## Specially Designed Instruction

**April 13**

**2:00-3:30**

**Course #1443832**

**Session #1815392**

Participants will explore Specially Designed Instruction (SDI) and how it can be used to address the unique needs of students that result from the child's disability; and to ensure access to the general curriculum, so that he or she can meet the educational standards adopted by the state. If you are looking for "the way" to instruct students with disabilities to ensure you are addressing their skill deficits as well as teaching grade-level standards, this is the session for you!

## The Power of Two: Co-Teach

### Facilitation

**April 14**

**2:00-3:30**

**Course #1448195**

**Session #1816401**

Participants will gain a clear understanding of the roles of both special education and general education teachers and the benefits of Co-Teaching and Support Facilitation

## Professional Learning Communities for Specialized Services - Student

### Learning Outcomes

**April 15**

**3:00-3:45**

**Course #1449018**

**Session #1815205**

Participants will actively share best practices to achieve student readiness by discussing pre-assessment activities that their students can complete to identify where they are in relation to the intended target.

The OSES has developed several sessions that examine specific strategies that support students with disabilities and ways to instruct them to ensure you are addressing their skill deficits as well as teaching grade-level standards.
