

Math and English Camps Information

The CVHS Math & English Camp will be held from **August 4th through 8th**.

Registration Link: <https://forms.gle/eWkGhL4d9yflCwsj8>

Schedule:

Math Camp - 9:00AM - 12:00PM

Lunch - 12:00PM - 1:00PM

English Camp - 1:00PM - 4:00PM

Location: CVHS Campus

Students won't be learning continuously; icebreakers and other activities are scheduled during camp.

The deadline to submit this form is July 31st, 11:59 p.m.

At Math and English camp, students will have an opportunity to get prepare for the coming school year by reviewing important concepts, getting a head start on new ones, and meeting other students. They'll be placed in small groups and taught by members of Carnegie's academic honor societies. At math camp, they'll be organized by the math class they'll take in the fall.

Students should bring paper (or a notebook) and writing materials. For math camp specifically, it is encouraged, though not necessary, that students bring a graphing calculator (ti-84, ti-89, or ti-inspire are common options).

Lunch will not be provided. Students should bring a lunch for every day of camp.

Students should arrive by 8:45 a.m. each day.

It is recommended that students commit to all the days and both camps, as it would allow them to gain a more complete overview of their upcoming course curriculum and become acquainted with the school and its environment. However, we understand if they are

unable to attend every day/the full time. All students are still more than welcome to attend, regardless of their availability.

If there are any changes to your registration, edit the form before July 31st. If you must change after that date or if you have any questions, please email mualphathetacvhs@gmail.com

Can't wait to meet you all this summer!

The CVHS Team.
