After School Program

A-Z DESCRIPTIONS TO ENRICHMENT CLASSES FALL 2019

MANDARIN IMMERSION MAGNET SCHOOL

DESCRIPTION OF ENRICHMENT CLASSES FALL 2019

The Schedule below is sorted by ABC Order according to name of class.

A Taste of Charm & Chivalry

Grade Level **PK-5** Day **Fri** Time **4:15-5:15** Min/Max **10/20**

Course Description

A Taste of Charm and Chivalry is a great opportunity for your child to understand the rules of etiquette in an age-appropriate, fun, and engaging environment. Access to these esteem building, critical life skills help young students successfully navigate social situations and enhance their communication skills. Our unique traveling classroom approach to learning will ultimately introduce our young ladies to southern charm and our young men to the art of chivalry. Sessions are interactive, creative, and provide real-world situations and illustrations. For additional information, please visit www.MLSOE.com or contact us at 281.974.6701.

Students will learn the following skills: Proper Introduction and PowerShake, Poise & Grace, Chivalry 101, Conversation Champions, Party Politeness, A Guys Guide to Chivalry, A Girls Guide to Charm, Dressing and Grooming for All Occasions, How to be a Good Friend, Resolving Conflict/Mastering My Emotions, Dining Etiquette and Table Setting, American Style Dining 101, Continental Style of Dining 101, Tea Etiquette, and more...

Teacher Description

Monica Lewis School of Etiquette has been in business for 12 years. Mrs. Lewis is a leading expert in the industry of etiquette and protocol. She has been interviewed by Fox 26, KPRC, ABC13 and CW39. In addition she is a Best Selling Author of *Say Yes to Manners*. She is also an avid believer that social presentation and behaviors are important in order to be successful in today's society. Seeking to promote awareness of this fact, Monica is a passionate instructor who is dedicated to providing quality and professional training to her clients. With more than twelve years of experience, Mrs. Lewis is renowned for her vibrant personality and highly interactive presentation skills.

As an author, motivational speaker, wife, and mother of five Monica is committed to bringing a positive change everywhere she goes. She is actively involved in her church, community organizations, and schools. She also devotes many hours mentoring teenage girls and boys across the country.

An Engineering World (STEM)/Coding Club

Grade Level **PK-2** Day **Thur** Time **4:15-5:15** Min/Max **8/20**

Course Description

Two courses in one semester!

STEM, especially Engineering is Everywhere! For half of the semester explore engineering in the **Engineering For Kids STEM Club**. Students are introduced to a new, hands-on, STEM learning lesson every week from various engineering disciplines (Aerospace, Mechanical, & Civil, to name a few). For each lesson, students focus on developing problem solving, critical thinking and peer collaboration skills using the Engineering Design Process. These life skills provide students with the confidence to approach challenges in their lives and realize that they can succeed. And the other half of the semester **Coding Club/Intro to Programming**: Programming and coding are becoming necessary skills for various fields of engineering. Students will be introduced to coding and develop programming skills by designing and developing simple and fun video games using MIT's Scratch or Scratch Jr programming software! **Tuition fee already includes the supply fee!**

Teacher Description

Engineering For Kids, Greater Houston Area owners are parents with degrees and real-world experience in engineering, science, and teaching, looking to make a difference in your child's life by exposing them to the World of Engineering and Making STEM Careers Come Alive! Engineering For Kids is an educational brain sport, offering high interest, hands-on, brains-on courses! Your children will further develop their critical thinking and problem solving skills at such a young age. We build engineers, not just robots. For additional information, including owner and instructor bios, please visit www.engineeringforkids.com/GreaterHouston

Archery for Beginners (K-5)

Grade Level **K-5** Day **Tues** Time **5:20-6:20** Min/Max **8/15**

Course Description

Fun activity and something different. The purpose of the class is to introduce students to the basic techniques of archery emphasizing the care and use of equipment, range safety, stance, body position and shooting techniques.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

Archery for Beginners&Intermediate (6-8)

Grade Level **6-8** Day **Tues** Time **4:15-5:15** Min/Max **8/15**

Course Description

Fun activity and something different. The purpose of the class is to introduce students to the basic techniques of archery emphasizing the care and use of equipment, range safety, stance, body position and shooting techniques.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

ArtSmart-Early Childhood Art

Grade Level **PK-K** Day **Tues** Time **4:15-5:15** Min/Max **5/15**

Course Description

ArtSmart is an early learning program that introduces young children to art by letting their natural creative abilities unfold in a fun environment. While students explore color, texture, shapes, and different types of art materials, they learn to freely express their feeling and ideas through art projects.

ArtSmart is designed to help children develop fine motor skills, perceptual thinking, and creative problem solving while building an appreciation of art. Students will work with a range of art materials and techniques tailored to their specific developmental level.

Teacher Description

City ArtWorks engages trained art instructors to teach their ArtSmart program. The lesson plans are age-appropriate, theme-based, and change periodically from semester to semester. City ArtWorks is a nonprofit arts education organization based in Houston since 1982. Their programs serve approximately 50 elementary and middle schools in five school districts in the greater Houston area.

Ballet & Chinese Dance Beg & Intermediate (2-5)

Grade Level **2-5**

Day **Mon**

Time **4:15-5:15**

Min/Max **12/24**

Course Description

The course is a combination of Ballet and Chinese dance and will be taught entirely in Chinese Mandarin Language. The class is divided into two parts of 30 minutes each. The ballet part will cover ballet foundations, such as basic feet, arm positions, good posture, as well as stretch for flexibility. As for the Chinese dance part, students will learn of the culture, traditions and history embedded in the dance and its movements and will master the skills in each dance.

Teacher Description

Mitsi Dancing School (MDS) is one of the fastest growing dance schools in Houston, with three full-sized studio in Houston, Katy and Sugar Land area. Some of MDS's past highlights include being national quarter finalist in America's Got Talent in 2013, Regional Top 12 at the Youth America Grand Prix (YAGP) competition in 2018. MDS also offer American Ballet Theatre National Training Curriculum exams for students age 5 and up. So far MDS students remain a 100% perfect pass rate. Every class and every program at MDS are carefully designed and are taught by our professional faculty in Ballet, Chinese Dance, Modern, Jazz, Tap, HipHop. MDS also works with Movements In Time that is a non-profit 501(c) organization that aims to assist talented dancers aspire to take their dance skills to the next level. Participating in MIT performances and rehearsals is recognized for the Youth Expanding Service (YES) program. For more information about Mitsi Dancing School please visit our website: www.mitsidancingschool.com

Ballet & Chinese Dance Beg & Intermediate (6-8)

Grade Level **6-8**

Day **Mon**

Time **4:15-5:15**

Min/Max **12/24**

Baseball for All (6-8)

Grade Level **6-8**

Day **Thur**

Time **5:20-6:20**

Min/Max **8/15**

Course Description

A class where kids can get away and enjoy an hour of fun! We will cover learning the proper baseball mechanics in hitting, fielding, and throwing; and most importantly, a basic understanding of the game and rules by working on basic skills and drills. Elite International will work with all students to improve their skills, such as: hitting, catching, fielding and throwing.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

Baseball for All (K-5)

Grade Level **K-5**

Day **Thur**

Time **4:15-5:15**

Min/Max **8/15**

Course Description

A class where kids can get away and enjoy an hour of fun! We will cover learning the proper baseball mechanics in hitting, fielding, and throwing; and most importantly, a basic understanding of the game and rules by working on basic skills and drills. Basketball (6-8)

Grade Level **6-8**

Day **Tues**

Time **5:20-6:20**

Min/Max **8/15**

Course Description

In this class students will master skills such as learning to dribble, shoot, and pass the ball. Coordination and agility are emphasized to improve the skill level of the students. The students will develop important team work skills while playing in a fun environment. Basketball will give the students a good form of exercise.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

Basketball (K-5)

Grade Level **K-5**

Day **Tues**

Time **4:15-5:15**

Min/Max **8/15**

Course Description

Brick Slayers!

Grade Level 1-5 Day Tues Time 4:15-5:15 Min/Max 5/15

Course Description

What the Brick? The journey begins with creative brainstorming, time management and team communication as groups build a diverse range of vehicles that wrangle other robots and race against the clock! This class will discuss basic mechanics and key concepts of engineering that will allow you to build the best Brick Bot you possibly can. Here is your chance to learn about gears, traction, speed, torque, and other concepts. Challenge teams to defend with honor and conquer. It's time to go where no brick has gone before!

Teacher Description

Our mission at American Robotics Academy® is to excite, inspire, and motivate young people about the fun, importance and impact of robotics technology in today's world. Our classes teach students to understand "how things work" through hands-on activities and STEM/STEAM curriculum that demonstrate the principles of simple and motorized machines. They gain experience with design and problem solving through the use of gears, motors, wheels and axles, pulleys, and remote-control devices. NEW this FALL! American Robotics Academy will be offering simple coding classes with the Boost Technology. We provide all the kits, curriculum and devices – (value of over \$2200).

Chess Instruction with USA Chess (1-5)

Grade Level 1-5 Day Thur Time 4:15-5:15 Min/Max 8/32

Course Description

Children of all ages and abilities will be taught the game of chess from experienced tournament players. Lessons are tailored to the abilities of the class. Beginners are taught the basics (piece movement, rules of the game, etc.). More experienced players will learn tactics, opening concepts, end game strategy and more.

Teacher Description

Active Learning has been teaching children Gamemaker for over 10 years. Our experienced instructors and tested curriculum make video game creation fun and children create a game they can enjoy at home.

Chess Instruction with USA Chess (6-8)

Grade Level 6-8 Day Thur Time 4:15-5:15 Min/Max 8/32

Course Description

Children of all ages and abilities will be taught the game of chess from experienced tournament players. Lessons are tailored to the abilities of the class. Beginners are taught the basics (piece movement, rules of the game, etc.). More experienced players will learn tactics, opening concepts, end game strategy and more.

Teacher Description

Active Learning has been teaching children Gamemaker for over 10 years. Our experienced instructors and tested curriculum make video game creation fun and children create a game they can enjoy at home.

Circus Stars

Grade Level K-5 Day Thur Time 4:15-5:15 Min/Max 6/14

Course Description

Calling all circus stars! In this fun class, your student will be introduced to a variety of circus inspired games and activities like juggling, balloon twisting, face painting, character development, arts / crafts and more! Each week, students will learn circus style hula hoop tricks and work on stretches to become flexible and limber just like real circus stars. Students will explore circus skills that improve their balance, hand eye coordination and confidence in a fun and safe environment. Perfect for all skill levels Grades K – 5th.

Teacher Description

Mad About Hoops is co-owned by Amy Neel and Madison McBurney. Both are professional hula hoop performers with an extensive background in working with children. Together, they run 'Mad About Hoops', the nations largest Hula Hoop after school program. Mad About Hoops has been in Houston for over 3 years and they are excited to return to Harvard Elementary for their second year.

Code Like a Champ

Grade Level 6-8 Day Fri Time 4:15-5:15 Min/Max 5/15

Course Description

New this FALL! Have your robot do every wish you command in our ALL NEW coding class! Build your intergalactic robot using Lego BOOST kit. Each student will build multiple robots throughout the duration of the course. Upon completion of the robot builds, each student will learn to program the robot to conduct different tasks using the drag and drop icons on the Boost Lego software. Each team is provided a tablet to access the coding software. Each lesson or challenge must be met before the next step is achievable. Team and individual activities will be conducted to achieve your robot's goal.

Teacher Description

Our mission at American Robotics Academy® is to excite, inspire, and motivate young people about the fun, importance and impact of robotics technology in today's world. Our classes teach students to understand "how things work" through hands-on activities and STEM/STEAM curriculum that demonstrate the principles of simple and motorized machines. They gain experience with design and problem solving through the use of gears, motors, wheels and axles, pulleys, and remote-control devices. NEW this FALL! American Robotics Academy will be offering simple coding classes with the Boost Technology. We provide all the kits, curriculum and devices – (value of over \$2200).

Coding Club / Drones Academy

Grade Level 3-5 Day Wed Time 4:15-5:15 Min/Max 8/20

Course Description

Two courses in one semester!

Engineering is everywhere! For half of the semester we will cover **Coding Club**: Programming and coding are becoming necessary skills for various fields of engineering. Students will be introduced to coding and develop programming skills by designing and developing simple and fun video games using MIT's Scratch or Scratch Jr programming software! The other half of the semester: **Drones Academy**: Take to the skies with mini drones! Housing a thrilling, hands-on aerial robotics platform, this class is the perfect introduction to the world of unmanned aerial vehicles (UAVs). Using a combination of interactive lessons, concept explanations, videos, puzzles, and DIY projects and obstacle courses, students learn to code programs that control drones. The coding activities build and reinforce STEM skills in geometry, art, math, and science. **Tuition fee already includes the supply fee!**

Teacher Description

Engineering For Kids, Greater Houston Area owners are parents with degrees and real-world experience in engineering, science, and teaching, looking to make a difference in your child's life by exposing them to the World of Engineering and Making STEM Careers Come Alive! Computer Animation, Game Design & 3D Printing

Grade Level 2-5 Day Mon Time 4:15-5:15 Min/Max 8/20

Course Description

Students are taught illustration & animation prior to game design. In the Spring term students will further their knowledge into 'Step event', 'Paths', 'Levels', and 'Conversion'. From the middle of the Spring 2016 semester, students will proceed to 'Sculptress' and 3D printing. 3D Printing will be done at the Bellaire studio.

Teacher Description

The Monart school of art has been serving Houston for over 8 years. We pride ourselves in teaching free hand drawing with a progressive and unique step-by-step drawing curriculum. Monart teachers have been trained in the "Monart" methodology, which was founded by Ms. Mona Brooks, the author of teaching children how to draw; our core strength is that children learn how to break down any image into simple elements and draw them independently. Along with excellent art skills, they have a passion to teach. They are patient and work well with all students to help them overcome their difficulties.

Conflict Resolution (2-5)

Grade Level 2-5 Day Fri Time 5:20-6:20 Min/Max 6/15

Course Description

The objective of this class is to introduce conflict resolution skills and strategies to students. As adults encounter conflicts on their job, students also encounter conflicts at school and knowing how to effectively handle these situations are essential to their growth and development. This class is designed to teach students on how to effectively resolve conflicts, view the problems and issues from multiple perspectives, practice active listening techniques, and control and manage emotions. These will be demonstrated and implemented through appropriate and fun discussion, activities, games, and real-life scenarios.

Teacher Description

Coloquia is a Houston based company formed in early 2003. Our mission is to provide outstanding training programs for school, corporations, and individuals, facilitating the interaction of cultures from all over the world. Coloquia's instructors are multi-lingual and multi-cultural ensuring the students get exposed to a great diversity of cultural influences in the process of learning. All our instructors are professionals who have undergone extensive training in the methods of teaching.

Conflict Resolution (6-8)

Grade Level 6-8 Day Fri Time 5:20-6:20 Min/Max 6/15

Course Description

The objective of this class is to introduce conflict resolution skills and strategies to students. As adults encounter conflicts on their job, students also encounter conflicts at school and knowing how to effectively handle these situations are essential to their growth and development. Creative Writing & Story Book Illustration

Grade Level 1-5 Day Thur Time 4:15-5:15 Min/Max 8/20

Course Description

This class brings together the best of each child's story creation and illustration skills. Students are taught a variety of structures in story writing supported by illustrations to match their plot. This is a very interactive class as our students bring an abundance of ideas to each class. It is a wonderful form for expression. All storybook pages will be compiled into a book format and returned to the students at the end of the semester. We will have a story reading session mid-semester which will allow all the students to show case their stories with their peers and parents.

Teacher Description

The Monart school of art has been serving Houston for over 8 years. We pride ourselves in teaching free hand drawing with a progressive and unique step-by-step drawing curriculum. En Garde: Fence for Fun (1-5)

Grade Level 1-5 Day Wed Time 4:15-5:15 Min/Max 10/15

Course Description

Move over three musketeers!! Fencing, a classic sport with history, drama and style, excites the imagination, encourages creativity and builds confidence in physical and mental skills. By requiring concentration, discipline and quick decision making, it improves thinking skills and academic performance. Classes for both beginners and continuing fencers are structured to provide instruction in a curriculum appropriate for young students. The sport is taught in a FUN and captivating atmosphere of games and activities with focus on physical development, coordination, fencing tactics and techniques. Students learn unique footwork, fencing actions, scoring, terminology, tournament protocol, strategy and problem resolution. MOST of all...Fencing is FUN!!!

Teacher Description

Bayou City Fencing Academy is the oldest and largest fencing facility in Harris County. Our instructors have extensive experience teaching in both public and private schools. They themselves have all been exceptional fencers. Our fencers have won gold medals in local, state and national tournaments and have gone on to some of the most prestigious universities with fencing scholarships. We are a member of the United States Fencing Association and as such have hosted National as well coordinated the Houston NCAA fencing championships and senior and junior Olympics.

Eng, Science and CSI/PK-3

Grade Level PK-3 Day Tues Time 4:15-5:15 Min/Max 8/15

Course Description

In this class, explore topics in Engineering, Science and CSI Investigation. Design propeller cars and roller coasters. Explore volcanoes and build a rocket to launch into the sky. Become a CSI Investigator and solve a mystery using blood and DNA analysis. This is the perfect class for the curious minded student who loves to build, create and see how things work!

Teacher Description

Camp Einstein was formed in Houston, TX by a group of educators and technology professionals. Our staff is committed to providing a world class curriculum for children ages 5-12. We deliver a hands-on, minds-on enrichment experience in a fun and creative way. Camp Einstein classes evoke imagination and discovery through scientific projects. Our unique curriculum is just as entertaining as it is educational. At Camp Einstein, campers are engaged in hands-on lessons and are motivated to use their critical thinking skills while learning principles central to engineering, the earth, and the physical sciences. We offer after-school enrichment classes, summer and winter camps, birthday parties, and workshops. We are proud to be serving the creative little minds of Texas!

Explore the Culture of China

Grade Level 3-5 Day Mon Time 5:20-6:20 Min/Max 3/8

Course Description

As a symbol of eastern civilization, the culture of China is enriched by a long history and multi-ethnic groups. In a weekly 60mins lesson, students will be able to learn the authentic language and experience the rich culture of China, as potential bilinguals. The curriculum includes basic Mandarin communication and exploring the culture. The instructors are native speakers of Mandarin and are highly capable of delivering the lesson both in Mandarin and English, if necessary. They also have years of experience of teaching Mandarin as a foreign language here in the United States. For students: at least one year experience of learning Mandarin is required.

Teacher Description

VIVO Professional Music School has long-term experience of providing authentic mandarin language lesson, professional music/instrument lesson and culture immersion lessons to PK-8 graders. Proper-guided music/instrument lesson, authentic language for concise communication and culture immersion for fun experience would meet the need for young generation to develop a solid personal growth to embrace the contemporary society. Feel free to visit our website: <http://vivoschoolhouston.com>

Fitness for Kids!

Grade Level K-5 Day Fri Time 4:15-5:15 Min/Max 8/15

Course Description

This class will provide fun physical activities involving low impact boot camp exercises. In addition, exercises that will include teamwork, agility, etc. will be provided so that the kids will be prepared for field day activities scheduled in the school during the Spring Semester.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

Getting Ready Art

Grade Level K-5 Day Wed Time 4:15-5:15 Min/Max 8/20

Course Description

An introduction to representational drawing geared to the attention span and motor coordination of 4-8 year old students. Students learn to recognize the elements of shape. This program has the progressive curriculum. It is structured to give enough structure to succeed and enough freedom to express. The curriculums for the 1st semester will be handed out in the first class. All art work will be placed into their individual portfolios along with a progress report and be handed back at the last class.

Teacher Description

The Monart school of art has been serving Houston for over 8 years. We pride ourselves in teaching free hand drawing with a progressive and unique step-by-step drawing curriculum. Monart teachers have been trained in the "Monart" methodology, which was founded by Ms. Mona Brooks, the author of teaching children how to draw; our core strength is that children learn how to break down any image into simple elements and draw them independently. Along with excellent art skills, they have a passion to teach. They are patient and work well with all students to help them overcome their difficulties.

Group Violin Fundamentals (6-8) @ 5:20

Grade Level 6-8 Day Mon Time 5:20-6:20 Min/Max 3/6

Course Description

In a weekly 60mins lesson, students will be able to learn fundamentals of violin while developing an interest to play violin further. Teachers are professional violinists graduating from University of Houston or Rice University who have been playing and studying violin for decades. They all have a great passion in delivering the message of music to the young generation. NO prior violin experience is required. **NOTE: 1 Music Book is included in the cost of the class. In addition, make ups are scheduled only when an instructor is unable to teach a lesson.**

Teacher Description

Guitar (Private) @ M5:25 6-8

Grade Level 6-8 Day Mon Time 5:25-5:55 Min/Max 1/1

Course Description

This private class will provide the student with one on one instruction. The student will learn notes and melodies, chords, and develop a musical mind geared towards creating their own pieces. A vast pool of styles will be presented, such as pop and traditional, to classical and jazz. The student will fall in love with the instrument as a voice of self-expression. There will be a recital scheduled at the end of semester. **NOTE: You will be notified later in the semester of an additional recital fee.**

Teacher Description

Nathan Quick is an accomplished teacher, songwriter, performer, and studio guitarist. He practices the Berklee Method of music and has studied under Mike Wheeler (University of St. Thomas, University of Houston) and 3-time Grammy Nominated artist Bert Wills. He has been a studio musician at Sugar Hill Studios in Houston since 2010 and has performed over 3000 times including the Internationally recognized Free Press Summer Festival in 2016. Nathan is very passionate about guitar and teaching and looks forward to sharing his passion for music with his students.

Guitar (Private) @ M5:25 K-5

Grade Level K-5 Day Mon Time 5:25-5:55 Min/Max 1/1

Course Description

This private class will provide the student with one on one instruction. The student will learn notes and melodies, chords, and develop a musical mind geared towards creating their own pieces. A vast pool of styles will be presented, such as pop and traditional, to classical and jazz. The student will fall in love with the instrument as a voice of self-expression. There will be a recital scheduled at the end of semester. **NOTE: You will be notified later in the semester of an additional recital fee.**

Guitar Group Lesson (6-8)

Grade Level **6-8** Day **Mon** Time **4:15-5:15** Min/Max **4/8**

Course Description

This group class will provide students instruction in an open atmosphere with other peers. They will learn notes and melodies, chords, and develop a musical mind geared towards creating their own pieces. A vast pool of genres will be presented, such as pop and traditional to classical and jazz. The student will fall in love with the instrument as a voice of self expression. They will learn how to interact musically with each other. There will be a recital scheduled at the end of semester.

Teacher Description

Nathan Quick is an accomplished teacher, songwriter, performer, and studio guitarist. He practices the Berklee Method of music and has studied under Mike Wheeler (University of St. Thomas, University of Houston) and 3-time Grammy Nominated artist Bert Wills. He has been a studio musician at Sugar Hill Studios in Houston since 2010 and has performed over 3000 times including the internationally recognized Free Press Summer Festival in 2016. Nathan is very passionate about guitar and teaching and looks forward to sharing his passion for music with his students.

Imagineers

Grade Level **PK-K** Day **Mon** Time **4:15-5:15** Min/Max **5/15**

Course Description

In the Imagineers program, students are tasked with structured building. Learning how to put pieces together to create a structure, whether it be a car, house, bridge, etc. They will also learn about the different pieces so that they can learn to how to build with structural integrity. This course is designed to set up Prek/K students to be successful in more advanced robotics classes.

Teacher Description

Our mission at American Robotics Academy® is to excite, inspire, and motivate young people about the fun, importance and impact of robotics technology in today's world. Our classes teach students to understand "how things work" through hands-on activities and STEM/STEAM curriculum that demonstrate the principles of simple and motorized machines. They gain experience with design and problem solving through the use of gears, motors, wheels and axles, pulleys, and remote-control devices. NEW this FALL! American Robotics Academy will be offering simple coding classes with the Boost Technology. We provide all the kits, curriculum and devices – (value of over \$2200).

Interactive Robotics

Grade Level **K-5** Day **Mon** Time **4:15-5:15** Min/Max **10/15**

Course Description

This STEM class is a mixed bag that combines Robotics, Engineering and Physical Science. Students will build a spaghetti bridge and test for stability, build straw rockets and balsa gliders to test speed and distance. Build the tower of power out of index cards to learn about the design process and build a human skeleton out of noodles to learn about bones. These and other modular units used in this very creative class will encourage problem solving and an understanding of various scientific principles. These hands on class for 1st through 5th graders will be above all FUN!!

Teacher Description

Our lead robotics instructor is a computer engineer. He conducts various workshops and clinics for our instructors in the latest and most innovative practices in STEM robotics. Our teachers have extensive experience in working with children and teens.

Jazz/Hip Hop (2-5)

Grade Level **2-5** Day **Fri** Time **4:15-5:15** Min/Max **12/24**

Course Description

Course Description

Students will be introduced to the fundamentals of Lacrosse, understanding the game and how it's played. The program will work on coordination and handling the Lacrosse stick. Basic skills will be introduced such as: running, passing, moving, catching and shooting.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

Little Mandarin Speakers (PK-2)

Grade Level **PK-2** Day **Mon** Time **4:15-5:15** Min/Max **3/6**

Course Description

In a weekly 60mins lesson, students will be able to learn the authentic language and experience the rich culture of China, as potential bilinguals. The curriculum includes basic Mandarin communication and exploring the culture.

Teacher Description

VIVO Professional Music School takes pride in offering all levels of professional mandarin language and culture lessons to PK-5. In a weekly 60min class, the students will experience authentic Chinese language and culture. The curriculum includes basic Chinese language communication, recognizing characters and culture experience. Our instructors are originally from China who are native-speakers of the language. They are certified in the area of Chinese teaching and have long-term experience of teaching Chinese in the US.

The instructors are native speakers of Mandarin and are highly capable of delivering the lesson both in Mandarin and English. They also have years of experience of teaching Mandarin as a foreign language here in the United States.

Little Med School

Grade Level **PK-5** Day **Mon** Time **5:20-6:20** Min/Max **6/12**

Course Description

At Little Medical School®, we understand kids love to dress up and play doctor. That's why we've created a fun and exciting program to help elementary and middle school aged students explore the world of medicine. A trained teacher who can assist each child individually as well as groups lead our small classes. Through interactive learning, kids will discover how the body and organs work, how to use medical instruments, administer first aid and even tie knots like a real surgeon. Each child will receive a working stethoscope to take home and a diploma as a graduate of the Little Medical School® after completion of the course.

Teacher Description

Little Medical School® brings medicine, science and the importance of health to children in an entertaining, exciting and fun way. Let your child come and experience Little Medical School®, where we are inspiring tomorrow's healthcare professionals today. Little Medical School® brings medicine, science and the importance of health to children in an entertaining, exciting and fun way. Our educational enrichment programs provide a fun, innovative, and engaging curriculum. We create an opportunity to experience role playing using tools that real doctors use. All of our curriculum is aligned with STEM objectives.

Little Med School 4 Teens

Grade Level **6-8** Day **Wed** Time **4:15-5:15** Min/Max **6/12**

Course Description

We offer an one-of-a-kind learning experience for middle school students. This hands-on, in depth experience puts the student in the role of the physician complete with a white coat and real stethoscope. Through interactive and creative demonstrations, crafts, and projects, students see how the body works and what goes wrong with disease states. Our "student doctors" not only learn how to use a stethoscope, but also they learn what they are hearing when they listen to the heart beat. We discuss why murmurs sound they way they do and that they get their first looks at EKG's. As "student surgeons" they learn how to sew like a real surgeon, tie knots, and do a hernia repair with mesh! In the blood section, they make a model of normal blood, and then see first hand what goes wrong with leukemia and sickle cell disease. Additionally, students learn what it takes to prepare for being a pre-med in college and learn important tips to be a successful candidate. This is just a sampling of the many exciting topics we explore.

Little Picassos

Grade Level **PK-1** Day **Mon** Time **4:15-5:15** Min/Max **8/10**

Course Description

Little Picassos is tailored for the youngest of artists! Using clay, paint, and crayons, students will learn how to express themselves visually. In every class, students will be introduced to a new technique while also having fun! Students will learn how to embrace their artistic voices and leave class inspired and resilient.

Teacher Description

Young Picassos™ was founded in 2011 by Angelina Rodriguez, a licensed Psychotherapist, certified art therapist, and professional artist. The Young Picassos art program is designed to promote compassion, creativity, and socio-emotional growth in children. Each class incorporates Social and Emotional Learning (SEL) to teach children the skills necessary to understand and manage emotions.

Little Vet School CAT

Grade Level **PK-5** Day **Mon** Time **4:15-5:15** Min/Max **6/12**

Course Description

Little Veterinarian School® encourages elementary school children to role play and explore the exciting world of veterinarians. Using interactive demonstrations, crafts and games, kids learn how to take care of a pet and use instruments that real veterinarians use. Each student will take home their own stuffed animal cat that they will adopt along with exam forms, handmade cat toys and so much more!

Teacher Description

Teacher Description

VIVO Professional Music School Houston takes pride in offering the most professional music education in Houston with a comprehensive education for students of all ages. At VIVO, we seek not just to provide instruction, but also to create a musical community for our students. Feel free to visit our website: <http://VIVOSchoolhouston.com>

Manga Animation

Grade Level **6-8** Day **Tues** Time **4:15-5:15** Min/Max **8/20**

Course Description

Manga is a Japanese Animation Style that is characterized by a unique drawing style of the human anatomy. This course teaches lessons that will allow students the fundamentals of this art form. They will create illustrations that will progressively increase in complexity.

Teacher Description

The Monart school of art has been serving Houston for over 8 years. We pride ourselves in teaching free hand drawing with a progressive and unique step-by-step drawing curriculum. Monart teachers have been trained in the "Monart" methodology, which was founded by Ms. Mona Brooks, the author of teaching children how to draw; our core strength is that children learn how to break down any image into simple elements and draw them independently. Along with excellent art skills, they have a passion to teach. They are patient and work well with all students to help them overcome their difficulties.

Outdoor Sports (K-5)

Grade Level **K-5** Day **Thur** Time **4:15-5:15** Min/Max **8/15**

Course Description

In this class a variety of outdoor sports such as Fun Flag Football, Softball/Baseball, Soccer and Basketball will be taught.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

Painting on Canvas

Grade Level **PK-5** Day **Thur** Time **4:15-5:15** Min/Max **6/15**

Course Description

In this Painting on Canvas for beginners, students will mainly focus on the color. The color wheel will be introduced, students will learn the relationship between colors, how they should be mixed in order to create the different colors we see in nature. Students will become observers of nature and inanimate objects to discover shades of colors, light and shadows. They will exercise different strokes and from the first class they will learn how to reproduce in their own canvas different kind of painting according to their level. Famous paintings will be observed in detail guided by the teacher's questions. Students will be challenged to express freely their ideas through colors and shapes and then they will paint their own canvas. Painting on Canvas for beginners is a great introductory course to Art.

Teacher Description

Coloquia is a Houston based company formed in early 2003. Our mission is to provide outstanding training programs for school, corporations, and individuals, facilitating the interaction of cultures from all over the world. Coloquia's instructors are multi-lingual and multi-cultural ensuring the students get exposed to a great diversity of cultural influences in the process of learning. All our instructors are professionals who have undergone extensive training in the methods of teaching.

Public Speaking

Grade Level **2-5** Day **Fri** Time **4:15-5:15** Min/Max **6/15**

Course Description

The objective of this class is to teach students at different comfort levels how to become more clear, confident, and effective speakers. Public speaking class, in this setting, will involve students delivering speeches in front of their classmates (audience). The goal for this class is for students to know how to deliver a speech, become more knowledgeable about persuasive techniques such as eye contact, vocal projection, and body language, as well as enhance their articulation, listening, critical thinking, and social skills with peers.

Teacher Description

Coloquia is a Houston based company formed in early 2003. Our mission is to provide outstanding training programs for school, corporations, and individuals, facilitating the interaction of cultures from all over the world. Coloquia's instructors are multi-lingual and multi-cultural ensuring the students get exposed to a great diversity of cultural influences in the process of learning. All our instructors are professionals who have undergone extensive training in the methods of teaching.

Sculpture & Clay (1-5)

Grade Level **1-5**

Day **Mon**

Time **4:15-5:15**

Min/Max **5/10**

Course Description

Sculpture and Clay - Students will gain experience working with basic three-dimensional materials, such as clay and wood, paper, metals, and fiber. Upon completion of this course, students should be able to effectively manipulate multiple materials and create interesting and unique solutions to the inherent variations of sculpture and pottery. This class is designed to cultivate the students' creative instinct, fine motor skills, visual artistry and creating something from idea to finished state.

Teacher Description

City ArtWorks engages trained art instructors to teach their ArtSmart program. The lesson plans are age-appropriate, theme-based, and change periodically from semester to semester. City ArtWorks is a nonprofit arts education organization based in Houston since 1982. Their programs serve approximately 50 elementary and middle schools in five school districts in the greater Houston area.

Soccer Clinics/Footskills (2-5)

Grade Level **2-5**

Day **Wed**

Time **4:15-5:15**

Min/Max **8/15**

Course Description

This class teaches the students the game of soccer and gives them an understanding of the rules. It helps them develop fundamental skills needed in the game as well as adding a good form of exercise to their day. Technique is emphasized more as the student learns to master more difficult maneuvers. The challenge and excitement of the games keeps learning fun! Soccer will help the students better their foot skills, balance, coordination, agility, and most importantly, their team work skills. Main topics in Soccer Clinics (dribbling, passing, footskills, turning, shooting) confidence on the ball.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

Soccer Clinics/Footskills (6-8)

VEX IQ - Robotics Academy (3-5)

Grade Level **3-5** Day **Fri** Time **4:15-5:15** Min/Max **8/20**

Course Description

Experience the thrill of COMPETITION! Try out the VEX IQ Challenge - RINGMASTER at Engineering For Kid's VEX IQ Robotics Academy! This robotics platform is designed to be simple and easy for students new to robotics, yet flexible and powerful to allow for a wide range of exploration in all aspects of STEM. A variety of gears, wheels and other assemblies allow for complete mechanical customization of VEX™ IQ robots. There will be programming challenges using RobotC (based on the computer programming language C). EFK coaches will help guide students to begin building robots capable of competing in school-year VEX™ IQ competitions. Any robotics experience is an asset, but no prior VEX™ IQ experience is necessary. This is not an official team. If interested in forming a competing team, please reach out to EFK.

More about The VEX IQ Challenge: presented by the Robotics Education & Competition Foundation, provides elementary and middle school students with exciting, open-ended robotics and research project challenges that enhance their science, technology, engineering, and mathematics (STEM) skills through hands-on, student-centered learning. The VEX IQ Challenge fosters student development of the teamwork, critical thinking, project management, and communication skills required to prepare them to become the next generation of innovators and problem solvers. Tuition fee already includes the supply fee!

Teacher Description

Engineering For Kids, Greater Houston Area owners are parents with degrees and real-world experience in engineering, science, and teaching, looking to make a difference in your child's life by exposing them to the World of Engineering and Making STEM Careers Come Alive! Engineering For Kids is an educational brain sport, offering high interest, hands-on, brains-on courses! Your children will further develop their critical thinking and problem solving skills at such a young age. We build engineers, not just robots. For additional information, including owner and instructor bios, please visit www.engineeringforkids.com/GreaterHouston

Voice (Private) @ Tu4:15 6-8

Grade Level **6-8**

Day **Tues**

Time **4:15-4:45**

Min/Max **1/1**

Course Description

In this class, the ultimate goal is to give students performance opportunities. For this to happen, students must feel confident. Therefore, the steps we will take for students to feel confident in their singing, is by the instructor setting up the classes as follows: Students will be taught warm up & breathing techniques, allow for practicing long glissando (sirens), ear-training so they can match their pitch with piano notes, teach scales and intervals, work on vowels, tone and open throat techniques. **NOTE: 1 Music Book is included in the cost of the class. In addition, make ups are scheduled only when an instructor is unable to teach a lesson.**

Teacher Description

VIVO Professional Music School Houston takes pride in offering the most professional music education in Houston with a comprehensive education for students of all ages. At VIVO, we seek not just to provide instruction, but also to create a musical community for our students. Feel free to visit our website: <http://VIVOSchoolhouston.com>

Therefore, the steps we will take for students to feel confident in their singing, is by the instructor setting up the classes as follows: Students will be taught warm up & breathing techniques, allow for practicing long glissando (sirens), ear-training so they can match their pitch with piano notes, teach scales and intervals, work on vowels, tone and open throat techniques. **NOTE: 1 Music Book is included in the cost of the class. In addition, make ups are scheduled only when an instructor is unable to teach a lesson.**

Teacher Description

VIVO Professional Music School Houston takes pride in offering the most professional music education in Houston with a comprehensive education for students of all ages. At VIVO, we seek not just to provide instruction, but also to create a musical community for our students. Feel free to visit our website: <http://VIVOSchoolhouston.com>

Voice (Private) @ W5:25 K-5

Grade Level K-5 Day Wed Time 5:25-5:55 Min/Max 1/1

Course Description

In this class, the ultimate goal is to give students performance opportunities. For this to happen, students must feel confident. Therefore, the steps we will take for students to feel confident in their singing, is by the instructor setting up the classes as follows: Students will be taught warm up & breathing techniques, allow for practicing long glissando (sirens), ear-training so they can match their pitch with piano notes, teach scales and intervals, work on vowels, tone and open throat techniques. **NOTE: 1 Music Book is included in the cost of the class. In addition, make ups are scheduled only when an instructor is unable to teach a lesson.**

Yoga for Kids (6-8)

Grade Level **6-8** Day **Wed** Time **5:20-6:20** Min/Max **8/15**

Course Description

Yoga for children is full of very fun lessons integrating a mix of yoga poses (Asanas), games and improvisation where the goals are:

- to have a positive effect on the academic achievement, general health, personal attributes, and relationships of students.
- that each class is accompanied by other elements such as music and games.
- to learn techniques for self-health, relaxation, and inner fulfillment. Yoga at an early age encourages self-esteem and body awareness.
- to enhance flexibility, strength and coordination. In addition, their concentration and sense of calmness and breath awareness improves.
- to use improvisation, animal adaptations, story telling and visualizations for a more fun and dynamic lesson.
- to think of our self as a facilitator rather than a teacher.
- to have fun, feel good and remember to enjoy the moment.

Teacher Description

Mini Star's focus is on developing skills directed toward the sport/fitness class they are engaging in. The challenge and excitement of playing games keeps the learning fun. As they are having fun, the students are introduced to the rules of the sport/fitness class they are engaged in.

Yoga for Kids (PK-5)

Grade Level **PK-5** Day **Wed** Time **4:15-5:15** Min/Max **8/15**

Young Picassos: Express Yourself

Grade Level **K-5** Day **Fri** Time **4:15-5:15** Min/Max **8/12**

Course Description

Young Picassos: Express Yourself! teaches students how to express themselves visually using art! Students will learn how to cultivate their inner artist and lead creative lives. Each class designed to promote compassion, creativity, and socio-emotional growth. Students will develop their self-esteem while learning how to paint, sculpt, and draw!

Teacher Description

Young Picassos™ was founded in 2011 by Angelina Rodriguez, a licensed Psychotherapist, certified art therapist, and professional artist. The Young Picassos art program is designed to promote compassion, creativity, and socio-emotional growth in children. Each class incorporates Social and Emotional Learning (SEL) to teach children the skills necessary to understand and manage emotions.

Young Picassos: Freedom to Create (6-8)

Grade Level **6-8** Day **Wed** Time **4:15-5:15** Min/Max **8/10**

Course Description

Young Picassos: Freedom to Create gives students the opportunity to create without fear or shame. In each class, students will learn a new art technique that encourages self reflection and develops resilience. Students will leave class inspired and prepared for an ever changing world.
