## Face-to-Face learning begins on Monday, October 19. Below are some actions to help you prepare your child to transition smoothly and safely to the classroom:

- Make sure your child is up to date with all recommended vaccines, including for flu.
- Talk with your child about how school will look different (e.g., desks far apart from each other, people maintaining safe distancing from each other, eating lunch in the classroom)
- Review and practice proper hand washing techniques at home, especially before and after eating, sneezing, coughing, and adjusting a mask. Make hand washing fun and explain to your child why it's important.
- Talk to your child about the importance of wearing and keeping a mask on during the school day.
- Reinforce the concept of physically distancing.
- Remind your child to avoid sharing objects with other students.
