Previous Athletic Participation Form - Page 1
(Eligibility Questionnaire for New Student Athletes in Grades 9-12)

The questions below will assist the UIL/school administrators in making decisions in reference to the Varsity Athletic Parent Residence Rule, Full-Time Student Rule, Age Rule, Four-Year Rule, Foreign Exchange, Amateur Athletic Status, and Changing Schools for Athletic Purposes.

**Question 1** - determines whether or not the student needs to complete page 2 of the Previous Athletic Participation Form.

**Question 2** - a 'yes' answer will require further investigation to determine the student's first opportunity to enroll or a subsequent transfer back to the student's home attendance zone school.

Varsity Athletic Parent Residence Rule

**Question 3** - a check mark in the box for 'guardian' or 'foster parents' means a waiver of the residence rule is more than likely required for varsity athletic participation. Based on the answers above, contact the UIL office to discuss prior to allowing the student to participate at the varsity level in athletics.

**Question 4** - a check mark in the box for 'married - living apart' or 'married and the student is living with one parent' means a waiver of the residence rule is likely required for varsity athletic participation.

**Question 5** - a 'yes' answer means a waiver of the residence rule may be required for varsity athletic participation, if the student has NOT been continuously enrolled at that school for the previous calendar year.

**Questions 6, 7, 8 and 9** - a 'yes' answer to any or all of these questions needs to be investigated by the school to find out the circumstances and how they might or might not impact varsity athletic eligibility.

### RESIDENCE IN SCHOOL DISTRICT AND ATTENDANCE ZONE

This section applies to the first calendar year of attendance in grades 9-12. Parent(s) in the context of this rule means parents or adoptive parents who adopted the student prior to the student’s first entry in the ninth grade.

**PRESUMPTION OF RESIDENCE OF STUDENT, PARENT (S), SPOUSE.** The residence of a single, divorced or widowed student is presumed to be that of the parents of the student. The residence of a married student is presumed to be that of his or her spouse.

**GUARDIAN OF PERSON.** If a student's parents are alive but a guardian of his or her person was appointed by appropriate authority and recorded in the county clerk's office more than one year ago, the residence of the student is presumed to be that of the guardian if the student has continuously resided with the guardian for a calendar year or more. *If no legal guardianship has been taken out, three years' residence with and support of a contestant establishes guardianship within the meaning of this rule. (Power of Attorney is NOT a recognized document for participation in varsity athletic contest.)*

**GUARDIAN.** If a student's parents are dead and a guardian of his or her person has been appointed by appropriate authority, the residence of the student is presumed to be that of the guardian.

**RELATIVE; SUPPORTER.** If a student's parents are dead and a guardianship of his or her person has not been appointed, the residence of the student is presumed to be that of the grandparent, aunt, uncle, adult brother or sister or other person with whom the student is living and by whom the student is supported.

**CUSTODIAL.** The residence of a student assigned by appropriate authority to a foster home or a home licensed by the state as a childcare boarding facility, or placed in a home by the Texas Youth Commission, is presumed to be at the home. If a student's parent(s) move the student to a foster home in another school district, the student is not eligible, but may apply for a waiver.
DIVORCED PARENTS. The residence of a student whose parents are divorced is presumed to be that of either parent.

SEPARATED PARENTS.

1. If a student’s parents separate (and are not divorced), and if one parent remains in the attendance zone where the student has been attending school, the student’s residence is presumed to be that of the parent who did not move.
2. If a student transfers to a new school with a separated (but not divorced) parent, the student is ineligible for one calendar year, but may apply for a waiver.

Full-Time Student

**Question 10** – a ‘yes’ means the student is in violation of the full-time student rule and would be ineligible to participate at any level.

Age Rule and Four-Year Rule

**Question 11** – a ‘yes’ answer means the student is in violation of the Four Year Rule and not eligible for varsity participation. Contact the UIL office to inquire on the process for applying for a waiver of the Four Year Rule.

**Question 12** – a ‘yes’ answer to this question needs to be investigated. UIL rule prohibit students from repeating grades for athletic purposes.

**Question 13** – a ‘yes’ answer means the student is in violation of the Age Rule and not eligible for varsity athletic participation. Contact the UIL office to see if the student could qualify for a waiver of the Age Rule.

Foreign Exchange Waiver

**Question 14** – Foreign exchange students are not eligible for varsity athletics without a waiver. Contact the UIL office for details.

Amateur Athletic Status

**Question 15** – a ‘yes’ means the student is in violation of the amateur rule and would be ineligible to participate.

Assist in Determining if Student Moved for Athletic Purposes

**Questions 16, 17 and 18** – Any ‘yes’ answers should be thoroughly in question to participate at the varsity level in athletics.

*The date of withdrawal from previous school and date of enrollment in new school is necessary in determining if the student has been continuously enrolled for one calendar if the answer to question 2 is ‘yes’.

*Signature on the questionnaire certifies all required annual student forms and the information provided by the parent or student is true and correct.

** If the student attended a Magnet, Charter, or Open/Choice enrollment school it will require further investigation to determine the student’s first opportunity to enroll or a subsequent transfer back to the student’s home attendance zone school.
Previous Athletic Participation Form – Page 2

If the student is NOT living with parents at the new school it is more than likely a waiver of the parent residence is required for varsity athletic participation. Contact the UIL Office.

Section I – Eligibility Certification

- If the former address of parent/guardian is the same as the current address, a letter of explanation is REQUIRED to explain the change in schools with no change in address.
- If the status of previous residence is 'vacant' or 'still own', further investigation is needed.
- Parent/Guardian signature is required, and if witnessed by the new school administrator, notarization is not required.

Section II – New School Certification

- The new school superintendent or designated administrator signature signifies to his/her knowledge the student is not changing schools for athletic purposes.

Section III – Former School Certification and Release

- Questions 1-6 will help determine if the student is changing schools for athletic purposes.
- If any of questions 1-6 is answered 'yes,' a District Executive Committee hearing is required.
- If a hearing is required, testimony from the previous school, the student/parent and new school can be given to assist in determining eligibility. Please document the date of the hearing in this section.
- If questions 3, 4 or 5 are answered ‘yes’ an attachment of explanation from the previous school is required to the District Executive Committee.
- This section requires two signatures (former superintendent or designated administrator and former principal or coach).
- A student is ineligible for varsity competition until the District Executive Chair has signed the Previous Athletic Participation form.

Section IV – District Executive Committee Approval

- Check the level of approval for competition. If approved for 'Varsity' level in one sport, the student is approved for 'Varsity' level for all sports.
- Check and sign the level of approval for sub-varsity if the student does not meet varsity eligibility requirements.
- Complete the District Executive Chairman’s school, conference and district.
- A signature of the District Executive Committee Chairman is required before the student is eligible for varsity competition if the level of approval is 'Varsity'.
- The District Executive Committee Chairman sends one copy to the student’s current school and the other copy (with supporting documentation) to the University Interscholastic League.
Process for Previous Athletic Participation Form (PAPF)

1. **PAPF starts with school after student has enrolled in new school**
   - **New school completes and sends to former school**
   - **Former school completes and sends back to new school**
   - **New school sends PAPF to District Executive Committee Chair (DEC)**

2. **DEC Committee reviews PAPF to determine varsity eligibility**
   - **If all of Section 3 is “No”**
   - **If any of Section 3 is “Yes”**

3. **DEC Chair sends approved copies to school and UIL Office**

4. **DEC hearing required**

GENERAL INFORMATION

School coaches may not:
- Transport, register, or instruct students in grades 7-12 from their attendance zone in non-school baseball, basketball, football, soccer, softball, or volleyball camps (exception: See Section 1209 of the Constitution and Contest Rules).
- Give any instruction or schedule any practice for an individual or a team during the off-season except during the one in school day athletic period in baseball, basketball, football, soccer, softball, or volleyball
- Schools and school booster clubs may not provide funds, fees, or transportation for non-school activities.

GENERAL ELIGIBILITY RULES

According to UIL standards, students could be eligible to represent their school in interscholastic activities if they:
- are not 19 years of age or older on or before September 1 of the current scholastic year. (See Section 446 of the Constitution and Contest Rules for exception).
- have not graduated from high school.
- are enrolled by the sixth class day of the current school year or have been in attendance for fifteen calendar days immediately preceding a varsity contest.
- are full-time students in the participant high school they wish to represent.
- initially enrolled in the ninth grade not more than four years ago.
- are meeting academic standards required by state law.
- live with their parents inside the school district attendance zone their first year of attendance. (Parent residence applies to varsity athletic eligibility only.) When the parents do not reside inside the district attendance zone the student could be eligible if: the student has been in continuous attendance for at least one calendar year and has not enrolled at another school; no inducement is given to the student to attend the school (for example: students or their parents must pay their room and board when they do not live with a relative; students driving back into the district should pay their own transportation costs); and it is not a violation of local school or TEA policies for the student to continue attending the school. Students placed by the Texas Youth Commission are covered under Custodial Residence (see Section 442 of the Constitution and Contest Rules).
- have observed all provisions of the Awards Rule.
- have not been recruited. (Does not apply to college recruiting as permitted by rule.)
- have not violated any provision of the summer camp rule. Incoming 10-12 grade students shall not attend a baseball, basketball, football, soccer, or volleyball camp in which a seventh through twelfth grade coach from their school district attendance zone, works with, instructs, transports or registers that student in the camp. Students who will be in grades 7, 8, and 9 may attend one baseball, one basketball, one football, one soccer, one softball, and one volleyball camp in which a coach from their school district attendance zone is employed, for no more than six consecutive days each summer in each type of sports camp. Baseball, Basketball, Football, Soccer,Softball, and Volleyball camps where school personnel work with their own students may be held in May, after the last day of school, June, July and August prior to the second Monday in August. If such camps are sponsored by school district personnel, they must be held within the boundaries of the school district and the superintendent or his designee shall approve the schedule of fees.
- have observed all provisions of the Athletic Amateur Rule. Students may not accept money or other valuable consideration (tangible or intangible property or service including anything that is usable, wearable, salable or consumable) for participating in any athletic sport during any part of the year. Athletes shall not receive valuable consideration for allowing their names to be used for the promotion of any product, plan or service. Students who inadvertently violate the amateur rule by accepting valuable consideration may regain athletic eligibility by returning the valuable consideration. If individuals return the valuable consideration within 30 days after they are informed of the rule violation, they regain their athletic eligibility when they return it. If they fail to return it within 30 days, they remain ineligible for one year from when they accepted it. During the period of time from when students receive valuable consideration until they return it, they are ineligible for varsity athletic competition in the sport in which the violation occurred. Minimum penalty for participating in a contest while ineligible is forfeiture of the contest.
- did not change schools for athletic purposes.

I understand that failure to provide accurate and truthful information on UIL forms could subject the student in question to penalties determined by the UIL.

I have read the regulations cited above and agree to follow the rules.

What is Sudden Cardiac Arrest?
- Occurs suddenly and often without warning.
- An electrical malfunction (short-circuit) causes the bottom chambers of the heart (ventricles) to beat dangerously fast (ventricular tachycardia or fibrillation) and disrupts the pumping ability of the heart.
- The heart cannot pump blood to the brain, lungs and other organs of the body.
- The person loses consciousness (passes out) and has no pulse.
- Death occurs within minutes if not treated immediately.

Catecholaminergic Polymorphic Ventricular Tachycardia and Brugada Syndrome - other types of electrical abnormalities that are rare but run in families.

NonInherited (not passed on from the family, but still present at birth) conditions:
- Coronary Artery Abnormalities - abnormality of the blood vessels that supply blood to the heart muscle. This is the second most common cause of sudden cardiac arrest in athletes in the U.S.
- Aortic valve abnormalities - failure of the aortic valve (the valve between the heart and the aorta) to develop properly; usually causes a loud heart murmur.
- Non-compaction Cardiomyopathy - a condition where the heart muscle does not develop normally.
- Wolff-Parkinson-White Syndrome - an extra conducting fiber is present in the heart's electrical system and can increase the risk of arrhythmias.

Conditions not present at birth but acquired later in life:
- Commotio Cordis - concussion of the heart that can occur from being hit in the chest by a ball, puck, or bat.
- Myocarditis - infection or inflammation of the heart, usually caused by a virus.
- Recreational/Performance-Enhancing drug use.

Idiopathic: Sometimes the underlying cause of the Sudden Cardiac Arrest is unknown, even after autopsy.

What are the symptoms/warning signs of Sudden Cardiac Arrest?
- Fainting/blackouts (especially during exercise)
- Dizziness
- Unusual fatigue/weakness
- Chest pain
- Shortness of breath
- Nausea/vomiting
- Palpitations (heart is beating unusually fast or skipping beats)
- Family history of sudden cardiac arrest at age < 50

ANY of these symptoms and warning signs that occur while exercising may necessitate further evaluation from your physician before returning to practice or a game.

What is the treatment for Sudden Cardiac Arrest?
Time is critical and an immediate response is vital.
- CALL 911
- Begin CPR
- Use an Automated External Defibrillator (AED)

What are ways to screen for Sudden Cardiac Arrest?
The American Heart Association recommends a pre-participation history and physical including 14 important cardiac elements.

The UIL, Pre-Participation Physical Evaluation - Medical History form includes ALL 14 of these important cardiac elements and is mandatory annually.
What are the current recommendations for screening young athletes?

The University Interscholastic League requires use of the specific Preparticipation Medical History form on a yearly basis. This process begins with the parents and student-athletes answering questions about symptoms during exercise (such as chest pain, dizziness, fainting, palpitations or shortness of breath); and questions about family health history.

It is important to know if any family member died suddenly during physical activity or during a seizure. It is also important to know if anyone in the family under the age of 50 had an unexplained sudden death such as drowning or car accidents. This information must be provided annually because it is essential to identify those at risk for sudden cardiac death.

The University Interscholastic League requires the Preparticipation Physical Examination form prior to junior high athletic participation and again prior to the 1st and 3rd years of high school participation. The required physical exam includes measurement of blood pressure and a careful listening examination of the heart, especially for murmurs and rhythm abnormalities. If there are no warning signs reported on the health history and no abnormalities discovered on exam, no additional evaluation or testing is recommended for cardiac issues/concerns.

Are there additional options available to screen for cardiac conditions?

Additional screening using an electrocardiogram (ECG) and/or an echocardiogram (Echo) is readily available to all athletes from their personal physicians, but is not mandatory, and is generally not recommended by either the American Heart Association (AHA) or the American College of Cardiology (ACC). Limitations of additional screening include the possibility (~10%) of “false positives”, which leads to unnecessary stress for the student and parent or guardian as well as unnecessary restriction from athletic participation. There is also a possibility of “false negatives”, since not all cardiac conditions will be identified by additional screening.

Can Sudden Cardiac Arrest be prevented just through proper screening?

A proper evaluation (Preparticipation Physical Evaluation – Medical History) should find most, but not all, conditions that could cause sudden death in the athlete. This is because some diseases are difficult to uncover and may only develop later in life. Others can develop following a normal screening evaluation, such as an infection of the heart muscle from a virus. This is why a medical history and a review of the family health history need to be performed on a yearly basis. With proper screening and evaluation, most cases can be identified and prevented.

Why have an AED on site during sporting events?

The only effective treatment for ventricular fibrillation is immediate use of an automated external defibrillator (AED). An AED can restore the heart back into a normal rhythm. An AED is also life-saving for ventricular fibrillation caused by a blow to the chest over the heart (commotio cordis).

Texas Senate Bill 7 requires that at any school sponsored athletic event or team practice in Texas public schools the following must be available:

- An AED is in an unlocked location on school property within a reasonable proximity to the athletic field or gymnasium
- All coaches, athletic trainers, PE teacher, nurses, band directors and cheerleader sponsors are certified in cardiopulmonary resuscitation (CPR) and the use of the AED.

Each school has a developed safety procedure to respond to a medical emergency involving a cardiac arrest.

The American Academy of Pediatrics recommends the AED should be placed in a central location that is accessible and ideally no more than a 1 to 1 1/2 minute walk from any location and that a call is made to activate 911 emergency system while the AED is being retrieved.

CONCUSSION ACKNOWLEDGEMENT FORM

Name of Student ____________________________

Definition of Concussion - means a complex pathophysiological process affecting the brain caused by a traumatic physical force or impact to the head or body, which may: (A) include temporary or prolonged altered brain function resulting in physical, cognitive, or emotional symptoms or altered sleep patterns; and (B) involve loss of consciousness.

Prevention – Teach and practice safe play & proper technique.
- Follow the rules of play.
- Make sure the required protective equipment is worn for all practices and games.
- Protective equipment must fit properly and be inspected on a regular basis.

Signs and Symptoms of Concussion – The signs and symptoms of concussion may include but are not limited to: Headache, appears to be dazed or stunned, tinnitus (ringing in the ears), fatigue, slurred speech, nausea or vomiting, dizziness, loss of balance, blurry vision, sensitive to light or noise, feel foggy or groggy, memory loss, or confusion.

Oversight - Each district shall appoint and approve a Concussion Oversight Team (COT). The COT shall include at least one physician and an athletic trainer if one is employed by the school district. Other members may include: Advanced Practice Nurse, neuropsychologist or a physician’s assistant. The COT is charged with developing the Return to Play protocol based on peer reviewed scientific evidence.

Treatment of Concussion - The student-athlete/cheerleader shall be removed from practice or participation immediately if suspected to have sustained a concussion. Every student-athlete/cheerleader suspected of sustaining a concussion shall be seen by a physician before they may return to athletic or cheerleading participation. The treatment for concussion is cognitive rest. Students should limit external stimulation such as watching television, playing video games, sending text messages, use of computer, and bright lights. When all signs and symptoms of concussion have cleared and the student has received written clearance from a physician, the student-athlete/cheerleader may begin their district’s Return to Play protocol as determined by the Concussion Oversight Team.

Return to Play - According to the Texas Education Code, Section 38.157: A student removed from an interscholastic athletics practice or competition (including per UIL rule, cheerleading) under Section 38.156 may not be permitted to practice or participate again following the force or impact believed to have caused the concussion until:
1. The student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence, by a treating physician chosen by the student or the student’s parent or guardian or another person with legal authority to make medical decisions for the student;
2. The student has successfully completed each requirement of the return-to-play protocol established under Section 38.153 necessary for the student to return to play;
3. The treating physician has provided a written statement indicating that, in the physician’s professional judgment, it is safe for the student to return to play; and
4. The student and the student’s parent or guardian or another person with legal authority to make medical decisions for the student:
   A. Have acknowledged that the student has completed the requirements of the return-to-play protocol necessary for the student to return to play;
   B. Have provided the treating physician’s written statement under Subdivision (3) to the person responsible for compliance with the return-to-play protocol under Subsection (c) and the person who has supervisory responsibilities under Subsection (c);
   C. Have signed a consent form indicating that the person signing:
      (i) has been informed concerning and consents to the student participating in returning to play in accordance with the return-to-play protocol;
      (ii) understands the risks associated with the student returning to play and will comply with any ongoing requirements in the return-to-play protocol;
      (iii) consents to the disclosure to appropriate persons, consistent with the Health Insurance Portability and Accountability Act of 1996 (Pub. L. No. 104-191), of the treating physician’s written statement under Subdivision (3) and, if any, the return-to-play recommendations of the treating physician; and
      (iv) understands the immunity provisions under Section 38.159.
