- a. The Toy Drive will have a different system this year. Families will be connected to agencies that will help support their needs outside of Condit such as Toys for Tots. Condit will continue to have a toy drive, but the toys will be donated to Toys for Tots. CCSC was suggested and will be shared with Ms. Herbert. Condit is actively recruiting families to make them aware of the change and opportunities for support.
  - b. Ms. Cross asked if it was possible to have a calendar of items that will be asked on the end of year survey to help parents remember when happenings occur.
  - c. There is a concern from a 4<sup>th</sup> grade parent about grading policies being aligned vertically. Some grade levels allow it and some do not. Would stickers in agendas of the grade level policies be a possibility to help students and parents know what the expectation is for grades.
  - d. Ms. Grimm asked if the coffee talks are helpful? Ms. Cross shared that she thought that it's nice to have the opportunity.
