2021 Collegiate Scholarship Application

The Port of Houston Partners in Maritime Education is designed to inform and educate Houston area students about career opportunities in the maritime industry, and to institute and promote maritime educational programs in area school districts that will create a conduit from public school through college for bringing young people into a broad array of maritime careers.

The Port of Houston Partners in Maritime Education Collegiate Scholarship Recipients are students who are seeking Associate or Bachelor's degree in Marine STEM (Science, Technology, Engineering, and Math), Maritime Administration, Global Supply Chain, Logistics, Transportation, Distribution, or other related Maritime fields of study and have demonstrated leadership, academic excellence, and community stewardship. Scholarship Recipients are required to be full-time students at a college or university and maintain a minimum 2.5 G.P.A.

The awards will be disbursed in two allotments: one in the Fall semester and one in the Spring semester.

IMPORTANT DATES TO REMEMBER

May 7, 2021	Application Deadline
June 1, 2021	Selection Notification

GENERAL SCHOLARSHIP REQUIREMENTS & GUIDELINES

ELIGIBILITY REQUIREMENTS:

To be eligible to apply for, or to be awarded a Scholarship, an applicant must be:

1. A citizen or resident of the United States. If the applicant's transcript reflects a place of birth other than the United States, appropriate proof of citizenship must be furnished (i.e., a copy of the photo page of a valid U. S. passport, a copy of Naturalization Certificate or a birth certificate for U. S. Citizen Born Abroad). Applications submitted without proof of citizenship will not be considered.
2. A permanent resident of Houston and or the surrounding Gulf Coast region.
3. A graduating Senior at a local Public or Private High School.

...Continue reading pp. 6-10 in this bulletin for more details/instructions on the scholarship application.
To complete, print pages 5-10 and see submission options on page 10.

2021 Collegiate Scholarship Application

4. A current Senior in High School, graduating in June 2020, that will be pursuing a degree in the Marine STEM (Science, Technology, Engineering, and Math), Maritime Logistic, Transportation, Distribution, or other related Maritime fields of study.

*** OR ***

A current student at a Community College and or University currently pursuing a degree in the Marine STEM (Science, Technology, Engineering, and Math), Maritime Logistic, Transportation, Distribution, or other related Maritime fields of study.

5. A current G.P.A. of 2.5; Provide verification of GPA at the completion of the current semester.
6. Provide two letters of reference.
7. Deadline for application to be postmarked **Friday, May 7, 2021**.

GUIDELINES:

Selection Criteria: Applicants will be judged with equal emphasis on (1) educational preparation of candidate, (2) desire of the candidate to attend, (3) community and/or civic involvement, (4) financial need and (5) content and completeness of application.

Selection Process: Winners will be selected by the Port of Houston Partners in Maritime Education Scholarship Committee. Top candidates will be selected based on written applications. If necessary, interviews will be conducted to finalize recipients.

Confidentiality: All information submitted by the applicant will be held in strict confidence by the scholarship committee and used only with the prior consent of the applicant.

Award Winners: The scholarship is not transferable and may not be sold or used by anyone other than the applicant. The scholarship will be awarded to the selected students upon presentation of an acceptance letter from the intended university or college. Half of the scholarship money will be applied to the Fall semester and the remaining half will be applied to the Spring semester. Additionally, all awardees will be required to participate in a Port of Houston Partners in Maritime Education event during the awarded school year.

Applicant Name: _____

CERTIFICATION BY APPLICANT AND AUTHORIZATION FOR VERIFICATION

I hereby certify that the statements contained in this application are true, accurate and complete and that I presently meet all eligibility requirements set forth in this application. (Note: Any false statement in this application shall constitute grounds for revocation or withdrawal of any awarded scholarship.)

If selected to receive a Port of Houston Partners in Maritime Education Scholarship, I understand I am expected to enroll in an accredited college or university in the State of Texas.

I have read and fully understand the eligibility and guidelines for the Port of Houston Partners in Maritime Education Scholars Program. I understand that if I do not attend an accredited Texas college or university, I will forfeit my scholarship award. I also understand that if I do not maintain a 2.5 G.P.A. and full-time status, my Spring semester award will be forfeited.

I hereby authorize any person, firm, school or entity to release to the Port of Houston Partners in Maritime Education Scholars Program, or their authorized representatives, information concerning the subject matter of the statements I have made in this application, including, but not limited to, information concerning my current and future academic records and status (both high school and college), activities, honors and awards, citizenship, residency, and financial situation (specifically including all financial aid). If selected as a recipient, a copy of this authorization is agreed by the undersigned to have the same effect and force as the original. Any person, firm, school, or entity releasing matters pursuant to this authorization is hereby absolved from any liability.

The undersigned GRANTS PERMISSION to be PHOTOGRAPHED or INTERVIEWED in connection with this application or any potential award of the Port of Houston Partners in Maritime Education Scholarship. The undersigned understands that any such photograph or interview may be used by the Port of Houston Partners in Maritime Education, or their authorized representatives in television, film, visual, graphic, electronic, printed, or other media. The undersigned agrees to RELEASE, INDEMNIFY and HOLD HARMLESS the Port of Houston Partners in Maritime Education with respect to any and all claims related to the usage of such photographs or interviews by the Port of Houston Partners in Maritime Education or any other media.

TAKE ACTION

SUPPORT THE HVAC-R WORKFORCE THROUGH THE JOBS ACT

Take action for the HVAC-R Workforce. Support Bipartisan JOBS Act.

Dear CTE Teachers:

Please [take a moment to support](#) the HVAC-R workforce by urging your representatives in Congress to cosponsor the Jumpstart Our Businesses by Supporting Students (JOBS) Act (S. 864/H.R. 2037). This bipartisan, bicameral legislation increases the flexibility of Pell Grants by extending eligibility to short-term job training programs which are in high demand.

As you likely know, the skilled trades face a growing labor gap. The HVACR industry is no exception. It is estimated that 115,000 positions will need to be filled in our industry alone over the next 5 years. The short-term credentials highlighted in this bill can dramatically increase earning potential and help stem this labor gap, while also offering a significantly lower barrier to entry than a 4-year degree.

Please take a moment to let your representatives know why they need to support this important legislation that will help strengthen the HVAC-R workforce.

Sincerely,

Chris Czarnecki
Government Relations Manager
Air Conditioning Contractors of America

4 Sessions (10 PD Units):

April 21st, April 28th, and May 5th from 6:00pm - 7:30pm CST

May 26th from 6:00pm - 7:00pm CST

About this Event

Become a local JASON Trainer in your school or district!

Gain access to JASON's district trainer digital library of training resources, facilitation strategies, and best practices for both in-person and remote teaching and learning.

Serve as an ambassador between JASON and your district or school.

Strengthen and expand the opportunities for engaging students, teachers, and the community in STEM.

Connect with a network of district JASON trainers from across the country to learn and share new and best practices.

Access instructional resources and strategies aligned with ISTE standards.

The Train-the-Trainer program includes a total of 7.0 hours of synchronous programming with additional asynchronous components.

Parenting and Paternity Awareness (PAPA) Training

(Health, CTE, Counselors, School Nurse, PE) - *virtual*

In 2007, the 80th Legislature passed House Bill 2176 mandating **THE STATE BOARD OF EDUCATION** and **THE OFFICE OF THE ATTORNEY GENERAL** to develop a parenting and paternity awareness program. Because of this mandate, the P.A.P.A. curriculum was developed for school districts to provide in health class.

Since the health classes are not required by the state and may not be offered to secondary students at every high school, we are receiving guidance that this curriculum can be incorporated into FCS and Health Science classes in addition to providing this training and curriculum to counselors and the school nurse.

Auditorium Dedication Ceremony and "THE VISION" Community Statue Project

DATE: Saturday, April 24, 2021
TIME: 10:00 am – 12:00 pm
PLACE: Booker T. Washington High School and the High School for the Engineering Professions
REGARDING: Auditorium Dedication Ceremony in recognition of the Honorable Senfronia Thompson and "THE VISION" Community Statue Project: Groundbreaking Ceremony

The auditorium dedication ceremony will be held in recognition of the Honorable Senfronia Thompson, District 141. Ms. Thompson is a State Representative and a Booker T. Washington High School Alumna. Throughout her illustrious career, she has proven her commitment to those less fortunate with her tireless fight for justice, equality and opportunity for all. As a result of her many accomplishments, she has been inducted into the Texas Women's Hall of Fame. This ceremony is meant to pay homage to the legacy that alumni, like Ms. Thompson, continue to hold on to and strengthen even after they have successfully matriculated through Washington High School. In addition to her contributions to the community, she also gives back to her alma mater; Ms. Thompson believed in our mission and was the first supporter of "THE VISION" project.

In an effort, to help memorialize our rich history, the Booker T. Washington High School Leadership Academy has initiated "THE VISION" Community Statue Project. This project includes the erection of a statue of Booker T. Washington and the construction of the Community Plaza. "THE VISION" will provide an additional source for food in the community, a serene place for families to visit, a safe environment to exercise and a memorial for one of the greatest educators in African American history. Under the direction of Dr. Carlos Phillips, II, the Principal of Booker T. Washington High School, the Student Leadership Team has been assembled to help bring "THE VISION" Community Statue Project to life, locally and internationally. "THE VISION" Community Statue Project reflects the innovative elements of Science, Technology, Engineering, Arts and Mathematics (STEAM). The proposed historical statue, designed by famed sculptor Bridgette Mongeon, will be the fifth statue of an African American in Houston, Texas.

"THE VISION" Community Statue Project is building momentum and will have a great impact on our community. Join us Saturday, April 24th, 2021, as we celebrate the Honorable Senfronia Thompson and break ground to kick off "THE VISION" campaign. Your financial support will help us to continue to provide unique experiences that will stimulate the minds of our youth and enhance the spirit of our community. Please visit us at www.houstonisd.org/page/188446 to support our mission. For additional questions, please contact:

OPEN POSITIONS!

Production Operator

Hours: 20 (may increase with time)

Type: Part-time

Pay: \$12.50/hr.

Commitment: April 2021 - End of June 2021 (may stretch through summer)

In your capacity as a Production Operator, you will perform duties and responsibilities that are reasonable and consistent with such position, including but not limited to:

- Build, assemble, package, and ship [Career Kits](#) to students
- Conduct quality control on finished products and inventory materials
- Provide regular feedback on how to improve the Career Kit production process
- Assist [BridgeYear team](#) in other office and warehouse needs

You will report directly to the Manufacturing Coordinator, currently Evelyn Melgar, or another individual designated by BridgeYear's Program Manager. You agree to devote your full business time, attention, and best efforts to the performance of your duties and to the furtherance of BridgeYear's interests.

In consideration of your services, as a Production Operator, you will be paid on an hourly basis at the rate of \$12.50 per hour, payable bi-weekly in accordance with the standard payroll practices of BridgeYear and subject to all withholdings and deductions as required by law.

Interested? Email your resume to evelyn@bridge-year.org.

Know someone who would be a good fit? Email evelyn@bridge-year.org with their contact information (name, number, email address).

ATTN: Computer Science, Technology, STEM, and ALL Interested in Coding!

The Logo Summer Institute is a workshop in creative computing for ALL teachers and grade levels, parents, and technology integrators. It offers an opportunity to explore constructionist technologies and programmable learning environments.

For more than 40 years, The Logo Summer Institutes have offered a relaxed atmosphere with small groups of colleagues and a great deal of personal attention from experienced workshop leaders. Last year this annual workshop was transformed into a virtual experience, conducted via Zoom and online discussion groups.

Learn to code as you explore and create projects using Scratch, Makey Makey, micro:bit, Hummingbird, Finch and a variety of other hardware and software platforms.

The fundamentals of the Logo Summer Institute:

- a project-based approach that supports computational thinking, and STEAM learning and teaching.
- an individualized program that accommodates novices as well as more experienced participants, teachers of different subjects, those who teach in after-school programs and other informal settings as well as in classrooms, and teachers who are currently working in virtual classrooms.
- a model of how to organize teaching and curriculum; this year with an emphasis on remote teaching and learning strategies.

For purposes of the Vocational Rehabilitation program, the Federal Vocational Rehabilitation grant pays 78.7 percent of the total costs of the program. In Federal fiscal year 2020, the Vocational Rehabilitation agency anticipates receiving \$287,666,847 in Federal Vocational Rehabilitation funds. Funds appropriated by the State pay 21.3 percent of the total costs (\$77,856,466) under the Vocational Rehabilitation program.

For purposes of the Supported Employment program, Federal funds paid 90 percent of the total costs. In Federal fiscal year 2020, the Vocational Rehabilitation agency received \$1,446,266 in Federal Supported Employment funds. State appropriated funds paid 10 percent (\$80,348) of the total costs under the Supported Employment program.

NCCER Announcement Regarding Retesting - Free Retesting Starts June 1st, 2021

To update and enhance the rigor and relevance of NCCER's module testing item banks, we have hired a psychometric testing firm to evaluate and write new questions.

In order to protect the integrity of these new questions, we are helping our network transition to the NCCER online Testing System.

Utilizing online testing reduces the chance of these new items being compromised. This in turn ensures the credibility of the credentials.

To reduce the cost impact of this transition for our network, NCCER will no longer charge for retests starting June 1st, 2021. Just another reminder that online testing becomes mandatory on August 1st, 2021.

To get started using the Testing System, get onboarded today.
Check out training options [here](#).
