

How to Start a New Westside Club

- **Come up with an idea!** Clubs typically have an academic, community service and/or common interest purpose that are beneficial to young adults.
- **Find a sponsor.** Students wishing to start clubs should discuss their idea with faculty members and find a sponsor. Sponsors fill out Sponsor Responsibilities Form and Club Info Form.
- **Find students interested in joining.** You will need a Club Petition with at least 15 students interested in joining and the signature of the sponsor.
- **Get approval.** Have your sponsor submit this petition, plus completed Sponsor Responsibilities Form and Club Info Form to the receptionist in the Main Office. Please allow 5 days for this to be processed. It will be returned to the sponsor once approved. **Do not proceed until your club is approved.**
- **Get going and have fun!**

Official Name of Club:

Description (including any fees or membership requirements):

Meeting Information, including day(s), time, and location:
