

## MIMS ASP SchoolPay begins NOW!

As a convenience to you, SchoolPay is set up for you to submit your payments online via a credit card.

\*\*\*Note that SchoolPay charges their customers a convenience fee. This convenience fee covers the costs of your transactions. Visa, Mastercard, and Discover charge a fee each time a transaction is processed. In addition, the district is charged a fee for using the software. MIMS does not receive any form of payment from the convenience fee assessed to you.

You are still welcomed to submit your payments via check/money order. However, due to parent requesting an easier payment method, we have set up SchoolPay.

The link for payments is:

At the time you submit your payment, SchoolPay sends you an automated email verifying your payment via a receipt.

Thank you!
