Parent Communications to Students

Please limit parent messages communicated to students during the instructional day. It is suggested that messages be sent to a student during the day and the student can then receive the message after school.

**\$10.00 Oxford Sadlier Vocabulary Book,
from the General School Supply List have arrived
Deadline: October 15, 2015
Please bring \$10 to purchase your copy**

This Week in Physical Education with Mrs. Strong & Mr. Johnson

BCMA physical education uniforms will be sold to students during their PE class. If your student does not have Mrs. Strong they may purchase their uniform in the morning before school, located in the gym, with Coach Johnson.

Students are required to wear the BCMA's PE Uniform daily. If your child has he/she uniform from a previous school year they may wear the same one.

Uniform Cost: FULL SET (SM-LRG) \$20 (XL-XXL) \$30
Individual pieces \$10 each

This week in World Cultures with Tonry

Monday/Tuesday: Review Unit 1 material and begin study guide. Students will also review over Snapshot.

Homework: Complete Study Guide in notebook

Wednesday/Thursday: Take Unit 1 Test and begin writing thesis statements in preparation for student research papers in cycle 2.

Test: Unit 1

Friday: Students will identify examples and non-examples of thesis statements, learn to create a research question and identify between primary and

This week in World Cultures with Scott & Palmitier

Monday to Wednesday (9/28 to 9/30)

Students will identify the 4 Factors of Production and review the E of ESPN.

Students will also distinguish between limited and unlimited governments along with identifying advantages and disadvantages. Review the P of ESPN.

*Students should study for Unit Test which will include mapping skills, vocabulary, ESPN, Limited vs Unlimited government and 4 factors of Production

Thursday and Friday (10/1 & 10/2)

Unit Test

This Week in the Math Lab with Taplett

Sep 28 – Oct 2:

Use Think Through Math Program to improve and enhance math knowledge and skills.

Classwork: 50 minutes must be spent on activities and lessons in TTM per class period

Homework: 50 minutes per week must be spent in TTM for homework.

Participation: Based on following laptop usage policies and procedures.

Students are graded on above criteria.
Quiz and Test Grades, based on Lessons Passed.

BCMA Instructional Agenda

This Week in the Math Lab with Bonno

Students will continue to enrich and strengthen their math skill with Think Through Math.

Please remember that quiz and test grades come from lessons **passed**, not completed.

Time on the math lessons in class and at home (50 minutes a week, Monday-Sunday) will be recorded as classwork and homework grades.

This is the final week of the six weeks and final week to improve your lessons passing rate!

This Week in Latin with Kirk

We will be developing the “Journey Project”, as well as reviewing the vocabulary and grammar concepts that we have gone over thus far:

- Parts of Speech
- Noun Classification
- Verb Types
- Unit 1 Vocabulary

Quiz: Perseus Myth

Parents, please remind students to have all of their Latin handouts present with them and easily attainable in class, as well as their notebooks, for note-taking.

This Week in the World of Science with Means-Gary & Zhang

Monday/Tuesday: Students will review their results of the district’s snapshot exam and teacher’s unit exam and get clarification on most missed concepts for future assessments. Students will also review activities from last week of properties of metals, nonmetals and metalloids due to early dismissal on last week which caused some activities to be shortened. Then from that point they will begin calculating density to identify unknown substances and practice calculating density problems to identify unknown substances.

Wednesday/Thursday/Friday: Students will continue to calculate density to identify unknown substances and continue practicing calculating density problems to identify unknown substances.

*****HOMEWORK TO COME*****

Day given and due date depends on labs and activities covered each day

• Density Practice Problems

Parents: Please note that in Science classes, students engage in hands-on, group labs that require attendance in the actual classroom. Homework is based upon the progress of the labs and activities during that time and changes week to week due to our schedule of A and B days. Also, the agenda is just an estimate of things to come based on the schedule and student’s academic needs.

This Week in Reading w/Hayner, Martinez, and Walker

This week Sixth Grade Reading will continue the novel study for *The House on Mango Street*, by Sandra Cisneros.

A hyperlink for audio and text is below:

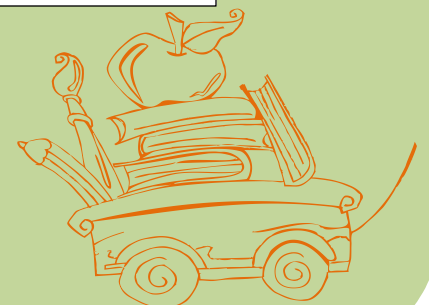

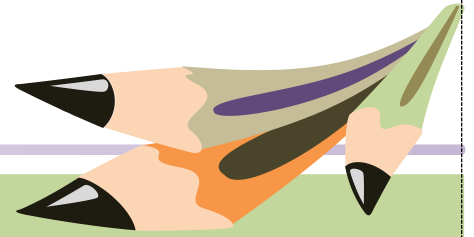

[The House on Mango Street \(Hyperlink\)](#)

A URL Address for audio and text is at the bottom of this page, just follow the arrow.

Our focus this week is author's perspective, but we will continue to emphasize inference, figurative language, imagery, and summary. In addition to the novel study, students will work with informational passages.
