

Signing on to the HUB from Home

When you are on the HISD network at school, once you log on to your laptop, you should be able to access all the HUB and other HISD sites without signing on again. This is called **Single Sign On**.

Working from home requires an extra step after logging on to your computer.

To access the HUB or other HISD resource

- Open a browser such as Chrome or Edge.
- Type houstonisd.org/HUB

You will get a page like this.

Note: the \ key is the one below the Backspace key.

- Once you enter your credentials, you can access the HUB and other resources.

Enter your domain\username
STUDENT\S1234567
OR
Your full email address
S1234567@online.houstonisd.org
Then enter your password
