Thank you for completing your registration. You are now able to link students to your account. After linking students to your account, you can view progress reports and see assigned lessons students are working on.

Your child's Imagine Math account is provided through his or her school. If you don't have your child's username and password, please check with their teacher.

Enter your student's Imagine Math username and password. Check the box to verify that you are authorized to view your student's information.

Welcome to Imagine Math!
