The School Market Program helps alleviate child hunger in our community by providing food to children and their families. School-based markets are located on the grounds of a school to provide an easily accessible source of food assistance.

School Markets are set up like a small grocery store at a consistent location within a school's campus, with set distribution schedules. School Markets also may operate through a mobile market that brings food to a high school and middle school campus on a truck with a large refrigerated trailer.

**Who can participate?**
Any Independent School District in our 18-county service area.

**How does it work?**
Food Bank delivers the food, and you facilitate the distribution. School Market volunteers (high school and middle school students, PTO, admin staff) will have an orientation/training at their school provided by a representative of the Houston Food Bank.

**Run by students for students!**
Helping develop social skills, customer care skills, interact with clients, making an impact in their community.
