

National Society of Black Engineers (NSBE) Fresh Start STEM Program Sponsored *by* Hewlett-Packard (HP)

WHEN: October 4, 2021

TIME: 11am - 12pm (morning)

TIME: 3pm - 4pm (afternoon)

AUDIENCE: 3rd-12th Grade Teachers & Administrators

WHERE: *Virtual, Microsoft Teams*

Summary/Description: NSBE Fresh Start STEM program consists of interactive workshops that creatively engage students, ranging from 3rd to 12th grade, to explore the many different disciplines in the field of engineering. The main goal of NSBE Fresh Start is to motivate students to set academic goals in science, technology, engineering and mathematics. Learn about how our NSBE Fresh Start program is run and the benefits for students to attend.

Register HISD OneSource #1461003
