

# ACE MENTOR PROGRAM

ARCHITECTURE • CONSTRUCTION • ENGINEERING

# STUDENTS

## BECOME AN ACE STUDENT!

The mission of the ACE Mentor Program Houston is to engage, excite, and enlighten high school students to pursue careers in architecture, engineering, and construction through mentoring and continued support for their advancement into the industry.

The program is free of cost and there are no GPA requirements. ACE Houston has mentored hundreds of students since 2009. Over \$308,500 in scholarships have been awarded to ACE Houston seniors!

## MENTORSHIP: LED BY MENTORS. DRIVEN BY YOU.

Join weekly live remote learning sessions led by mentors who are industry professionals. These sessions will feature interactive activities, guest speakers and site visits. Outdoor in-person events will be planned during the season to connect face-to-face with your mentors.\* High School seniors registered for our program will be eligible to apply for ACE scholarships at the end of the season.

\*ACE Houston is dedicated to creating a safe and convenient learning environment without sacrificing the quality of our program. Any in-person session will be subject to CDC guidance. We may be able to provide technology resources to students that have limited access to technology, upon request.
