

# DONATION DRIVE

In light of the disastrous aftermath of Hurricane Harvey, Fondren Middle School will be implementing The Fondren Pantry initiative. This year-long initiative will serve as a community pantry for our students and families, who were directly impacted by flooding caused by Hurricane Harvey. The pantry will be located on our campus and will be open once a week.

Our goal is to ensure all students have access to adequate food, toiletries, uniforms, and school supplies which are needed in order for them to have a successful school year. Thank you in advance for your time and donation to such as worthy cause!

## WE'RE COLLECTING
