Kings.

Science has changed man's ideas in a thousand different ways. It has fully changed man's concept of the origin of the sun's rays. \mathbf{T} he telephone, light bulb, and automobile are each a new invention. The drip and dry fabrics and miracle drugs surely deserve mention.

TITITI'

THIS IS WHERE

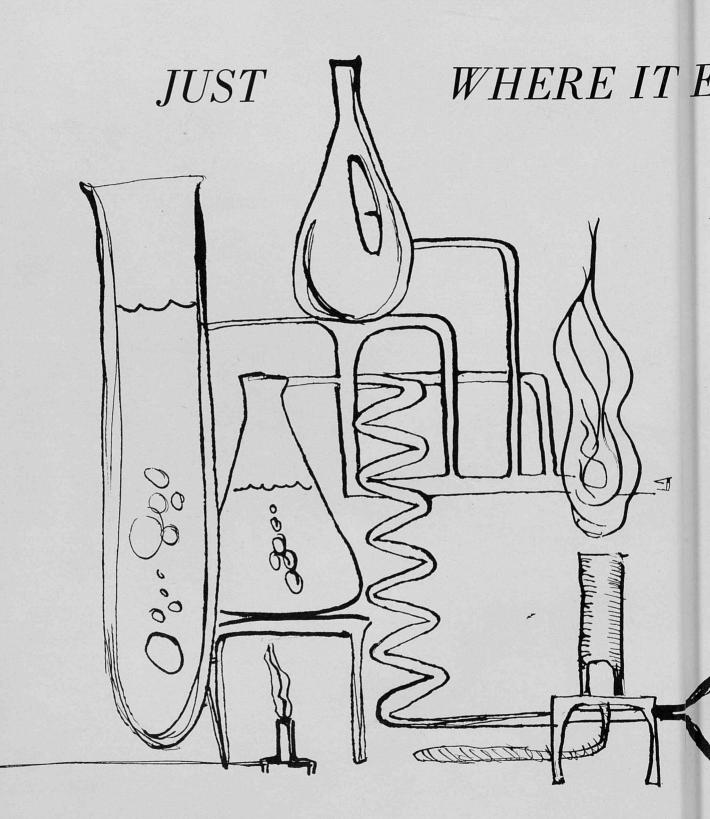

Science improves our health and assists in our safety too. It aids in detecting crimes— It's just too good to be true.

Our job is to assist Science. It can't function all alone. We must ask how and why— We must learn all to be known. We must discover what the future holds by living from day to day. We must have courage to meet our sorrows to chase them all away.

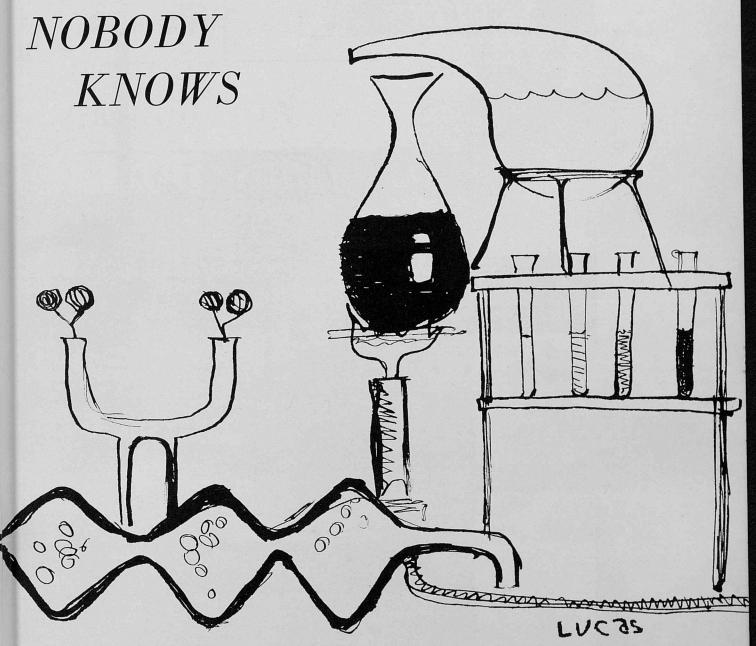

OUR FUTURE BEGINS

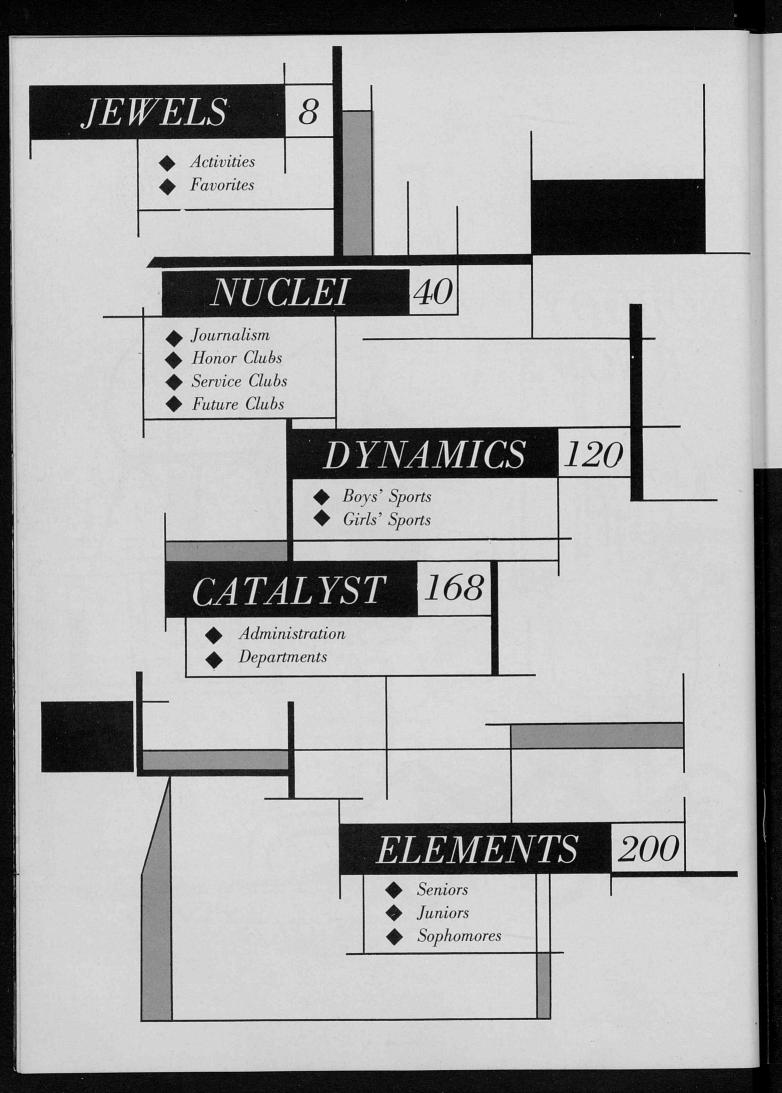

So while we travel the eternal road of the many, many tomorrows, Let's keep learning more and more. Let's not sit upon our Laurels.

Learn more than enough each day So YOU may write on Life's Page; "I have lived this day to the fullest in This, THE SCIENTIFIC AGE!" —LINDA FOOTE

DEDICATION . .

Every individual has a place to fill in the world, And is important in some respect, Whether he chooses to be so or not.

-Nathaniel Hawthorne

T he arc to higher goals in vocations and college may be seen in the unceasing efforts of MRS. ROY NEEDHAM who centers her life around her work . . . recording grades, preparing transcripts, and helping seniors in the transition from high school to their future.

So necessary is MRS. NEEDHAM to us all, yet she seeks no recognition or reward in any endeavor. A graduate of Rice University and member of the Milby faculty for more than 28 years, she has remained the quiet and patient Registrar of Milby, displaying a calm sense of responsibility and a giving personality to teachers, pupils, and friends of the school.

Because of her interest in Milby's pupils, her love of this high school, and her unceasing desire to encourage young people in higher education, we, the Staff, dedicate the 1961 BUFFALO to MRS. ROY NEEDHAM.

Gosh, where's room 319? Last year the shack was in the back! You mean the Chorus meets in the Auditorium!" Students struggled and plowed through plaster, cement, and wet paint those first few months of school. Even the seniors and faculty were confused and lost.

Included in the new improvements were: 17 classrooms; new entrance doors; repainting the main building; new lockers; additional trophy cases; new tile in the auditorium ceiling; and remodeling the swimming pool area. The boys' locker room was enlarged and the Coed building and book room were remodeled.

Riveting, welding, sewing, and hammering added atmosphere to the campus. Students and teachers alike were trapped in the excitement and general confusion as each day came and went. The noise was often alarming, but amid the distractions classes continued as usual.

... STUDENTS PERFORM

Members of the coeds portray an old time country scene.

When TOMMYE BOULWARE is not studying (4.970 marks), he may be found relaxing at the billiard table.

This senior's pleasing manners have earned him notches as Key Club President, National Honor Society membership, and one of the 1960 delegates to the Summer Math Institute at the University of Houston.

Meticulous and reserved, Tommye would like to be among those to build our first manned-space ship as an aeronautical engineer. As a student, editor, and friend, attractive BRENDA GUSTINE has always had the admiration and respect of her classmates. She has served as Membership Chairman of the Girls' Booster Club, Treasurer of Tri-Hi-Y, Copy Editor of the BUF-FALO, and National Honor Society member.

Blessed with a prodigious energy and a quiet sereneness, Brenda reads several books a week, participates in church activities, and chats with friends "'til all hours."

Brenda's diligence and sincerity accent her desire to uphold standards and portray her 5.000 marks in the class of 1961.

outstanding students

Dark hair and eyes accented by a friendly manner and soft expressions add to the beauty of DIVA GARZA . . . scholar and leader.

While maintaining 4.760 marks, Diva has been ROTC Sponsor, National Honor Society member, and Le Cercle Français member. She has also copped the number one place in the city National French contest.

Diva would like "pour étudier peus de français á Paris bien entendu."

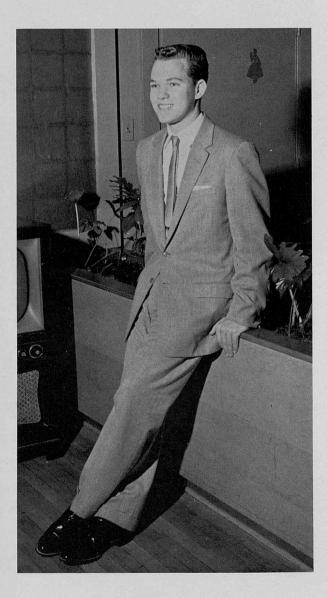

Deep thinking and witty, LLOYD CLOMBURG has held the reins of the National Honor Society as its President this year.

As a member of the Summer Institute at Rice University, Lloyd proved himself to be most articulate in math. Along with 4.970 marks, Lloyd is an Editorial Assistant on the yearbook and member of the Key Club and Boys' Booster Club.

"To discover and to grow" are Lloyd's desires . . . he wants to attend Rice University. As President of the Student Council, RUSSELL OLEZE has presided over Senior Assembly in addition to serving as Junior Rotarian and delegate to Boys' State.

Blond-headed Russell has a quiet enthusiasm in his 5.000 marks and his performance at the 1960 Summer Math Institute at the University of Houston.

Selected for Milby's most coveted award, NHS Best Citizen in December, Russell plans "to use my math and science as a research physicist in future scientific developments."

N ANCY POSEY's identity is seen in the ease and charm of one who does well "the smallest task." Although interested in many facets of life, Nancy spends most of her precious hours keeping up the 5.000 average. She fulfills her duties in assembly programs as Vice-President of the Student Council, was a delegate to Girls' State, is Girls' Booster

Club member, and was Rotary Ann representative.

outstanding students

BLAIR REBER, the Most Valuable Player on Milby's football team, has received voluminous awards in three years of athletics.

Besides lettering in football, track and baseball, Blair has received the Looney Award. He is Sergeant-at-Arms in the Student Council, and Letterman's Club, Vice-President of Lambda Sigma Alpha, and Junior Rotarian.

At Milby, Blair has maintained a 4.850 average and is a National Honor Society member.

Along with his exceeding abilities in sports and scholarship, he enjoys swimming, hunting, and mechanics. A lthough PATSY ROHRDANZ is primarily a journalist whose work is visible in this yearbook's activity section (Assistant Editor), she has also squeezed in time for the Girls' Booster Club Presidency, Girls' State, ROTC Sponsor, Best Citizen, National Honor Society, and Rotary Ann honors.

Brunette and seriously pretty, Patsy's (5.000 marks) enthusiasm is "to enjoy one's friends and to satisfy oneself with creative work."

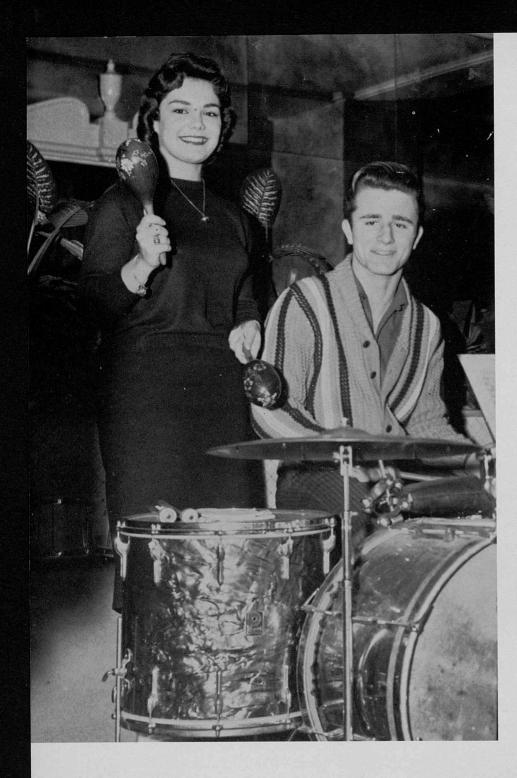

A feeling of rhythm and a friendly smile in his face helps to accent the humorous disposition of TIM FISHER, a short brown-haired, brown-eyed music lover who was elected Most Popular Sophomore. Possessing green-eyes, brownhair, a quite reserved manner and a heartwarming smile, CAROLYN HULSEY has captured the admiration of her fellow classmates by being elected Most Popular Sophomore.

most popular sophomores

With his out-going ways and a taciturn look, he highlights his assets with a tantalizing smile and dry wit. These and other reasons express why RONNIE NIXON, a husky athlete was chosen Most Popular Junior. Some call her sweet, some call her cute, and some call her just plain Gloria, but wherever she's called it's clearly explained why GLORIA BLACKMAN, a slender brunette with a laughing smile, was chosen Most Popular Junior.

most popular juniors

With a vivacious smile and a twinkle in her eye, it's easy to see why VICKI BUCKNER, dark-haired, dark-eyed, and fun loving, was chosen Most Popular Senior.

most popular seniors

With a bounce in his step and a smile for everyone, RICK HAMILTON shows his jocular wit and originality which make him a natural for Most Popular Senior.

seniors reap top honors

A gracious smile highlights TONI TARTAGLIA. Milby's representative for the Daughters of the American Revolution Award. Toni was chosen on the basis of outstanding scholarship, leadership, and citizenship by Dean Clara McLendon.

Pretty, vivacious HOLLY HOLMAN, reigned as the 1960 Homecoming Queen selected by the student body.

Scholastic-minded as well as a class favorite are two of the qualities of PATSY ROHRDANZ, elected delegate to Girls' State.

His sincere manner and unceasing ability qualifies RUSSELL OELZE, in his quiet, zealous way, for the honor of being a delegate to Boys' State.

Conscientious and poised NANCY POSEY, has a supremacy of leadership that has made her a favorite of both the students and teachers to be a delegate to Girls' State.

Selected by their peers as outstanding members of the National Honor Society, PATSY ROHRDANZ, and RUSSELL OELZE are this year's Best Citizens.

beautiful, handsome

seniors

Dark hair, dark eyes, and glowing rays of charm combined with sensitive small features express without reluctance the ways in which BETH CAMPBELL gained her title as senior beauty.

A slow drawl and a warm enchanting smile highlighted and encaptured by large brown eyes and a lively crew cut is what made EARL VAUGHAN stand out as most handsome senior.

Slender, smooth movements blended with a deep sincerity and many winning words extends PATTYE GLENN'S beauty to a degree of meaning while she reigns as senior beauty. Graceful manners, a willing extension of co-operation and a desire to gain friends has helped to play a large part on SYDNEY STOUGHTON'S reasons for having captured the title of senior beauty.

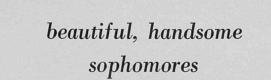

beautiful, handsome juniors

A tall beauty with a sophisticated manner, and an unhindered expression in her eyes, tell you without a doubt that CHARLOTTE FORD was deserving for the title of junior beauty. With an over bounding personality and an air that makes everyone feel a part is only one side of the detailed story that makes MARINELL ROBERTS a junior beauty.

A friend to everyone, JOHN WADE, most handsome junior, is characterized by colorful features, offset by a neat and well-groomed appearance, which clearly explains this choice. A quiet, restrained air merged with fine delicate features produces the creative, soft characteristics of SYLVIA YBARRA, a first rate choice for junior beauty.

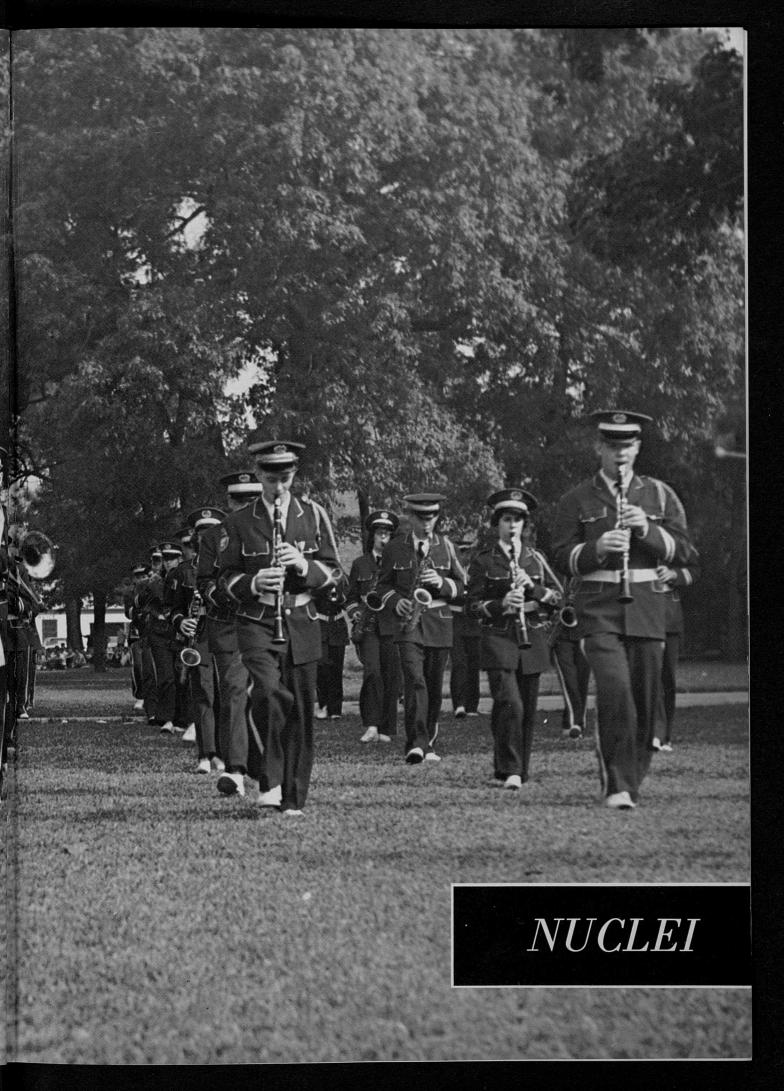

Deep, inset dimples, highlighted by an excessive expression in her large brown eyes, creates a warm, charmful atmosphere when around FRANCES PETERSON, a sophomore beauty.

Jet black hair, flashing eyes and a quiet unspoken manner accents SOYLA REYNA'S features and qualities, making her sophomore beauty. 0

With sparkling blue eyes, a genial attitude and an expression of friendship itself explains fully the reasons for DAVID STANLEY'S title as most handsome sophomore. If a smile could win the world, REGINA JONES would capture it. Her smile, soft giggle, and sparkling personality are just three of the reasons why she excels as a sophomore beauty.

Jet black hair, cherry cheeks, and an enchanting smile characterize VIRGINIA BURRER, editor of the 1961 BUFFALO.

Late Hours . . . Hard Work

Athletic, easy-going WILEY CARMICHAEL, associate editor whose likeable personality made staffers work enjoyable, helped fellow workers before deadlines.

All the responsibility of planning the book, ironing out disputes, and meeting deadlines fell within the providence of Virginia.

An ambitious brownette with a popular personality, PATSY ROHRDANZ, associate editor whose original ideas added variety to her layouts, was responsible for the activities section.

In spite of complaining, questioning staffers, Virginia's creative and careful planning, hard work, and late hours made this book a reality.

Writing those cutlines gets awfully tricky. We have to have those pictures before next week. No, no, no, the cover's not going to be pink!

But finally one day not a sound was heard. Not one person said a word.

The book was finished and on its way. Would everyone like it? We hoped so anyway!

Always smiling, always congenial, always dependable . . . these are the characteristics of Sports Editor IRA McLAIN who was in charge of recording the feats of the mighty Buffs.

With a radiant personality, MRS. CLYDE PERKINS, financial advisor, cheerfully guided the yearbook in its financial matters.

Sparkling brown eyes and shining dark hair set off by a smiling face and a bouncing step characterize HOLLY HOLMAN, literary editor, who was responsible for the snappy headlines and witty copy.

With an attractive smile and a pleasant disposition, Yearbook sponsor MRS. WILMA LeNOIR went about her work with a cheerful attitude.

A quiet, conscientious disposition accented by laughing hazel eyes and dark hair make up the sweet personality of Organizations Editor SHARON COX who was in charge of co-ordinating the Nuclei section.

Talented, amiable BEN BEDNAR, business manager, and helpful, agreeable BILLY BELL, advertising manager, worked together to improve our advertising relations.

Lively brown eyes and dark hair highlight Editorial Assistant JUDY STEPHENS' cheerful personality. Judy wrote copy, typed cutlines, and did anything to help out.

Intelligent, pleasant LLOYD CLOMBURG and congenial JACK DUFFEY, editorial assistants, were always willing to lend a helping hand with any-thing from writing copy to selling ads.

SC Orientates Sophs, Holds Elections

The Student Council is composed of one representative elected from each homeroom section in Milby. Officers are elected by the student body after petition to run has been filed. Students are eligible to hold office if they have a "B" average with no grade lower than a "C" and have maintained good conduct averages.

The Council provides a means for students to participate in school government, act as a service medium, and as an agent of cooperation between faculty and students. Various projects are undertaken as the need arises. An orientation program for sophomores is one activity sponsored by the Council. Other functions include: opening and closing assemblies, representing the school at various affairs, handling the voting, acting as a regulation board for clubs of Milby.

The Milby Council was influential in forming an organization of student councils in this area in the fall of 1958 entitled, Gulf Coast Association of Student Councils. This organization gives members an opportunity to work with councils of other schools of like size, to grow in knowledge and organizational ability, and thus be of further service to their schools.

1960 Homecoming . . . The Year Everybody Cared

Homecoming Committee Chairmen: Susie Pitts and Jane Nugent.

Jimmy Hawkins and Donna Byrd sell Homecoming ribbons. The Milby 1960 Homecoming spotlighting the election years of '24, '28, '32, '48, and '52 promoted school spirit as well as national spirit.

Excitement and spirit filled the air as all the students and exes filled the stands at Jeppeson Stadium for the Milby vs. Reagan game.

It was a perfect football night with the temperatures dropping to freezing weather.

The night was even more eventful with the crowning of Holly Holman as Homecoming Queen.

The frenzy of excitement raised to a peak as Milby's Buffs rushed over the Bulldogs for a 20-0 victory.

Later, the night came to a perfect end as happy students, parents, faculty, and grads "danced beneath the stars" at the Homecoming Ball in Milby's lunchroom.

Homecoming Committee members: Frances Radar, Barry Harrell, Lance Funston, Tommy Tucker, Max Maxcey, Sharon Cox, Pat Varner, Alandra Veazy, Eileen Cunningham, Tommie Arnold, Patsy Rohrdanz, Judy Stephens, Virginia Burrer, Holly Holman, Brenda Gustine, Toni Tartaglia.

The NFL members participated in tournaments at Baylor University in Waco, North Texas College in Denton in addition to making an annual trip to Dallas. In local tournaments Milby entered at Bellaire, Jones, Sam Houston, Lamar, Kinkaid, Spring Branch, Waltrip, and University of Houston.

The Milby NFL also co-sponsors with the Thespians the annual Milby Theater-Forensic for Junior High Schools.

NATIONAL FORENSIC LEAGUE

TOIL, TROUBLE, TEXTURE . . .

For a few hours, the world of reality is lost and the immediate world belongs to the people on the stage. They make you laugh and cry, dream and think, while they absorb you into a life they take part in creating. This is the finished product of weeks of work by Drama's Blackfriars and Thespians.

This year, the drama department, headed by Mr. Richard M. Niemi, has set an unusual precedent by building its own theatre. All worked together, sawing and nailing, texturing and painting, till the ultimate goal was reached. Milby now has a theatre to compare with professionals, something which no other school in Houston can claim.

That glorious feeling of achievement was shared by the students who participated in opening night of "The Crucible" . . . They had not only created the play which they were presenting, but the theatre in which they were presenting it.

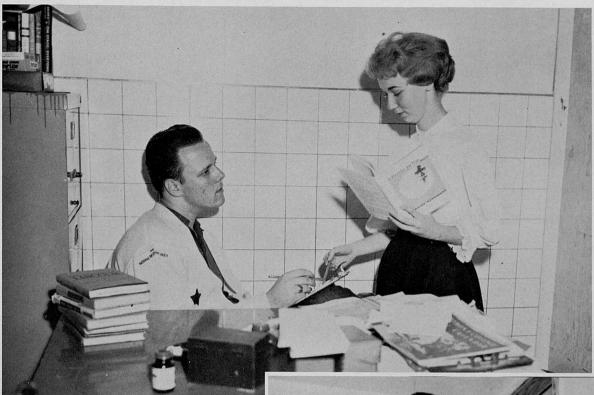

Barry Harrell and Edward Baker work on wiring for "The Crucible." DRAMA

MEMBERS PROVIDE FOR PROGRESS OF SCHOOLS

 \mathbf{T}_{he} Board of Education of the Houston Independent School District is composed of seven members who are elected at large by the citizens of the District. Their terms of office are four years. Elections are held every two years, with four members being elected at one time and the other three members being elected two years later. Board members serve without remuneration. The officers are elected by the members themselves at their first meeting in January following the election held in November.

The Board holds regular meetings on the second and fourth Monday evenings of each month and as many special meetings as are necessary to transact properly the business of the District.

The chief function of the Board of Education is to provide for the progress and welfare of all of the schools within its jurisdiction and to study continuously the policies which govern the organization and operation of the schools. The Board acts as a policy-making body and through its own actions legislates to make these policies effective. It acts as an appraisal body sitting in judgment upon recommendations concerning the progress and improvement of the schools which may come to it through its executive officers or through its own members.

Buffs Rush Bulldogs For 20-0 Win

On the first really cold night of 1960 in District 9-AAAA play, the Milby Buffs used their "rush technique" on Reagan's defending bidistrict champions for their second district win in two starts. After holding the Herd scoreless for most of the first half, Frank Solis, a 244-pound tackle, recovered a blocked punt in the end zone, for the first touchdown. Reber booted the extra point, making it 7-0.

Minutes later Milby had its second touchdown set up when Dickie Taylor came up with a fumble on the Bulldog 26-yard line.

Seven plays later Reber punched over from the two on fourth down to up Milby's margin 13-0. The pass for extra points fell incomplete.

The Buffs chalked up their final mark in the fourth period with Leslie Berrick, Reber's second, hurling a 12-yard pass to End Sidney Jones. Reber again kicked the extra point making the final score 20-0, Milby.

Milby Sets Up Showdown; Soaks Jeff Davis, 22-0

 \mathbf{T} he Milby Buffs moved to within one victory of the District 9-AAAA football championship by thoroughly shutting out the Jeff Davis Panthers, 22-0, on a cold November night.

The Bisons were in charge all the way, stacking up 232 yards total offense to the Panthers' 79. So complete was the Buffs' domination that Davis was able to run only four plays the entire fourth quarter and managed only five first downs all night.

The Buffs got rolling early, scoring their first TD with less than two minutes gone on a 23-yard scamper by Halfback Leslie Derrick. The play was set up on a fumble interception and fifteen-yard run by right linebacker, Ted Wimberly. The extra point by Reber was good.

Milby crossed late again in the second quarter with Reber diving in from the two. Thrusts of 13 and 8 yards by Jon Dansby set up the touchdown. Reber booted the extra point making it 14-0 at the half.

Milby drove 75 yards in 14 plays for their final touchdown, with Reber knifing in from the three for the score. Halfback Butch Timmons scooted around right end for the two-point conversion.

Captivate Captured Audiences

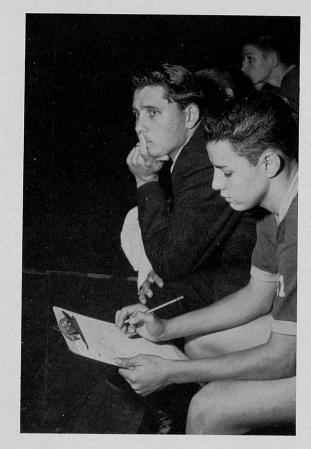

Milby's Cheerleaders started a whole realm of new things which began way before school opened in September. An ice cream party, which was the first

of its kind, was used to raise money for school activities. Following this party, the first annual Summertime Swing was held with Joe Ford of KNUZ as emcee.

At the Cheerleaders' School at Lamar Tech in Beaumont, Milby Cheerleaders won first place in competition against 70 schools for this honor. However, winning first is not a first for Milby teams. Teams of the last five years have won five straight firsts at similar National Cheerleader Association Schools.

Strike Three! You're Out

It was a hot, dry day in the month of February when upon the broad expanse of the plain field area of Southmayd Park that a group of boys with their tongues hanging out cried, "Water!" . . . but there was no water. Today was February 14, a fateful day for many boys at Milby. Coach Lonnie Richards started the grind that constitutes the conditioning for America's greatest pastime. Baseball season has begun!

Milby Participates In Cross Country

C ross-Country is a sport in which the contestants run a distance of two miles. During the war years it was discontinued due to lack of athletes and teams to compete. Due to the efforts and leadership of Coach Carroll Schultz and other men around the city, Cross-Country has become popular once again.

This year the Milby Cross-Country Team won their own tournament, the Milby Invitational. Other meets in which they participated were: A&M, Texas, and the Houston Invitational. In the Houston Invitational meet this year, Billy Touchey placed second out of 400 entries.

In this Scientific Age, mathematics is a very important course, not only for college entrance but also for entrance into many different types of industry. A thorough working knowledge of higher mathematics is essential to success in the study of physics, radio, fundamentals of machines, or any other of the advanced courses in science or industrial arts. Special courses enable the students to solve problems, common to engineers and surveyors in the construction of buildings and the use of machinery.

Through their study of geography they learn how peoples living in different kinds of physical environments develop different ways of thinking and acting. Through their study of civics, students learn about the principles upon which our democracy is based and the procedures by which we carry on democratic government. And, finally, through their study of all of these various phases, students develop a better understanding of their own privileges and responsibilities as citizens in a democracy.

Many varied and intricate courses are offered in the field of Industrial arts. Mechanical drawing, "the language of industry," is the method by which ideas, plans, and exacting specifications are conveyed from one person to another. Architectural drawing as the name implies deals with respect to simple building. Courses in machine drawing are concerned with the fundamentals of design and construction. Pupils learn to work from the simple to the difficult in woodwork and all other courses in this field.

Mr. Fitzgerald answers by saying, "Now, boys, when the cake's done, you . . ."

TALLEY, J. S.

T he driver train-program lasts for six weeks, during a student's lab. Sixteen-yearold pupils and those 14 years of age, who have the junior high course, may enroll in this program. There is a \$3 fee for the course.

Boys who have completed this course and the junior high school course are entitled to a reduction in insurance payments. Driver's Training teaches students their responsibility as a driver. A thorough study of the driving skills must be achieved before one's license may be secured.

STUDENT DRIVERS

Driver Education students Eva Law, Diane Farmar, Maxine Sporn, and Michael Seymour inspect courtesy car.

M usic is offered in the high schools to develop a deeper appreciation of music, a better understanding of its influence in building a spirit of group fellowship and cooperation, and an increasing power of self-expression through singing and playing. A rt plays an important part in almost all of the activities of everyday living. It is expressed in the kinds of homes and public buildings we have, in the household furnishings we make or buy, and in the clothing and accessories we wear. High School art courses are broadly planned to provide students an opportunity to recognize and make use of art principles in order to increase their appreciation of beautiful things and to enable them to improve their surroundings.

Arts and crafts also seeks to give students practice in the essential techniques and skills needed to utilize paint, clay, wood, textiles, to express their ideas. Students learn how to apply newly learned techniques and skills in a creative way.

Nancy Youngblood, Sharron Anderson, and Linda Allen work on their place mats during crafts class.

DREAMERS...DOERS

America realizes her dreams in accomplishments. What better way to assure your place in the future than by preparing yourself for a professional role in the Scientific Era. Your dreams . . . and plans . . . right now will largely determine your deeds of tomorrow. The chemical industry offers unlimited opportunity for growth and development to young science graduates in the Gulf Coast area. Discuss it with your curriculum advisor at the first opportunity.

THE EDITOR SPEAKS.

 \mathbf{A}_{s} I lock the door of the violet yearbook room, I see many fond memories passing before my eyes. Wiley hiding his football practice uniform in the sports drawer on layouts which Ira has been conscientiously working . . . the mid-night oil we burnt in order to finish Mary Liz's, Donna's and Robin's class sections . . . Sharon C. still setting up picture schedules . . . re-reading Holly's fifth try of favorites' copy . . . Patsy (again) taking Tommie home for layouts "I forgot to bring" . . . and Brenda for her untiring efforts in putting the faculty section together. I musn't forget Ben and Billy for sticking with the staff during the selling of ads. To my editorial assistants, Judy, Lloyd, and Jack, who did everything . . . not forgetting our mid-term staffers, John, Sharon L., and Elizabeth, who have helped tremendously with the new student index. T urning from my staff, I come to Milby's administrative staff. Thanks go to Mr.

Roscoe Bayless, principal, who gave us permission to go to Dallas . . . Mr. Henry

Smith, asst. principal, who has made numerous announcements for us . . . Mrs. Wynelle Anderson for working overtime running off ballots . . . Mrs. Sara Gammage and Mrs. Evelyn Evans for the use of their adding machine and stapler. To Mrs. Clara Mc-Lendon and Mrs. Roy Needham for the use of their files in checking our index . . . Mrs. Gladys Price and Mrs. Janie Patterson for identifying pictures and to Milby's entire faculty for their patience. Many thanks to my advisor, Mrs. Wilma LeNoir, who has taught me many important points of journalism, and Mrs. Clyde Perkins, yearbook financial advisor, who has put up with many confusing money matters of my staff. To our patient photographers, Mr. Harold Bishop and Nat Rhodes, who have put up with many nerve racking episodes and John Goode and Roy Arnold for making it to the basketball games. Looking at the art work, I thank Joann Cihlar, Ken Lucas, and Mr. James Brady for their desire to communicate our theme thru the medium of art. Linda Foote for her gift of writing and wanting to share it with you . . . Mrs. Kathy Mills and her students for retyping our index . . . Mr. Martin Hamilton and Taylor Publishing Company for putting up with our many needs. To the budding new journalists who put out time and energy to help us meet our deadlines. Thanks to our entire student body for all their helpful comments . . . to our advertisers, each and everyone.

This ends the 1961 BUFFALO. I hope it is filled with your fondest memories of the past year.
