

## You're invited to a community meeting to learn important information about how high school is changing

This year's eighth-graders — the Class of 2018 — will be the first to experience a whole new path to graduation during their high school experience that will lead to success in college and career, beyond a diploma. The Texas Legislature has made changes in graduation requirements, and HISD has embraced this as an opportunity to offer the most personalized education possible. In addition to required rigorous academics, students will identify career fields that interest them and take courses that will prepare them for college and the job market in those fields. Graduation, college, and a meaningful career aren't just goals for every student — they're part of a joint mission between HISD schools and families. Get started by attending a community meeting and receiving information about:

- Requirements at all grade levels — attendance, STAAR tests, promotion standards
- HISD's 26-credit graduation plan
- Endorsements — classes and subjects you're interested in and good at that could lead to a rewarding career
- Performance acknowledgments — ways to supersize your diploma
- How to qualify for automatic admission to Texas colleges and universities

MONDAY, MARCH 10, 2014  
6 P.M. TO 7:30 P.M.

**Reagan High School**  
413 E 13<sup>th</sup> Street, Houston, TX 77008
