IMPORTANT NOTICE FOR PRIVATE NONPROFIT SCHOOLS WITHIN HISD BOUNDARIES

Dear Administrators of Private Nonprofit Schools:

The Houston Independent School District hereby notifies all private nonprofit school administrators to contact the district immediately regarding assistance that your school may be eligible to receive from the Coronavirus Aid, Relief, and Economic Security (CARES) Act. However to participate with HISD for help with allowable pandemic-related expenses, the private nonprofit school must be physically located within the HISD attendance boundaries.

The CARES Act gives education providers, students and families, educators and schools direct and specific relief needed to continue the education process as our nation confronts an unprecedented public health emergency.

Administrators of private nonprofit schools located within HISD attendance boundaries should contact Carla Lewis, HISD Grants Administrator, External Funding Department by email at cholmes2@houstonisd.org if interested in participating with HISD as a recipient of equitable services under the CARES Act.

The deadline to respond is Thursday, June 4, 2020.
