

5th Grade End of the Year Events

Hello everyone!

It is time to get ready for 5th Grade End of the Year Events. All events will be held in May.

All students are being asked to pay \$20.00 for 5th Grade dues/fees. These fees are to cover the expenses for the End of the Year Party and help towards yearbook.

20.00 for 5th Grade dues are due by April 1, 2019. Please send CASH money in a sealed envelope with your child's name and teacher name. Envelopes will be collected at end of week and receipts written for Tuesday folders. **You must include child and teacher name in order for a receipt to be written. At this time, I am not able to accept checks or credit card payments.**

Volunteers are needed for activities in May. You must be registered with VIPS to volunteer or attend any of the activities!

Fun Fridays – May 3, 10, 17, 24

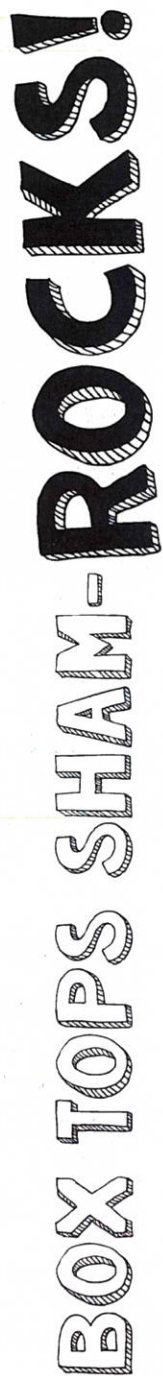

Each Friday, students will have a themed day. There will either be activities, food or dress up days for each theme. Parents will be notified in April of each theme. Volunteers needed to help set up, clean up, and serving food.

End of the Year Party – May 31st

The end of the year party will take place at Westbury Baptist from 9am to 2pm. The students will play games, hang out with their friends, karaoke and watch movies. Volunteers needed to help with planning, set up, clean up, vendors, getting donations, monitoring students, decorations, etc.

If you would like to volunteer for End of Year activities, please contact me via Bloomz or furletta711@yahoo.com. Thanks

Furletta Lewis

Thank you for helping! Clipped Box Tops are each worth 10¢ for your child's school.
Bonus certificates should not be attached to this sheet – please submit them separately.
To see more ways to earn cash for your child's school, go to BTfE.com.

CAMP INVENTION: A HIGH-ENERGY, HANDS-ON STEM CAMP

CREATIVE PROBLEM SOLVING

Children team up to rebuild ships and design underwater equipment in DEEP SEA MYSTERY™.

STEM APPLICATION

In DIY ORBOT™, participants explore circuit boards, motors and gears as they design a remote control bot to take on obstacles from sports to dance.

A DIY Orbot, designed by 3rd grade camper Josh B.

INNOVATION

Children collaborate with inventor superheroes and take on roles of engineers, fabricators and innovators to conquer villains in INNOVATION FORCE™.

CONFIDENCE

Kids become successful entrepreneurs in FARM TECH™, as they code bots to turn a polluted wasteland into a money making machine and create devices to save animals.

Camp Invention® is a program of the National Inventors Hall of Fame®, a nonprofit organization dedicated to advancing the future of innovation. Camp Invention was designed 28 years ago to introduce children to the process of invention early on. Exposure to the invention process is valuable for all children because it inspires collaboration, encourages entrepreneurship, ignites creativity, exercises problem solving skills and builds an understanding that failure is a necessary point on the path to success. **All programs are led by experienced local educators and grouped by grade level.**

"It's impossible not to have fun."
